

More Hops For Market Than Expected Earlier

The imported shipment of hops during the 1931-32 marketing season (October through March) probably will be about 12 to 15 per cent greater than in 1930. This increase is due to the fact that the crop was unusually large and the market situation was favorable.

Tobacco Control Bill Discussed

That the tobacco control bill passed at the recent special session of the legislature will be effective this year, has been expressed by legislators and farm names alike.
