DR. C. W. MATHERS SUCCUMBS AT HOME IN COUNTY SUNDAY

Widely Known Nicholas County Man Dies Follow-Short Illness

RETIRED PHYSICIAN

Dr. Charles W. Mathers, 81 years old, died early Sunday morning at his home in this county, near Millersburg, following a short illness.

Dr. Mathers was one of the best known men in Nicholas county. Retired physician, extensive landowner and politician, he was a life-long resident of the county. He was the son of the late Walker and Mary Haskett Mathers, members of families of early settlers of the county. He was educated at Hanover College in Indiana and graduated from the Cincinnati Medical School. While a student at the latter institution and after his graduation, Dr. Mathers lectured at the medical school on anatomy. Following his graduation, Dr. Mathers returned to Carlisle for a short time, devoting most of the best years of his life to his extensive farm land and was one of the wealthiest citizens of the county.

Dr. Mathers took a keen interest in politics and was a staunch Democrat. He served seven terms as Representative from this district and was State Senator from the district. He served the County Judge of Nicholas county for several months following the death of Judge Trimble. He was a delegate to the Democratic National convention in 1912 in Chicago. He had served for many years as president of the Farmers Bank of Carlisle, and was a stockholder in many other banks and financial institutions.

Dr. Mathers was a modest, unassuming man. He paid the education of a large number of orphan girls at Midway Orphan School and each Christmas sent large baskets of orders for food to poor widows in the county, although he always sent the gifts anonymously.

Dr. Mathers was twice married. His first wife, Mrs. Nannie Orr Mathers, died 18 years ago. Two years later he was married to Mrs. Ada Munger Lee, who survives. Dr. Mathers was the last member of his family.

Funeral services were held at the home Monday afternoon at 2 o'clock, with Rev. J. J. Whitehouse officiating. Assisting pastors were Rev. Hugh Graham, Millersburg; Rev. Marvin Adams, Paris, and Rev. John Gress. Burial took place in the Millersburg cemetery with Masonic lodge in charge.

Chandler Sets Aside $50,000 For Relief

By executive order Monday Governor Chandler extended the life of distribution of food and commodities to needy Kentuckians for another two months.

The funds were made available to the Works Progress Administration by the Democratic governor to be used to pay administrative, shipping and distributing costs of commodities from March 1 to May 15. The commodities are supplied by the federal government.

George H. Goodman, Kentucky WPA administrator said that after March 15 it would be impossible to hire other than relief labor to carry on commodity relief work but that by the state appropriation, employment could be maintained. The employes are all on relief persons.

W. P. A. To Observe Visitors Day March 11

The W. P. A. Training Work Center will observe visitors' day on Thursday, March 11 at the Carlisle building. Invitations were made in the sewing room and distributed by the American Legion to Nicholas county sufferers.

The work during February was largely men's overalls and pants. At present print dresses for children, girls and women are being made.

It is hoped that many will avail themselves of the opportunity to inspect the work on Thursday.

Lexington spring racing season begins April 17.

FIFTY CENTS BILL

Rare Currency 136 Years Old Found By Lawrence Cummins

Lawrence Cummins, of Carlisle, Saturday showed a representative of The Mercury what is probably one of the rarest pieces of currency in existence in this section, a United States paper bill of fifty cents denomination.

The bill, which is less than half the size of the present bill, is printed in green ink and is similar in many respects to the currency now in use. The bill is dated 1901, and on the obverse side bears the picture of Thom Dexter, Treasurer of the United States, and the inscription, "Fractional Currency Fifty Cents." The bill is well preserved.

This species of currency was common in the earlier days of the nation, and was called "shinplasters," a term applied to all currency with a value of less than a dollar. The term also was used in connection with currency of depleted value.

Save The Constitution From The Court, President Pleads Over Radio

President Roosevelt called for swift enactment of his court reorganization bill in a radio address Tuesday night to "save the constitution from the Supreme Court and the court from itself."

In outspoken fashion, the Chief Executive asserted the high tribunal had "improperly set itself up" as a "super legislature," and had read into the constitution "words and powers not there" in the days of three and which were never intended to be there.

At the same time, he disavowed any intent to "pack" the court with "spineless puppets who would disregard the law" and declared cases as he might wish them decided, and asserted the processes of constitutional amendment were too slow for the pressing problems of the day.

His address, a "fireside chat," delivered from the small oval room on the ground floor of the White House, was the second delivered in support of the court bill, passage of his bill to permit the appointment of six new associate justices over seventy retire.

