Tuberculosis And The Christmas Seal

When the Christmas Seal Joined the crusade against tuberculosis in Kentucky, the great white plague was taking 277 out of every hundred thousand lives, and leaving thousands of our people ill with the disease.

Now, after twenty-five years under the banner of this health messenger, our death rate has been reduced to 75 per hundred thousand and each year we see tuberculosis become less of a menace to the lives of our people. Each year our people have more knowledge concerning this great enemy, more interest in it, and are more determined that this disease shall be brought under control.

This is a worthy cause and should have the support of the public spirited and thinking people everywhere. It is time for public prevention to be brought under control.

The Christmas Seal gives an opportunity for the old and young, the rich and poor, to help bear the great burden, and have a share in making Kentucky homes safer for Kentucky children. Do your part, and the battle against our greatest enemy will be won.

Join the crusade of the Christmas Seal. It will begin immediately after Thanksgiving Day.

Springfield Church May Be Disposed Of

The oldest church in Bath county, Kentucky, is about to be sold. The Presbyterian church between Lexington and Flemingsburg may be sold if proposals in certain exclusive clerical circles are carried out.

Last year the church and school sold Gilead Presbyterian church, located between Sharpsburg and Sherburne. The Presbytery has the right to sell any of its churches. Of course, it is not likely that a church where a flourishing work is maintained.

The Presbytery is putting $127 a year in the maintenance of churches in this church and the question has been seriously raised as to whether or not this is being put into a sinkhole.

There were services in this church for a number of years until last year when a Presbyterian was held and money made up for twenty rolls of fencing, the labor to be furnished by the local farmers. Due to weather conditions the fence has not been built although the money is still in hand, in the estate of B. M. Goodson. A revival was held in which fifteen were added to the church. This summer a vacation church school was held.

For the church stands in need of a roof and new sheathing which will cost $150. Plastering the ceiling will cost about $50 more. Last year the church raised $83 for all purposes and the insurance has not all been paid.

4 NICHOLAS COUNTY PEOPLE SUFFERING FROM RABBIT FEVER

Health Department Urges Use Of Gloves In Dressing Of Rabbits

DANGER IS IN DRESSING

Four persons in Nicholas county are suffering with tularemia or rabbit fever, according to reports made to the Nicholas county health department. This is perhaps the largest number of sufferers from the disease reported in any one year in the county, and the large number at the beginning of the hunting season prevents any alarming situation.

Two of the victims are reported seriously ill. The disease, while seldom fatal, is one of long duration. The victims suffer from high fever and chills and a disagreeable sore on the arms.

The disease is contracted by the dressing of rabbits. A small tick in the rabbit's fur may be responsible for the germ spreading to the skin of the human body. House cats and ground squirrels have also been found which carried the tick.

All danger of contracting the disease can be eliminated, authorities. When cooked the danger is eliminated.

Dr. J. W. Scudder, County Health Officer, issues a warning to hunters to use either rubber gloves or leather gloves in the dressing of rabbits. All rabbits do not have the tick, but an appreciable healthy one may be affected.

Rabbits which appear sluggish should not be eaten. Under no circumstances should a rabbit found dead be handled.

One case of scarlet fever and one case of typhoid fever were also reported to the health department this week.

Three Children Burned To Death At Frankfort

Three children were burned to death, another child was seriously burned and the entire household probable total burns in a fire which destroyed the home of Frankfort early last Thursday morning.

The victims were John Sheets, 11, son of Mr. and Mrs. Jamary Sheets; Ralph Hewlett, 6, and his sister, Ruby, 8, nephew and niece of the Sheets family. The children were asleep in an upstairs room in the Sheets home in Frankfort and were suffocated and burned to death. Rescuers were prevented from reaching them by flames which had gained considerable headway before being discovered.

Mrs. Jamary Sheets and her 17-year-old daughter, Olivia, are in a critical condition. Both were received when they attempted to reach the trapped children. Jamary Sheets, the father, received minor burns.

State Labor Body Backs New Deal

Labor's Non-Partisan League in Kentucky, in resolutions announced Tuesday by State Chief, Lexington, its president, reaffirmed its support of the New Deal in the state and nation and formulated objectives of the league for 1937.

The resolutions urged public support of the following:

Passage of the National Child Labor Amendment by the Kentucky Legislature.

Reduction of unemployment and stabilization of employment.

The right of collective bargaining in Kentucky.

Establishment of minimum wage and hour law for women workers in Kentucky.

Support of such other legislation as will best promote the general welfare of the people of Kentucky.

After pointing to its work in behalf of the re-election of President Roosevelt and expressing faith in New Deal leadership, the Non-Partisan League "pledged its unstinting efforts in promoting the objectives outlined in the resolutions."

Move To Oust Dr. Sherwood Is Rejected

A renewed demand that Dr. Bryan Noble Sherwood be forced to resign as president of George-town College was rejected Tuesday by the Georgetown College board of trustees. The demand was presented by the Reverend Mr. Nine, created by the General Association of Kentucky Baptists at its recent meeting at Paducah.

Because the executive committee did not plan to meet and put the matter on the regular session of the full board of the college in March, further demands for Dr. Sherwood's removal are not expected to be made to the association at this time.

The controversy over Dr. Sherwood arose at the General Association's meeting in Henderson two years ago, shortly after Dr. Sherwood became head of the school. Dr. Sherwood was formerly joined, in Indiana, a congregation of the Disciples of Christ, and was ordained as a minister. He became a member of a Baptist church, which accepted his immersion by the Disciples of Christ as sufficient. Some Kentucky Baptists who oppose him believe that he should be baptized again by a Baptist congregation if he is to continue as president of a Baptist college.

