Beautiful Carlisle Home

SATURDAY, APRIL 13
At 1:30 O'Clock P. M.

This beautiful home is being offered after many requests, due to the fact that the owner, Mr. George Mattox, now resides in Lexington, due to business reasons. The home is located on the hill overlooking Carlisle, just southwest of the city limits on the Upper Jacktown pike.

The house is a large frame house of 8 rooms, a large hall and porch, it is in excellent repair and on a good stone foundation. Other improvements consist of a double garage, smoke house, poultry house and other outbuildings. The house has lights, water, and is well roofed. The buildings are upon a large lot of approximately one acre. Plenty of space for a good garden. Look this over before you buy.

Jefferson Day Dinner At Morehead April 13

Plans for a Jefferson Day dinner for the twenty counties comprising the Eighth Congressional District of Kentucky, to be held Saturday evening, April 13, were announced by Elijah M. Hogge, Chairman of the Eighth District Young Democrat Clubs.

The banquet will be held in the main cafeteria of the Morehead State Teachers College, starting at 7:30 p. m. Tickets have already gone out to all county chairmen and many other people in the district, Mr. Hogge said.

Among the principal speakers of the evening will be the Eighth District Congressman, Joe B. Bates, and Congressman Nat Patton of Texas. It was announced by Mr. Hogge.

Census To Aid In Registration In State

The U. S. Census Bureau, in conjunction with the State Health Department, is planning to make a test of birth registration in the state covering the four months period, December 1939, January, February and March 1940.

This test will be made in connection with the Census Enumeration which starts April 2, 1940. The census enumerators will fill out a special card for each child found who is under one year old, and these cards will be checked in Washington with copies of all birth certificates filed with the Bureau of Vital Statistics of the State Health Department in Louisville.

In this way, every birth that occurred in the state during these four months which was not registered will be ascertained and located. Every unreported birth thus discovered will be investigated to learn why it was not registered by the attendant.

All parents are requested to report to the local registrar any birth occurring in the family shortly after their months and with they have reason to believe has not been reported to the registrar. By doing this test complete it is necessary that the death of any child born during his period be likewise reported to the local registrar.

800 Farmers Sign Up For Soil Conservation

Approximately 800 of the Nicholas county farmers have indicated they will participate in the 1940 program, according to an announcement made by the County Agricultural Conservation Office.

Those who have already signed are urged to call at the county office and sign, since April 15 is the deadline for program sign up.

At Paris Monday Master Commissioner Ralph B. Connell sold 203 acres of land at Little Rock in the case of Finley Hurst, etc. against the unknown heirs of Finley Hurst, deceased. The price of settling the estate. The purchasers were Mrs. Sarah Ann Finley Hurtz, George C. Betton and E. C. Wasson at $85 per acre according to Linders Sr. at $87 per acre.

We have three models on display.

HINTON CASWELL

Say You Saw It In The Mercury

MONEY TALKS

By Frederick Stamm, Economist Director of Adult Education University of Louisville

In spite of the Department of Agriculture's reduced acreage program, farm prices are still too low when compared with industrial prices.

The New York Trust Company, making a study of the farm problem, states that "Much has been attempted to help the former but little has been accomplished. Efforts were made to boost farm prices by reducing acreage and it said the Trust Company, here's what happened: In 1929, as compared with 1933, the average yield per acre of wheat increased from 13.2 bushels to 14.1 bushels or 28 per cent; of corn, from 22.6 bushels to 29.5 bushels or 31 per cent, of tobacco, from 788.5 pounds to 911.7 pounds or 16 per cent; and of cotton, from 212.7 pounds to 235.9 pounds or 11 per cent.

Thus we see that although we reduced the acreage of our important money crops, we are able to grow more on less ground because of increased farm mechanization, increased use of fertilizer and better growing methods.

The disruption of normal channels of production and commerce in Europe may temporarily stimulate the demand for American wheat, corn and hogs, but on the other hand it has already decreased the demand for tobacco and fruits.

It is estimated that at present 20 per cent of this country's farm products are consumed at home. It seems to me that the best way to help the farmer's purchasing power is to lower the price of the 80 per cent which he sells abroad. To focus more of our effort on industrial efficiency, less upon lowering costs of production and thus the price of industrial goods.

The greatest stimulant to price recovery of farm products would be a substantial industrial recovery in the U. S. which would increase employment and increase purchasing power. Such a recovery is dependent upon industry. It appears to closely tied up with the outlook for industry.

STOP in to see the NEW 1940 SPEED QUEEN

We're proud to present the new Speed Queen models for 1940. They are bigger, better-looking than ever before—yet prices remain the same.

We have seen practically all the "competing lines," and we sincerely believe that the 1940 Speed Queen washer offers more lobably, more worth while features and more dollar-for-dollar value than any other present day washer.

