Why We Favor
The Present Election

With the primary election
near at hand, the voters of
this state have been called
upon to make a choice between
two candidates for Governor.
We believe that the voters
will do as in all past years
and elect the man who has
shown the greatest ability
and the greatest courage.

In this campaign, The Mercury
has given the voters the
most complete and unbiased
report to the voters for the
past four years. We believe
that the voters will do as
in all past years and elect
the man who has shown the
greatest ability and the
greatest courage.

Longer Life.
The average man in this
country lives for about
seventy years. This is not
a long time, especially when
we consider the fact that
the average man in this
country lives for about
seventy years. This is not
a long time, especially when
we consider the fact that
the average man in this
country lives for about
seventy years.

Efficiency Of Household.
The average man in this
country lives for about
seventy years. This is not
a long time, especially when
we consider the fact that
the average man in this
country lives for about
seventy years. This is not
a long time, especially when
we consider the fact that
the average man in this
country lives for about
seventy years.

Freedom.
To have freedom is to have
the right to do as one
pleases. This is the
meaning of freedom. It
is the right to do as one
pleases. This is the
meaning of freedom. It
is the right to do as one
pleases.

But It's True

There is only a few of the
constructive measures which
have been proposed for the
improvement of the state.
The Governor and his
cabinet have been
convinced that the
improvement of the state
is the first and foremost
duty of the government.

Where Are The Ghosts?
Years ago a favorite
legend of the people of
this state was the
tale of the ghost of
the man who had
been killed in the
battle of the Clouds.

Keeping from a slaughter house,
the steer was chased the first day
of the month. It was found
in a wooded area and
was finally caught, after it
had destroyed much foliage.
