LIFE AND DEATH

(Ernest Crosby)

So he died for his faith. That is not the end.
More than most of us do.
That say, can you add to that line
That he lived for it too
In his death he bore witness at last
As a martyr to the truth.
He has his life for a gain in the
past
From the days of his youth?
It is easy to die. Men have died
To gain wish or a whim—
Fools, bravado or passion or
pride—
Was it harder for him?
But to live—every day live out
All the truth that he dreamt,
While his friends met his conduct
with doubt
And the world with contempt.
Was it thus that he plodded
ahead,
Never turning aside?
Then we will talk of the life that he
lived.
Never mind how he died.

PRATHER HALL

The things of time and sense, which fade away and perish some day are given far too great a value by the masses. It is the unspeakable folly of most men and women, that they devote more thought, time and effort to the securing of the wealth of this world than of the next, and they pay more attention to the body than to the spirit, and to the things of time rather than to the future. The life and body came from God in the first place and that apart from our care. Will He not furnish the food and clothing? Our aim and endeavor should be, to be rich toward God; that is, to be rich in faith. Un belief lies at the bottom of all our anxiety. If we had a sufficient faith, we would have no distressing care. Observers in Israel composed the "little flock," and Jehovah or Jesus, was their Shepherd. Ezek. 34: 17, 30, 31—36: 37.

Believers in Christ of the present dispensation of grace shall be rewarded by being fully saved at Christ's coming for His own,—the members of His Body, of which He is head. We cannot be both the "sheep of His flock" and "members of His Body" too.

Warning to Motorists
New Safety Law Effective May 26

YOU MUST HAVE PROTECTION
Or Have Your Driving Rights Suspended!

Condensed Outline Of Newly-Passed SAFETY BILL
Enacted By Legislature

IT COSTS SO LITTLE TO BE PROTECTED!

The act provides that any motorist who fails to satisfy, within 30 days, any judgment, which is the outcome of an automobile accident, causing the injury or death to any person, or property damage, will forfeit his right to drive or register any motor vehicle. If the motorist does not voluntarily surrender the driver's license and registration plates, a peace officer will be directed to secure them.

For the purpose of this law, a judgment shall be considered satisfied, if $5,000 is paid in case of one person injured; $10,000 in the case of more than one person injured (subject to the limit of $5,000 per person) or $1,000 in case of material damage to the property of others, whenever a judgment shall be in excess of these respective amounts. This does not lessen in any way, however, the plaintiff's right of civil action to recover the total amount decreed.

In addition to paying the judgment the defendant motorist must also furnish satisfactory evidence of his financial ability to respond in damages to any future accident he which he may be held legally accountable.

Further, any motorist whose Kentucky driving license or registration certificate has been suspended for any cause, must prove his financial responsibility before he is again permitted to operate or register any motor vehicle.

This important new law applies not only to Kentucky residents, but to non-residents as well, and furthermore this law is effective as regards Kentucky motorists wherever an accident occurs, and resultant suit is brought.

Immediately upon receipt of any such final judgment rendered in the United States or Canada, the commissioner of motor vehicles in Kentucky shall immediately suspend the defendant's Kentucky driving license and registration certificate.
