Carter Man Confesses To Poisoning Child

Everett Sparks, 44, Thursday confessed to Carter county authorities at Olive Hill that he poisoned his 4-year-old daughter Jessie Mae of his first wife. Mildred Sparks, to please his second wife, Nellie, 30, and keep her from sending him as she threatened.

Both Sparks and his present wife were lodged in jail at Olive Hill awaiting arraignment on charges of murder. County Attorney J. R. McGill said he believed the couple guilty of the murder and would ask the grand jury to indict them jointly.

Sparks, in his confession, told officers he bought some arsenic at a drug store in Olive Hill on October 22 and put it in the sweet milk of the child. She became sick and died on the following day. Two days later it is said she was buried without a death certificate. Carter county officials started an investigation when they heard reports regarding the suspicious death of the child. A coroner's jury of no effort was made to obtain a physician and they were excused from the home. The child's mother died about a year ago and Sparks remarried in July. Mildred had been unable to walk since birth.

State's Report Shows Sales Gain Of 48 Pct.

Wholesale sales in Kentucky during 1935 showed a gain of 48 per cent over 1934 figures, data for which comparative statistics are available, a preliminary report by the Department of Commerce, Bureau of the Census, made public by the commerce office in Louisville Monday, shows.

In 1935 there were 2,050 wholesale establishments in the state with net sales totalling $377,445,000 during the year. In 1933 there were 2,001 wholesale establishments with sales totaling $255,260,000. Net sales during 1935 were the highest recorded since 1929 per cent. The report says changes in prices have not been taken as yet into account, but will be in the 1939 report.

The average number of employes increased from 15,829 in 1935 to 16,817 in 1935, a gain of 2 per cent. Payroll gains from 1933 to 1935 totalled $16,172,000 or 15 per cent. Analysis of the classes of employes showed that payments to persons engaged in full-time work increased 12 per cent, while payments to persons employed part-time decreased 7 per cent. Salaries have not been taken as yet into account, but will be in the 1939 report.

The report shows there are 1,226 active proprietors and firm members engaged in wholesale businesses who are not included in the count of employes, and to whose compensation is not included either.

A final report dealing more fully with the comparison between the two years is anticipated.

Red Cross Ready For Drive For 104,000

A. L. Sayer, national representative of the American Red Cross in Kentucky, who has been touring the Red Cross chapters in the state, has announced that practically all chapters have set up its roll-call organization for the drive for the 104,000 members of the Red Cross.

Each chapter has been given full information of what the Red Cross has done in relieving the distress and suffering caused by floods, tornadoes and other disasters which the Red Cross has provided food, shelter and medical attention as well as doctors and nurses to those in need of assistance.

With the American Red Cross paying back into Kentucky at least one dollar for every dollar collected it has received in rollcall membership in the past few years. Red Cross officials at Washington, and chapters in Kentucky, have asked Mr. Sayer that the goal set is not unreasonable, under the circumstances and that it will be reached by Thanksgiving Day.

The chapters are preparing for an early start Armistice Day and expect to keep up the campaigns in the various counties, towns and cities until every Kentuckian has had an opportunity to have a part in this great work.

Cops, Nurses Weep As Boy Visits Dying Mother

Hard-boiled policemen and nurses at Lexington, brushed tears from their eyes Thursday night when a seven-year-old Jimmie Shaw was carried from St. Joseph's hospital to the bedside of his dying mother, Mrs. Billard Stone, 761 North Upland.

The family physician had left strict orders that Mrs. Stone was not to kiss her son. She held his head in her left hand then gently, his sobbing child was carried back to a room adjoiner and returned to the hospital. He is suffering from tubercular infection of the lungs.

Mrs. Stone, who has tuberculosis, still was alive late Thursday night, but her physician said she could not live much longer. She had expressed a wish to see her boy before she died.

Eighteen football players have been killed this season.

Thirty-four American held winning tickets on Irish Sweepstakes.

Mrs. Irvin S. Cobb is improving after a desperate illness of pneumonia.

ANNUAL RED CROSS ROLL CALL BEGINS IN NICHOLAS TODAY

Legion Auxiliary In Charge Of Membership Campaign For Worthy Cause

MISS BOOTH CHAIRMAN

A year in which great expansion took place in the spreading of public health and home hygiene information and equipment in practice is reported by the American Red Cross in announcing an increase of 25,607 students in Home Hygiene classes for the past year over the number for previous years.

In a statement made yesterday by Miss Gladys Booth, chairman of the Nicholas Chapter of the Red Cross, it was pointed out that 68477 students, young and old, received instruction from Red Cross nurse instructors, while 53,126 persons received certificates upon completion of the full course.

"Our work during the past year has been guided by five aims," Dr. Scudder said. "We attempt to develop the highest type of appreciation of mental and physical health and a desire to build these habits that will safeguard them; to teach fundamental relationships between individual health and cleanliness, sanitation and arrangement of home; to build a public basic understanding of the principles of prevention and control of disease to teach efficient and healthful home care of the more normal problems of the home, and to develop some practical knowledge of how to care for the sick under home conditions and according to physicians' directions."

Dr. Scudder declared that, in line with the Red Cross program of better health for the nation, all nurses must be teachers. Their desire for better teaching preparation he said, is indicated by the fact that 2374 nurses attended the Red Cross teacher training Institutes in all sections of the country.

A large number of chapters of the Red Cross, Dr. Scudder revealed, have participated in a diphtheria immunization project while others have continued pelagra control work, thereby contributing toward ending the pellagra death rate to the lowest level it has been in many years. Other chapters have engaged in oral hygiene projects, introducing public health dentistry in the schools. Malaria control work occupied the attention of chapters in communities where a pernicious type of malaria had for some a serious health problem, still other local organizations of the Red Cross have participated in a program to examine school children's eyes, ears, throats and tuberculosis.

