**Beware Coughs From common cells That Hang On**  
The common cold is the most annoying ailment which afflicts the human race. It is caused by common cells which hang on in the air and are easily inhaled. A single cell can cause a cough, sore throat, and runny nose. It is important to take care of these symptoms immediately to prevent them from becoming more serious.

## To Our Friends and Patrons In Nicholas County

**We Extend Our Greetings and Wish You a Prosperous Tobacco Season**

Our houses are now open and receiving tobacco and it is our honest desire to serve you as we have in the past—may be a little better—as we think we have greatly improved our facilities.

We will receive and unload your tobacco in the order in which it comes; sell it on its own merits, with favors to all, but special privileges to none.

Honest, efficient, courteous treatment is our chief concern. On this and our past record we most respectfully solicit your patronage.

**WE INVITE YOU TO VISIT OUR NEW HOUSE**