There are many, more expensive washers but none more dependable, more efficient and better-looking. So, why pay more? Why not make the saving every Speed Queen model offers.

SPEED QUEEN

$49.50

Other Models at $39.50 and $59.50

Two Men Admit Taking Car Of Deputy Sheriff

Leonard Marshall And Herbert O'Neal Leave Wrecked Stolen Car On Ohio Road

ARE FORMER CONVICTS

Two local men, both of whom have served two prison terms, agreed confessions Wednesday morning that they stole the automobile of Deputy Sheriff Floyd Clark Saturday night. The car, overturned and out of gasoline, was found Monday on U. S. Highway 27 between Carlisle and Portsmouth, Ohio.

The two men, Leonard Marshall and Herbert O'Neal, both about 30 years old, were arrested about 7 o'clock Tuesday evening as they were walking along the railroad track near the overhead bridge on the Moorefield road. Sheriff L. H. Rouse and Deputy Sheriff Clark had gone to this place to wait for the two men after they had received a telephone call that they were walking along the railroad track. They were questioned and confessed to the officers that they stole the car.

The automobile was stolen about midnight Saturday from in front of the place in front of Mr. Clark's apartment in the Kentucky Hotel. Marshall and O'Neil were suspected.

The men told officers that they drove the car to Cincinnati by way of Flemingsburg and Maysville to Hamilton, Ohio. They were returning on the Ohio side of the river when the car ran into a ditch and they left it there. All the spare tire from the car and were selling it in Ohio. A number of other articles had been taken from the car and it was badly damaged.

Marshall was released from prison years ago of stealing an automobile and O'Neal was released after serving a sentence for breaking into a local liquor dispensary. He was released on parole for the latter offense and was returned to the penitentiary for violation of his parole. Marshall and O'Neal were arrested in connection with the theft of a car belonging to Judge D. M. Carpenter.

List Narrows Down On U. K. President

Selection of a president for the University of Kentucky from among Dr. Frank L. McVey, retiring president, is expected to be cut in the future, with but two of about a dozen today given a chance.

When two committees have been at work nearly a year, only Dean W. S. Taylor, College of Education, and Dr. Edwin Broun Fred, graduate school dean, University of Wisconsin, have been conceded an insider track, but some insist that neither may get the call. Chief division among commitee members is over the question as to whether the next president shall be b Kentuckian.

G. O. P. Group Will Reconvene April 13

The Republican state central committee will meet at Louisville again April 13 to select a substitute state convention date for one fixed Thursday but subsequently found to be in conflict with national party regulations.

The new call was issued Friday by Chairman Thomas S. Yates of Grayson because the date originally fixed—June 4—violated the resolution that state conventions be held at least 30 days before the national convention, to be held June 24 this year at Philadelphia.

New dates for county and congressional district conventions, fixed Tuesday for June 3 and 4, respectively, also will be set.

Girl Admits Beating Baby Brother, Mother To Death

At Los Angeles, California, Friday, Chloe Davis, 11 years old, told police that she beat to death her mother and baby brother, and insisted that the beating to death of her two year old brother was done previously by her mother.

The bodies of the mother and her three children were found in the home, beaten and burned. The girl said her mother killed the two sisters and then ordered Chloe to beat her and the baby to death.

Psychiatrists described Chloe as "the cruelest blooded, coolest individual" they had ever seen. A constant grilling failed to change the girl's story and she showed no emotion of any kind.

LUMMIE TAKES LONG HOP

Well Known Local Nomad Is Stranded In Los Angeles

Billy Laysom, who is in charge of old age assistance in Nicholas county, Friday morning received a telegram from the Los Angeles, California, Welfare Department stating that Lummie Maybrier, 67, was stranded in that city and asked verification of her claim that her home is in Nicholas county. The telegram stated that she left Carlisle March 1.

For many years Lummie has been a familiar character on the highways of this section. She has been married several times, but for the past few years has been staying in a home and after a few days would start out on foot, roaming throughout the country.

How she got to California a distance of 3,000 miles, in a month's time is a mystery. Illness and inclement weather may have made it difficult for her to find food and lodging.

A few years ago she is said to have come to Carlisle and was given an old age pension of $20 a month and a home, but quickly tired of it. She and her daughter, who usually accompanies her, left for parts unknown. She was sent to Paris by California authorities.

Sheep Growers Called To Meet Saturday

L. A. Venues To Address Sheep Growers In Meeting At Courthouse

The county agent announces that L. A. Venues, field agent in cooperative marketing and animal husbandry for the agriculture college, will assist him in a meeting of sheep growers in the Circuit court at the court house at 1:30 Saturday afternoon. The meeting was called by Agent's offices show damage to the sheep industry in this section the county for many years while dogs have been allowed to run at large unchecked by dogs. Steps will be taken to organize and properly incorporate that adequate protection may be given to the sheep and sheep enterprise of Nicholas county be maintained.

