FIELD SEEDS

As has been our custom for several years we bought all of our Field Seeds early, when we could get the pick of the market at favorable prices, and we now have on hands a full supply, but only one grade of a kind, and that is the best that money will buy.

Our Seed Slogan Is:

Nothing But The Best

and you may be assured that when you buy from us you will get nothing but the best, high grade, high test, seed adapted to this community. We will not sell you an inferior seed in order to make a lower price. We would rather lose the sale.

All Seeds Are Cheaper

Practically all of the field seeds are much lower in price than last year, some of them, such as Red Clovers and Alsike, are lower than they have been for years and under the present government set-up you can sow most of these seeds at very little cost to you.

Let Us Book Your Seed Requirements.
