ONE INCOME THAT'S INCREASED MIGHTILY SINCE 1932!

KENTUCKY'S INCOME FROM BEER TAXES \$1,013,316 74 IN 1938

IN 1932 (last year before repeal) BEER'S TAXING WAS PRACTICALLY NOTHING

For all drinkers of America realize this depends on buying beer retailing as wholesale as ever used. They want to help public officials in every possible way. They cannot enforce laws. But they can and will help in every way possible.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.

They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents. They want to see a dollar's worth of beer sold for 10 cents.
