**Dr. Reynolds May Enter State Race**

Former Senator And Representative Being Nominally Put In Line For

Dr. H. F. Reynolds, who served as representative from this county and Robertson in the 1930 session of the legislature and as senator in 1932-34, is being mentioned as a possible candidate for the senate in this year's primary. Under the agreement by which each of the four counties in this district takes its turn every four years in furnishing the candidate for state senator, it is Nicholas county's turn this year. It is probable that the sentiment in this county is in favor of retention of this task, although there is yet to be some talk of its abatement. Following the completion of his term as state senator some years ago, Dr. Reynolds was elected to the late James H. Hunt, editor of the Christian Democrat, to run on his record made during the first two years of his term. He was re-elected to the same office in 1932. When asked by a representative of the Mercury if he would make the race, Dr. Reynolds said he had reached no decision as yet. He said he would be glad to make the race if he felt that he had a chance of winning. He said he would be glad to make the race if he felt that he had a chance of winning. He said he would be glad to make the race if he felt that he had a chance of winning.