"We must find a way to take an appeal from the Supreme Court to the constitution itself," he said. "We want a Supreme Court which will do justice under the constitution—not over it. In our courts we want a government of laws not of men."

Over Two Hundred Million Pounds Tobacco Sold

Unofficial figures show that all markets closed and kept open from the sales of burley tobacco in the entire burley belt for the season, totaled 230,669,893 pounds. So that the crop, even allowing for unsalables and resales, was by no means an abnormally large one.

The 1936 crop brought growers $80,734,964.94, or $30,300,000 more than did the crop of 1935. The season just closed was the fourth most lucrative in history, the total money standpoint. The largest amount of money paid for a burley crop was for that of 1919 that brought $106,000,000. The "big money" crops were: 1919, 1929, 1930, 1928, $86,200,000. The 1918 crop averaged $32.06, that of 1919 averaged $32.66, and that of 1928 averaged $31.34.

The chief item of aftermath interest is the large amount of the best tobacco that coat the buyers at the markets, that has been practically ruined by flood waters, and become a part of the over stocks of cheap tobacco, making it evident that there will be no market next winter for any but very high class leaf.

New Strikes Threaten Automobile Industry

An estimated 100,000 workers have been thrown out of work as the nation's basic new tidal wave of strikes engulfed the motor industry. At the Chrysler plant an estimated 67,000 men are out of work. The shutdown of seven Chrysler plants followed refusal of the corporation to recognize the Flood victorious Automobile Workers' Union as the sole bargaining agency. The Briggs body plant was also shut down with 15,000 strikers, the Hudson Motor Company with 8,000 and the Fisher Body Plant No. 1 at Flint with 7,000.

Violence threatened as fist fights broke out at several of the beleaguered plants. Windows were broken and police reserves were called out to curb the riots.

Meanwhile, the strike affecting 6,400 workers in four Chevrolet plants was settled and the night shift went back to work.

Judge Issues Election Call

Order Entered Directing Local Option Election In County On May 8

County Judge D. M. Curry entered an order in county court Monday ordering that an election be held in Nicholas county on the eighth day of May for the purpose of taking the sense of the legal voters of the county upon the proposition whether or not spirituous, vinous or malt liquors will be sold in the county.

A petition was filed with County Clerk John F. Sugg last week asking that the election be called. The petition contained approximately 1600 names, many more than required to call the election. The election will be held between the hours of 6 a. m. and 4 p. m., and will be by secret ballot.

ESCAPES BURNING PLANE

Brother Of Mrs. Plunkiel Has Close Call From Death

Mrs. E. E. Pfantiel received a message a few days ago from her brother, Sam Shawhan, of New York City, telling of his miraculous escape from death when a large trans-Atlantic plane of the Pan American Airways caught fire and burned near Victoria, British Columbia.

Mr. Shawhan, who is connected with the Carrier Corporation of New York City, was enroute to Rio de Janerio, and the plane had stopped at Victoria to refuel. When about 20 minutes out of Victoria after the flight had been resumed, the plane was discovered to be on fire and the pilot immediately started to return to Victoria. Before he could land, however, the plane had burst into flames and fell into the bay near Victoria. The thirteen passengers and all members of the crew were saved, but lost all of their baggage.

Musketeers Will Meet Buena Vista

In Opening Tilt Of The Regional Basket Ball Tournament At Maysville

Defeating Little Rock 41-25 in the preliminary tilt and Paris 19-15 in the semi-finals, the Nicholas high school Musketeers last night to Millersburg Military Institute 29-19 in the finals of the district tournament at Millersburg Saturday night.

The game with Paris put two stars on the basketball horizon and they were never able in the final game to click with the precision that had marked their first two contests.

Little was at stake in the finals, however, as both the winner and the runner-up will participate in the regional tournament to be held at Maysville this week.

The defeat of Paris was one of the upsets of the district tournament. Co-champions of the Central Kentucky Conference with but one loss throughout the season, Paris was the favorite to win the finals in the district, adding another unbroken string of victories in district tournaments for the past five years.

The Musketeers will meet Buena Vista, their opponent in the regional tournament at 7 o'clock Thursday night. The game will be called at 8 o'clock Eastern Standard Time, which is one hour later than our time.

In the drawing held at Maysville Saturday afternoon, Carlisle was placed in the same bracket, Buena Vista, Millersburg, Paris. If the local team wins, they will meet Maysville Friday night.

The tournament at Millersburg, Cartmill, with a total of 44 points in three games, led all scorers.
