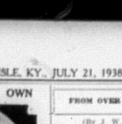
KENTUCKY'S OWN



Senator A. B. Barkley
"WITHOUT KNOWLEDGE THE PEOPLE PERISH"

YOU SHOULD KNOW:

That Alben W. Barkley cast the deciding vote in favor of all legislation beneficial to the farmers. The check for Soil Conservation which provided for the upbuilding of your farm is only a small part of this service.

That Barkley helped originate and plan War Risk Insurance and provided for hospitalization, secured the bonus and voted for the cash payment of the same for veterans.

That Barkley has been unanimously endorsed by labor organizations in every pre-war and No tion.

That Barkley has supported helpful legislation for farmers which voted for same and for this reason has your substantial support. The Farm Bureau of the State and Nation.

That Barkley, if shorn the need of Kentucky by the Presidency, will be found to be the plainly shown his need of Senator Barkley.

That Barkley DID help draft the Old Age Pension Act; he provided for the payment of a maximum sum of $30.00. It is not his fault that the Republican bill to have their signatures appear in the Congressional Record as framers of the bill. What part of the $30.00 are you old age pensioners receiving under the Chandler administration? The average payment in Kentucky is $9.00, while in three adjoining states the payment is more than twice this figure.

That Barkley is unquestionably interested in your welfare as a U. S. Senator. In State legislation at Frankfort; therefore, is immune from the influence of any 'crooked' politician, sales tax, or otherwise.

That Barkley is NOT being supported (as Chandler) by the American Liberty League, the Republican press of the U. S. and every foe of the New Deal.

That Barkley if he has stradded, on account of his knowledge of forces, every major piece of legislation, he would not have been where he is (the powerful majority leader of the Senate by his colleagues) had not Alben Barkley been a former senator from Kentucky he has retained.

That Barkley has NOT forgotten Kentucky as evidenced by the fact that he secured for Kentucky over $10,000,000.00 to the State Highway System. Kentucky is one of the few States that has received that Senator Barkley has failed to deliver.

Quoting President Roosevelt in his speech in Covington on July 4, in his support of Senator Barkley, he said: "His outlook on affairs that concerned the whole nation. He has taken a major part in shaping not only the legislation but the actual policies of the past six years."

That Senator Barkley was in Washington helping to enact constructive legislation, gathering during his two trips to Europe as a delegate to International Peace Conferences, while Chandler was attending horse races, prize fights, May Day festivals and pink

FROM OVER THE LINE

(By J. W. Rogers)

Much anxiety is felt for Mr. Homer Bryson, whose recovery from a recent paralytic stroke, seems slow. He is still in the Harrison Memorial hospital.

A good July resolution: "I will try to see the beauty spread before me, rain or shine; I will count no grouch your duty and be more concerned in mine".

Mrs. Rosebaugh said, "The world feels sorry for you if you're blue, overlooks you if you're green, but never forgives you if you're glad of you."

Miss Lozelle Henry's death is deeply deplored by many. She made true friends where she's resided or worked. She truly possessed the highest type of effective social discrimination. Her social type.

Mrs. Cordie Coy, Barefoot correspondent. Sometimes a move is over the line," among her friends. She is often busy as a bee, selling fine honey that have been made. The Pleasant street iron bridge over Cynthiana is doomed to soon be no more. Work on its discussion and removal has commenced, but all will be done for new post construction, for a new concrete bridge, has been carried away by recent high waters. Traffic difficulties may be, expected for some time.

Mr. and Mrs. James Lee Lemons moved to Mt. Horeb, Cynthiana "over the line" to Hookdown, Nicholas county, last week. They are happily domiciled in the home of Mrs. Lemon's father, in that village and enjoying their fresh field and associations.

Mrs. Coy is glad for those who equal, she gives her best to those in need. Her own sunshine must increase as great takes some one aside with fate.

2100 Farmers Attend Sheep Conferences

Exhibits of western ewes and discussions of the kinds of breeding best suited to Kentucky flocks were features of eight meetings attended by about 2,100 farmers in 16 Eastern Kentucky counties that are being brought to Kentucky, to increase the annual sheep crop by the production of next year's spring lambs.

Various types of ewes, their lambs and the rams that sired the lambs were exhibited. It was said that crossbred ewes from northern range states generally are better than do certain types of southwestern ewes. An ideal ewe for Kentucky was represented as one that after the first year produces a lamb crop of choice lamb which is ready for market in 100 to 120 days and at the same time yields at least eight pounds of good wool.

Farmers were cautioned about buying ewes at the sale barns unless they had lambs this year. Several lots of ewes are getting into breeders when buying old ewes.

Crossbred northwestern ewes resulting from the use of Hampshire, Suffolk and other rams, were recommended by R. I. Cox and Lloyd Garrison, sheep men who assisted Richard C. Miller of the Kentucky College of Agriculture in the meetings.

Saying late, tailored jackets in navy blues, the Paris fashion world was said to be poor business such as they are this year. Navy blues and high-quality lambs Farmers were trying to raise ewes should keep in mind that wool and lamb production of the big-boned heifer used for beef, breeding and save the early and best lambs.

Nothing can defeat a man who believes in himself and who cannot be ridiculed, talked down or written down.

A. B. (Happy) CHANDLER FOR U. S. SENATE

A MAN OF ABILITY -:- ACTION -:- ACHIEVEMENT

To The Farmer—

You have dealt, man to man, with "Happy Chandler". Have you ever had any dealing with Barkley? Do you believe Barkley has been responsive, sympathetic, to the "Cut Out" checks you received from the Government? He was NOT.

Happy Chandler gave you good rural roads. Lowest land taxes in history. Better schools. Barkley voted AGAINST increasing of low interest rates. Barkley voted AGAINST long term loans for refinancing farm mortgages. Barkley failed to protect you from increase in the acreage allotment and allowed higher percentages be given to the big farmers. And Barkley joined hands with the sales tax crowd and made them his campaign managers.

To The Businessman—

You are no longer a collector of State sales taxes. You are free to do business in the most business-like State in the United States. You do not have to bow to the discrimination of a bipartisan commission. Your business is safe from a mortgage to pay a State debt. Governor Governor Chandler has safeguarded your interests.

To MOM and DAD and ALL OF THE FOLK

Governor Chandler has pledged you that when elected he will NEVER cast a vote to send your sons into another war on foreign soil. Senator Barkley did that. You believe in the future of your children. You . . . as a parent, want to see youth advance and take its place in the social and economic structure of the Nation. . . . A vote for "Happy" Chandler is a vote for the future of your children. . . . He pledges to prevent further discrimination against Kentucky in Federal enactments. His heart is in Kentucky and with Kentucky. Senator Barkley who refuses to stand on his own record as a public servant, knows Kentucky only when it is necessary for him to seek office again.

To The Laborer—

Happy Chandler caused a real Labor Department to be created doubling medical hospitalization and burial benefits, abolished waiting period for Workman's Compensation, passed State Unemployment Compensation Law to be enacted, created Free Employment Service, outlawed sale of prison made goods, ratified Child Labor Amendment enacted minimum wage law for women and children, outlawed company-paid deputy sheriffs.

Barkley Failed to make an attempt to relieve Kentucky of the 5c freight rate differential on coal. Barkley said, "The day of railroad expansion is over." "We must foster the return of shipping to the American Flag."

To The Veteran—

"Happy" Chandler has supported you 100% because he is one of you and knows your problems.

Alben Barkley voted to cut the compensation of Kentucky veterans disabled in service 25% and voted to cut 18,000 Kentucky World War Veterans entirely off the Federal Pension rolls.
