Till the Soil That Feeds You!

MOTHER EARTH is man's best provider. She produces everything we wear—everything we eat—and everything that shelters us. In brief Mother Earth has made life possible.

So it is with your city and your merchants. Your success is dependent upon their success. You must support them or they will retrograde. You are to them what the plow is to the field.

In other words, sustain your merchants by buying at home. The good will of the buying public is the goal of the modern seller. Without it they cannot exist.

Back up your merchants and you prosper with them. By boosting the "Buy-at-Home" movement you help put your community on the map.