Everyone owning sheep is invited to attend.

Montgomery Children Are Burned Seriously

Tots Carried From Blazing Home By Mother, Home And All Contents Destroyed By Blaze

Clarine Clemens, 18 months old, and Clifton, 3, are in critical condition at the home of Mrs. Ethel Clemens, Montgomery, where fire destroyed their home on the Spencer road in Montgomery county Wednesday afternoon. They were taken from the burning dwelling by a physician, after which they were rushed to the Carlisle hospital by their parents.

Mrs. Clemons had gone about 200 yards from the house over a hill to milk and could not see the burning home. Her oldest son, Charles, 3, who had been playing in the yard, ran over the hill to notify his mother of the fire. Mrs. Clemens arrived at the house and by one carried out her three children who were asleep in bed. Ernestine, twin sister of Clarine, was not burned.

The fire, which is believed to have started in a flue, destroyed the home, together with all of its contents. Mrs. Clemons suffered burns on her arms and feet. The father was away at work on the farm at the time.

Millersburg Men Accused Of Assaulting Daughter

Tom Watt Yazell, about 55, of Millersburg, was arrested last Saturday night by officers of Millersburg on a charge of having carnal knowledge of his 11-year-old daughter. Bourbon County Judge George Batterton issued a warrant for the arrant for Yazell's arrest on an affidavit sworn to by the girl in the office of the county clerk.

The arresting officers, Sheriff S. E. Bedford and Deputy Sheriffs Tom Buckner and Clifton Arnspurger, went to Yazell's home in Millersburg, but the man had left. Later they apprehended him fishing on the bank of a creek on the farm of Dr. J. D. Calhoun near Millersburg.

Yazell was placed in jail at Paris and at his examining trial Friday morning was held to the grand jury.

150 Visitors Attend CCC Camp Open House

Annual Affair Held Sunday With Large Number Of Friends Present. Picnic Lunch Served

Approximately 150 persons attended the annual "open house" given by the local CCC camp Sunday afternoon.

The visitors were shown over the camp and inspected the barracks, mess hall and shops. Refreshments consisted of sandwiches, the trips which had been scheduled to show visitors some of the work accomplished by the camp in different farms in this section was cancelled.

At 4 o'clock a delightful picnic lunch was served to all of the visitors.

The open house was conducted under the supervision of D. O. Williams, superintendent of the camp, and Captain Beall, who is commanding officer. Other members of the staff and enrollees were on duty to greet the visitors.

Kentucky Government Cost 4th From Lowest

Per Capita Cost Of Operating State Government Last Year Was $49 Holmes Says

Kentucky is fourth from the lowest in the nation in the per capita cost of government, George T. Holmes, state director of the Kentucky Tax Reduction Association, said Monday, predicting a balanced budget for the state with no new income. Kentucky's average per capita cost of government was $39 compared to the national average of $51, he said.

Mr. Holmes said that adjustment in the 1940 General Assembly totaled an estimated $8,500,000 annually, but revenue bills totaling $4,000,000 were defeated each year.

"However," he said, "the general fund budget of $26,679,000 for 1939-41 is $2,500,000 less than the budget last year and tax collections for the current year are running considerably ahead of the corresponding period last year, so a balanced budget may be expected with reasonable certainty."

He credited the county assessments of taxpayers organized during the last two years with the Kentucky Tax Reduction Association for the increase in revenue, and providing for a new state tax study by 1940 on all real estate and personal property for the benefit of schools.

Mr. Holmes estimated a potential increase of $6,588,000 annually in taxes based on the present yield from property taxes," Mr. Holmes said.

Practically all the increases voted at the 1940 session were for bonuses, pensions and other gratuities. Important revenue bills, enlarging the state chain store fees and boosting the liquor levy, were defeated and a levy on carnivals, etc.

Candle Light Service At Methodist Church

On Sunday night, April 14th, the young people of the Carlisle Methodist church will be in charge of a beautiful candle light service entitled "The Light Eternal". Mr. Holmes Myers will be in charge. Miss Marie Shrout will make the Invocation and Carlisle Parker, Jr. Snapp will represent "The Spirit of the Church". There will be fourteen Candle Lighters, and thirteen school and athletic groups. The entire program will be interspersed with hymns. The people of the community are cordially invited to attend this splendid service.

Carlisle Christian Church Sunday school and is assistant Scoutmaster of the local Boy Scout troop.

Methodists To Hold Session At Maysville

Arrangements were completed Saturday for holding the annual Carlisle district conference of the Methodist church at the First Methodist Episcopal church at Maysville Wednesday.

The conference will be presided over by Rev. C. A. Sweary, superintendent of the district. The session will begin at 9:30 a. m. and will continue until 4:30 p. m.

