Insure Your Year's Profits

Real turkey-raisers know that the safest policy in raising is to feed the turkeys wet wheat, which, while it keeps them alive, never lets them develop as they should.

O. C. Rankin, the Turkey King, of near Carlisle, has used our Ballard Turkey Feed consistently and only recently bought a hundred 100-pound bags to feed his stock. If the biggest turkey raiser of this section sees fit to use nothing but Ballard's Turkey Feed, his actions should set the example for the smaller raisers. Try our feed and watch your turkeys improve and put on flesh.