LLL Highway In Two Counties To Be Rebuilt

According to announcements made by the Kentucky Highway Department last week, the Falmouth-Cynthiana road will be rebuilt in the near future, says the Falmouth Outlook.

A distance of 8.1 miles in Pendleton county will be rebuilt at a cost of $150,000, and 2.5 miles in Harrison county will be rebuilt at a cost of $70,000. Half of the cost of each project will be paid from federal funds.

When these projects are completed the road from Falmouth to Cynthiana will have been completely rebuilt and straightened, with the route by a few miles.

The Newport-Alexandria road will be rebuilt also, $301,621 having been set aside for 6 miles of road, and $1,500 has been allotted for roadside improvements.

DAMAGE SUIT SETTLED

The suit of "Red" Miles, Mrs. Luther Willoughby, and others of Montgomery county against the Chesapeake & Ohio Railroad, seeking $18,000 as damages caused from an automobile truck being struck by a train at the Camargo Pike crossing at Mt. Sterling on October 10, has been settled out of court. The amount involved in its settlement was not made public, but is believed to have approximated $10,000. DR. CRABB ACCEPTS PRESBYTERIAN CALL TO PASTORATE HERE

Eminence Minister To Begin Duties With Local Church December 20

IS SPLENDID MINISTER

Rev. Cecil V. Crabb, D. D., of Eminence, Ky., has accepted the call of the Carlisle Presbyterian church and will preach his first sermon as pastor on December 20. His family will not move to Carlisle until early in January because of school. The semester in Eminence and Carlisle both begin in January 13th. While awaiting the arrival of his family the pastorage will be substantially improved and a new furnace installed.

Dr. Crabb comes highly recommended and with a good record. The Carlisle church is fortunate in securing the services of such a splendid man and preacher.

Dr. Crabb was pastor of the church at Brownsville, Tennessee, for three years, and of the Clarksville, Mississippi, Presbyterian church for twelve years.

The Carlisle church has been a pastorless one since Rev. H. W. Alexander resigned several weeks ago to become pastor of a church in Frankfort.

Burley Sales Begin Dec. 7

Opening Sale Is To Be Held At Lexington. Crop This Year Below Average

What is expected to prove the most lucrative burley tobacco crop since 1929 will go on sale here less than two weeks, and already Lexington warehousemen are preparing for the sale of a portion of the 1936 crop that will be offered for sale here.

The Lexington market, largest in the burley belt, will begin its sales season on Monday, December 7, with other markets throughout the belt beginning their sales the following day, Fayette county, other markets will be in Lexington for the opening sales, since the prices paid in Lexington are accepted as indicative of the sales peak every season.

This year's crop generally is hardly as good as that of 1935, since it contains more green tip and tip tobaccos, caused by the fact that so much of the crop had to be cut before it had properly matured. The smaller crop this year, however, are of a very useful type and are expected to command good prices.

Validity Of Nicholas Bond Issue Is Upheld

The court of appeals Friday upheld the validity of the $30,000 bond issue proposed by Nicholas county to refund its floating indebtedness. The decision affirms the decision of Judge James C. Dedman, of the Nicholas circuit court.

A friendly suit was instituted in circuit court by J. W. Smith as a taxpayer to test validity of issuing bonds to refund the floating indebtedness at a lower rate of interest. The suit was brought under an enactment of the 1936 legislature, and the bond company required a suit to test its legality.

20,000 Turkeys In County Sold

Most Of Crop Being Held For The Christmas Market Because Of Low Price

It is estimated that approximately 20,000 turkeys produced by Nicholas county people were sold for the Thanksgiving market, which closed Tuesday, although much greater poundage of turkeys were kept for the Christmas market because of the low prices.

Fifteen cents per pound was the highest price paid for any of the turkeys by local buyers, with most of them selling for lower prices.

M. T. Ruddell, manager of the Blue Grass Produce Company, said Tuesday that he had purchased and shipped approximately 10,000 pounds. Purchases by other dealers will be about the same, it is estimated.

Mr. Ruddell said some of the turkeys shipped by his concern this year were the largest he has ever bought. 100 turkeys purchased from Mrs. M. A. Gaines, of the Saltwell section, weighed 1,045 pounds, or an average of approximately 20½ pounds each.

The finest consignment purchased by Mr. Ruddell was that from the DeCheney Turkey Farm of O. C. Rankin. These turkeys weighed a total of 8,811 pounds, or an average of more than twenty pounds each. None of them weighed under 20 pounds and some weighed 33 pounds.

Most of the turkeys in the county are being kept for the Christmas market in the belief that prices will be higher.

Employees Receiving Forms For Social Security Act

Carlisle employes of business concerns Tuesday began receiving application blanks upon which they must apply to the National Social Security Board for identification numbers in connection with the social security program.

Postoffice officials pointed out that it is highly important that employees fill out the application blanks completely, and particular care be taken in giving their correct age. The cards should be filled out on a typewriter or printed in ink, it was said.

After filling out the applications employees may drop them in the mail, return them to the postoffice in person, or give them to their employer. They must be returned by December 1.

Any employer who fails to receive application cards to take care of his employees may obtain them by calling the postoffice, it was said.

CHICKEN FOR PRISONERS

Kentucky's 4,000 convicts probably will fare better on Thanksgiving day than many of the state's free citizens. James Hammond, superintendent of the state reformatory at Frankfort, said the Thanksgiving day dinner in the chaded baked chicken, candied potatoes "and all the trimmings." Prisoners at the Eddyville penitentiary will receive the same fare.
