

Raise Your "Stock"

Your stock of safe time will give you extra dividends if you work as hard as you can to raise it on quality basis.

There are a few things that you can do to raise your stock of safe time. First, be sure that you are getting the most out of your work. Second, be sure that you are getting the most out of your life. Third, be sure that you are getting the most out of your family. Fourth, be sure that you are getting the most out of your community. Fifth, be sure that you are getting the most out of your country. Sixth, be sure that you are getting the most out of your world.

Blue Grass Produce Company

Inc.

M. R. DEBOLD, Manager

The way of planning to save money is to buy in bulk. Many dealers have a large stock of produce and they are able to sell it at a lower price than they could if they were selling it in small quantities. This is why it is so important to buy in bulk. It is also important to buy from a reliable source. This is why it is so important to buy from a company that has a good reputation for quality and service.

THE GARDEN

WINTER STORAGE FOR VEGETABLES

By John S. Gardner, Kentucky

All our Kentucky gardeners have a present problem of how to store their winter vegetables. There are many ways to do this, but the most common is to store them in a root cellar. This is a place where the temperature is just below freezing and the humidity is high. This is the best place for storing winter vegetables. It is also important to store them in a place that is dark and cool. This is why it is so important to store them in a root cellar.

THE FARM AND HOME

Winter Storage for Vegetables

There are many ways to store winter vegetables. One way is to store them in a root cellar. This is a place where the temperature is just below freezing and the humidity is high. This is the best place for storing winter vegetables. It is also important to store them in a place that is dark and cool. This is why it is so important to store them in a root cellar.

It is to Your Interest, the Interest of Your Community, County and District to Nominate on August 6 and Re-elect in November

JOE B. BATES FOR CONGRESS

For many years Joe Bates has been actively identified in Democratic final elections in Kentucky and in practically every State and National race he has been called upon to lead the fight for his party in the Eighth district. This duty he has always performed well and with credit and honor to his party.

Although Mr. Bates served only a few days as our Representative while Congress was in session, being elected to fill the place of Fred Vinson who resigned to accept a Federal judgeship, he was in a position to vote on a great many of the important measures passed at the last session. His record in the public will show that every vote he cast was favorable to the people of the Eighth district.

The Eighth District has been fortunate for many years in being represented by Fred Vinson, whose service to his people was second to no Congressman in the United States. Judge Vinson and Joe Bates have been life long friends and in every election in which Mr. Vinson was a candidate Mr. Bates assisted him in piling up the magnificent majorities that Fred Vinson received.

Joe Bates pledges himself to the people of this district to follow in the illustrious footsteps of Fred Vinson and to adopt the policies and principles that Fred Vinson maintained for so many years to all his constituents including farmers and ex-service men and their families, and furthermore, Joe Bates is the only candidate for Congress in this district who has the endorsement of organized labor. He proved himself a friend to the laboring man during the time he served in the last session of Congress and in return has honored by their endorsement.

The next session of Congress will, no doubt, have many important measures before it concerning the farmers of the Eighth district—principally those growing tobacco. Mr. Bates has already shown that he is interested in the welfare and well-being of the farmers, who comprise the greatest portion of this district and intends to cast his ballot at every session of Congress for legislation that will be to their interest and against any measure that would be detrimental to agriculture in these twenty counties. He fully understands the needs of the farmers, owning and operating a farm himself in Greenup county.

You will always find Mr. Bates' office open to his constituents and you will find, as have many others who have contacted him on matters relative to the Federal government, able and willing to assist you in any manner possible.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

Lesson for August 7

RUTH: ADVENTURES FAITH

Read the story of Ruth in the Bible. Ruth was a woman of great faith and courage. She was a foreigner and she had to leave her home and her people to go to a strange land. But she was faithful to her God and her mother-in-law. Her faith and courage were rewarded when she was reunited with her people and her husband.

Along the Concrete

Concrete is a material that is used in many different ways. It is used for building bridges, roads, and sidewalks. It is also used for building foundations and walls. Concrete is a strong and durable material that can last for many years.
