WHITE ROSE PATENT

There is no better bread than good, old-fashioned salt rising—and that is, if the lofty who prepares and bakes it has "luck." Unfortunately it is often a failure, regardless of her painstaking efforts, and the bread is heavy, soggy, tasteless.

In most cases this is no fault of the baker but is due to the flour which is used, as many flours are made in a way which will not produce "light bread" like our mothers used to make.

But you try White Rose this spring and we believe you will agree with the large number of ladies who hardly ever fail on salt-rising because they use White Rose exclusively.

White Rose is truly an all-purpose flour and will demonstrate its baking qualities all the way from pastry to the finest cake.

"This you, Jane" Just wanted to tell you about my cake I baked yesterday. It's just grand, so light and fluffy, the finest I ever baked."

JANE:
"Say, what kind of flour did you use"

NELLE:
"Oh, COLONIAL, of course. We use nothing else. It's the best all purpose flour you ever used, every sack just the same, and you can depend on it to produce. You can get it at the Square Deal Grocery, and, believe me, you will be pleased."
