This is the Amount of Feed **100** Average Hens will consume in one day

10 lbs. Grain or Scratch	15c
10 lbs. Tuxedo Egg Mash	25c
If these hens are in good condition and are housed and cared for they should produce per day.	
60 Eggs ate30 cts, per dozen \$ Total cost of feed	1.50 .40
Net profit over feed cost\$	1.10
Now suppose we cut production down to	

Net profit over feed cost

This Is the Question, Mr. Poultryman: Does it pay to feed grain alone? If your experie proves it does not, why not reduce the grain is put that money in TUXEDO EGG MASH, it watch results.
