FROM OVER THE LINE

(J. W. Rogers)

"For leafy thickness is not yet, Earth's naked breast to screen; Though every dripping branch be set, With shoots of tender green."

April day.

The writer was married a good while ago, on April 1, "all fools day." Wife and I have been arguing ever since, trying to decide which was the greater fool, but no decision has been reached. A pretty tender—subject—to enter in the mails as of April 1, 1939, from Mrs. Elizabeth (Crawford) Hughes, Myers, Nicholas county. How did she know? Oh, I know, she was one of our high school students at Myers, not many years ago. Congratulations to her and Mr. James Hughes whom she has chosen as her running mate, in the races of life.

Mrs. Maggie Greene, widow of the late Curtis Greene, Barterville, has taken up her abode with her mother, Mrs. Mary H. Fryman, in Cynthiana, at the foot of the hill, on Short street. Mrs. Greene is a good woman, meekly bearing life burdens with Christian fortitude.

To our little friend in Moorefield: Miss Emma Florence Garrett: "Are you not a ranbum, child whose life is glad? With an inner brightness sunshine never had? Oh, as God has blessed you, scatter light divine; For there is no sunbeam, But must die or shine." "Shine on, oh, beautiful star shine on."

"We are all blind until we see, That in the human plan nothing is worth the making, If it does not make the man." Why build cities glorious, if man unbuilds them, and in vain we build the world unless the builder also grow?

We were glad when Mr. Hughes, Church Evangelist, told us of the results of the late Methodist revival in Cynthiana: "Amazing grace how sweet the sound that saved a wretch like me." I once was lost but now I'm found, Was blind but now I see."

Plans Made For Commencement At County High

Bart N. Peak To Deliver Address To Graduating Class On May 4

NINE MEMBERS OF CLASS

Commencement exercises of the Headquarters high school will be ushered in on Sunday night, April 30, with the baccalaureate sermon being delivered by Rev. Harry E. Owens, pastor of Ellisville Christian church. The sermon will be delivered at 7:30 p. m.

On the following night, May 1, at which the class night exercises will be given in the school auditorium. This is an annual play put on by the high school pupils, children from the lower grades and the high school. Supt. Minnis H. Guthrie and Sponsor Miss Ruth Brannon are directing the play.

On Wednesday night, May 3, at 8 o'clock the senior class play, "Aunt Jemima," will be presented. Admission will be 15 and 25 cents. Those who are skeptical about the program and invited to call on the County Attorney Jones for an explanation.

The commencement exercises is unfolding rumors to order phosphate before the county committee signup season is ended is everything heavy this week. Dr. Beckham Bell, county agent, says he has received orders for 1,000 tons of phosphate, whereas only three tons had been ordered at this time last year.

The first consignment of chicks for the Ohio Valley from this section are expected in the near future. According to Bell, a poultry man in the county office, each producer will be allowed 500 chicks for the first order to stimulate interest. Mrs. Maggie Earlywine, Carlisle poultry raiser, mentioned, also, stated that farmers must call for their chicks 30 days after arrival since she must return unclaimed checks to Washington at that time. Cooperators who are sick or unable to call at the county office may have their checks delivered to them.

Compliance has been checked on 81 commercial wheat producers, Bell said this week, and they were found to have sown seven wheat. These cooperators may destroy their excess either by plowing it under or grazing it before May 15. Those who have complied with their allotment have been notified by the county bureau to secure adjustment payment of 11 cents per bushel on their base production. It is expected that most of these compliance checks will be ready this year since they were all ready for payment of 2½ cents per bushel.

Assurance Of Peace Asked Of Dictators

President Roosevelt Urges Hitler And Mussolini To Agree To Peace Ten Years

President Roosevelt has urged Chancellor Hitler and Premier Mussolini to agree to peace for a period of at least ten years.

The request was made of Hitler at an unusual press conference Saturday that he has transmitted messages to Hitler and Mussolini offering to act as "an intermediary" for the governments of the United States. The governments of the nations I have named and I will address inquiry whether, as I am reasonably sure, each of the nations enumerated is willing to give assurance of peace for a definite period of years.

"Such an assurance clearly must apply not only to the present day," Mr. Roosevelt's message said, "but also to a future sufficiently long to work by peaceful methods for a more permanent peace.

"I, therefore, suggest that you negotiate with me directly or as my representative an agreement to that effect for a non-aggression—10 years at the least—a quarter of a century, if we dare look that far ahead.

"If such assurance is given by your government, I will immediately approach the governments of the nations I have named and will in due course communicate to you the response I receive."

Neither Hitler or Mussolini has replied to the message of the President.

It is more than 1920 plan of work. The committee will be finds in each community, and reports that farmers who felt that they could not cooperate last year, now feel that they would have a sizeable payment and are signing the contracts. Indications are that the program will be larger than ever before.

Seven tons of phosphate is ordered by the county office. Each producer will be allowed one ton. Those who are interested in ordering phosphate before the committee meets this week should see the county agent.

Water Drives Many In State From Homes

2,000 Residents Of Ohio Valley Evacuate, Streams In Nicholas High

Heavy rains during the week end forced more than 200 families in the Ohio Valley from their homes and caused heavy damage. More than 300 families were forced from their homes in Louisville and at Maysville approximately 200 families left when water entered their homes.
