THE VILLAGES

(Author Unknown)

I cannot hope that Sorrow's feet forever and a day

Will pass my little House of Love where latticed sunbeams play.

But when she lays her hand at last upon the swinging latch,

And steps where happy years have smiled beneath our spring-sweet thatch,

Grant me, oh God, this heartfelt prayer, that somewhere I may be

The little, small-town sympathy may fold and comfort me.

The little small-town sympathy that runs across the fields,

In blue-checked aprons, and with floue upon its hands,

That bakes, and mows, and sweeps, and dusts, that wakes-ful serves and shields,

The little small-town sympathy that knows and understands.

Thy cities, God, are builded high with carven stone on stone,

But hearts may ache and lives may droop unheeded and alone,

And souls may dwell unknown, unloved, a single wall between—

Not so the quiet home-sweet lives that fringe the village green

Let others reap their splendors, Lord, but give instead to me

The homely round of living bent with small-town sympathy.

The little, small-town sympathy that steals on neighbor feet

From tiny hinged houses down a friendly village street,

That lends its strength on fear, that shares the common joy or woe,

That knows and understands.

Thy cities, God, are builded

And Jesus chose upon the wedding feast at the beginning of a long and happy married life, to perform one of many stones in the road over which so many stumble. The minister has been preparing this message for a quarter of a century and will be able to tell the way of married happiness. Special seats will be reserved for all who have been married in the month of April. Gifts to the couple married the longest, and the latest.

Fifth Sunday fellowship meeting of Nicholas County Christian churches will be held at Moorefield at 2:30 p. m. Sunday. Dr. Arthur Braden, speaker.

PRATHER HALL

Let us remember that the words of our lesson were addressed to the Jews and not to the Gentiles. Such a message is not addressed to the Gentiles, nor is this a message for the present dispensation of grace. The Lord urged upon His Jewish hearers the importance and necessity for earnest effort to enter into their present privileges of entering into the Kingdom by accepting Him as their King and Messiah.

The parable of the mustard seed growing into a tree, represents an abnormal growth. It represents Christianity developing into a powerful world institution and becoming the lodging place of all the fowls of the air, which typifies Satan and Satan-ruled beings. Christendom has reached an abnormal growth, and has become the shelter of all kinds of wicked and ungodly men. But it is to be noted that the growth of the Kingdom does not mean the growth of the Church of Jesus Christ. They are two separate and distinct institutions, and are expressed by two different and distinct words in the original Greek Scriptures. It simply means the growth of professing Christianity. It is the abnormal growth of Christendom into a world institution, reigning independent of the Lord Jesus Christ, therefore, unfaithful to Him. The professing church has failed in her responsibility in respect to the doctrines of Christ. She has also failed to stand with the leaven of formalism, ritualism and worldliness, and the leaven is rapidly leavening the whole lump.