"All this work" Dr. Scudder said, "is supported by the annual Roll Call held each year between November 11th and Thanksgiving Day."

The annual Red Cross Roll Call which is now in progress is not a solicitation for gifts, but is the sale of Membership in Glory.

The dollar membership is an investment in the future of "we," "we" and not "they" shall do these things. The dollar paid shall be associated in the making of that news which flashes from every scene of disaster—the news that sympathy and skill understanding have arrived on the scene as soon as the blow has struck and are building it back to normalcy when there is nothing to lose, without red tape, but with Red Cross efficiency.

We can be remote spectators, or we can be partners and participants. The difference is the expessed wish to be a member, and the dollar membership is.

It is a tremendous value for a dollar. And it represents the difference between personal responsibility and doing for ourselves—and being dependent on someone else to look after us and maintain society for us.

The annual Roll Call of the Red Cross is going forward in Nicholas county now. Have you taken out your Partnership in Glory?

The Women's Auxiliary of the American Legion is in charge of the roll call for Nicholas county this year. Solicitors for the various communities of the county have been named and the campaign will be started today.

VINSON'S MAJORITY 17,716

Congressman Fred M. Vinson was re-elected by a vote of 60,324 votes cast for him to 42,608 for his opponent, W. Hoffman Wood of Mt. Sterling.

Mr. Vinson's majority was 17,716 in the 496 precincts in the district.

All State Warrants Will Be Refinanced

Immediate refinancing of Kentucky's outstanding warrants, amounting to approximately $15,000,000, at a lower rate of interest was agreed on Thursday by state officials at a conference.

The refinancing, which Governor Chandler said would take about three months, will be effected by calling in for payment all outstanding warrants bearing 6 per cent and exchange them for 3 per cent obligations.

Burley Estimate Below Last Year

Government Forecasts Cut Of 2 Per Cent This Year, Other Classes Short

Production of all types of tobacco during 1936 was estimated by the Department of Agriculture Tuesday at 1,162,637,000 pounds, which would be about 10 per cent below the 1935 crop and about 18 per cent below the five-year average, 1928-32.

The average yield per acre was estimated at 790 pounds, compared with the record yield of 902 pounds last year and the ten-year, 1923-32, average of 770 pounds.

Burley production was estimated at 216,622,000, about 2 per cent less than the 1935 crop and about 36 per cent below the five-year average. The department said the drop in burley production outlook was a natural consequence of the drouth.

The production of dark air-cured tobacco was estimated at 26,206,000 pounds, the lowest production since 1926. Production of sun-cured, Type 37, was estimated at 31,020,000 pounds, 7 per cent below 1935 production.

Indicated production in Kentucky as compared with last year's production (in thousands of pounds): 219,110 and 226,718.

State To Aid Fight Against Phone Rates

Governor Chandler announced Friday night that the commonwealth will join with the city in the initiative" in behalf of communities protesting against the proposed new rate structure of the Southern Bell Telephone and Telegraph Company in Kentucky.

The public service commission recently approved a new rating schedule for the company calling for flat rates on the inter-exchange service and for general reductions in flat rates to subscribers. The flat rates were to have gone into effect November 1 but the commission suspended its order following receipt of protests from municipalities and from local governments against the interexchange rate charges.

The refinancing which Governor Chandler said would take about three months, will be effected by calling in for payment all outstanding warrants bearing 6 per cent and exchange them for 3 per cent obligations.

COMPLETE TABULATION

This issue of The Mercury contains a complete summary of the results of the November 3 general election, sent to us following a telephonic compilation of statistics.

This tabulation is especially timely, since it provides the grand climax to America's straw poll mania.

It is the final answer—the real poll by end all polls! We suggest that you save it for later reference.

The tabulation will be found on page three.

ROOSEVELT GIVEN MAJORITY OF 171,514 BY STATE VOTERS

Per Centage Slightly Higher Than In 1932. All Of Congress Reelected

VINSON'S LEAD IS 17,000

President Roosevelt got a slightly higher percentage of Kentucky's votes last Tuesday than he did four years ago, although the total vote was not quite as large, unofficial returns compiled Friday night with the tabulation of Jefferson county revealed.

The total vote gave the President 540,703 or 60 per cent, and Governor Alf M. Landon 369,274 Roosevelt got 580,574 or 59.65 per cent against Herbert Hoover's 394,176 in 1932.

The complete state returns gave Senator M. M. Logan 539,527 to Robert H. Lucas Republican, 365,236. Miles E. O'Connell, for Clerk of the Court of Appeals, received 524,517 and R. Lee Stewart, Republican, received 365,236.

Justice William Rogers Clay Democrat, was elected member of the court of appeals, received 67,296 to 43,575 for his Republican opponent, H. N. Davis.

Rad weather was blamed for the heavy 75,000 fewer votes cast this year than four years ago. The falling off was particularly noted in rural districts.

In the Ninth District, Southeastern Kentucky, withstood the New Deal onslaught. John M. Robsion, Republican, of Barbourville, was re-elected Congressman in the Ninth. George L. Tye, Democrat, of Barbourville, cut in the Democratic majority by which Robsion has been accustomed to carry the district.

Incumbent Democrats represented votes were elected in seven districts. They are:

First, Noble J. Gregory, Second; Emmett O'Neal, Third; E. W. Creal, Fourth; Brent Spence, Fifth; Virgil Chapman, Sixth; A. J. May, Seventh; and John M. Robsion, Eighth.

In the First, Noble J. Gregory, Democrat, was chosen to succeed his brother, W. Voris Gregory, who died last month. The division of eight Democrats and one Republican in the House delegation from Kentucky remained unchanged.
