Local Dealers Sell Quality Appliances

Complete insulation of the electric range saves all heat for cooking. Automatic time and temperature controls prevent water of current. "Waterless" cooking of meats and vegetables keeps in all delicious flavors and nourithing elements without food shrinkage.

You can put your complete dinner in the oven right after break-fast, set controls, go away for hours. When you return home, the meal is perfectly cooked, piping hot, ready to serve.

Electric cooking is cleanest. There's no smoke, grime, or ashes. Pots and pans stay shiny. Kitchen keeps clean longer. Tomorrow—see the display of electric ranges at our show.

Let us show you how they operate—and et in the street of terms at prices you can afford.
