Made for Quality Tobacco

From plant to pipe, you desire, you do everything possible to insure tobacco quality. You want light colored, fine textured leaf, so your crop will command the price that prime quality brings. And whether tobacco is grown in America or elsewhere, you know that **Armour's Tobacco Fertilizer** helps to produce that kind of tobacco. They know, too, that the returns for premium tobacco make the right fertilizer a good investment.

The records of results secured with **Armour's Tobacco Fertilizer**, year in and year out, prove they are right. They furnish a complete, balanced ration of the plant food tobacco needs. They stay with the crop, feeding it throughout the growing season and helping early maturity and maximum leaf growth and top quality.

Use **Armour's Turley Tobacco Grower** this year and join the thousands of successful farmers who say:

"USE ARMOUR'S... Make Your Next Crop Better!"

Pioneer Hog Feed
100 pounds will produce more pork than a barrel of corn. The feed is the best and most economical for your pigs.

Turkey Raisers
There is an immense shortage in the turkey hatch this year and all indications point to a short crop with higher prices this winter. Feed your turkeys well at first good and be in prime condition for the Thanksgiving market.