A feature of the program will be the Hendrixon Settlement school quartet, with Rev. Hiram M. Prakes, superintendent, directing. Address es will be made by Dr. Paul Shell Powell of Kentucky Wesleyan College, Winchester, Dr. Conway Bascom, Union College, Barbourville, and Rev. Hiram M. Prakes, Paris, and Rev. C. F. Harber, South Portsmouth.

Merchants Will Give $64 Cash Every Saturday

New Trade Campaign Started. First Award To Be Made Next Saturday Afternoon

AWARDS AT 4:30 P. M.

With a new plan similar to the trade day campaigns conducted here several weeks during the summer, Carlisle merchants have launched a new trade stimulation campaign in which $60 or more will be given away here each Saturday afternoon.

The new plan differs from the plans described in the fact that the entire amount will be given each week to one person. The person selected for the award must be present and if not will lose one dollar, the remainder of the award to be added to the award the next week.

The award will be made at the grocery store of Carlisle Cash Saturday afternoon at 4:30 o'clock. The first award will be made Saturday, April 13. The awards will be made on Saturday for the next four weeks, but may be changed to another day after that time. The drawing to determine the person entitled to be added to the award will be given each Saturday afternoon at 4:30 o'clock.

The following merchants are participating are as follows:

Kroger Grocery & Baking Co. Ilumin's Garage, Carlisle Drug Co., Benton's Cash Store, Lerman Bros., The C. C. Cole Co., Hopkins Drug Co., Gatewood's Confectionery, Graham and Mc Carty, Blue Grass Produce Co., Verna Stone's Grocery, Harper Bros. Inc., Harper's Garage, Martin's Garage, Pitman's Jewelry Store, Carlisle Milling Co., Mattie Mill & Supply Co., C. R. King Grocery Bros. & Fisher, H. H. Rudell, George McCann, W. Berry Wilson, William Henry Ledford and A. & P. Tea Company.

The credited drawing committee of taxpayers organized during the last two years with the Kentucky Tax Reduction Association for the purpose of providing for a new state tax study by 1940 on all real estate and personal property for the benefit of schools.

Mr. Holmes estimated a potential increase of $6,588,000 annually in taxes based on the present yield from property taxes," Mr. Holmes said.

Practically all the increases voted at the 1940 session were for bonuses, pensions and other gratuities. Important revenue bills, enlarging the state chain store fees and boosting the liquor levy, were defeated and a levy on carnivals, etc.

Candle Light Service At Methodist Church

On Sunday night, April 14th, the young people of the Carlisle Methodist church will be in charge of a beautiful candle light service entitled "The Light Eternal". Mr. Holmes Myers will be in charge. Miss Marie Shrout will make the Invocation and Carlisle Parker, Jr. Snapp will represent "The Spirit of the Church". There will be fourteen Candle Lighters, and thirteen school and athletic groups. The entire program will be interspersed with hymns. The people of the community are cordially invited to attend this splendid service.

Carlisle Christian Church Sunday school and is assistant Scoutmaster of the local Boy Scout troop.

Methodists To Hold Session At Maysville

Carlisle High School Given High Rating

Annual Inspection By Kentucky Accrediting Association. Is Highest Given

Superintendent E. E. Pfanstiel received this week a letter from the State Department of Education stating that the Carlisle High School has been continued on the accredited list with a rating of A, the highest rating given by the Kentucky Accrediting Association.

In the letter Mark Godman, Kentucky High School Supervisor, extended congratulations to the school upon the high rating.

The local school has maintained this rating for several years. High ratings to attain this rating must maintain high standards of proficiency, not only in the course of study offered, but in laboratory equipment, library equipment and general qualifications of teachers.

The rating of A given a high school entitles graduates to enter Kentucky colleges without entrance examinations.

State Hospital Plan Outlined By Johnson

Reconstruction Program On Institutions Is Started With $300,000 And Take Year

A reconstruction program for the state's three mental hospitals, costing $300,000 and to last a year, was announced by Governor Johnson Tuesday.

The work has been begun at Eastern state hospital, Lexington, and is to start soon at Central state, Lakeland, and Western state, Hopkinsville.

The funds are to come from the $600,000 appropriation for new lands and buildings, which is to be spent at the governor's discretion, and from the $100,000 remaining in the 1939-40 fiscal year "reserve fund."

Johnson said Dean James H. Graham of the University of Kentucky college of engineering has advised him that the central heating for the psychiatric receiving and clinical hospital in Boyle county would be completed this summer. The building is to have 100 beds and receiving, clinical and treatment sections.

Graham said that in order to make the new hospital a "going concern," contracts would be let soon for a central heating plant, a sewage disposal plant and a water treatment plant.

The reconditioning of the mental hospital includes new plumbing, repiping of heating and water systems, rewiring, replastering, painting, reflooring, placing of fire protection doors and fire escapes where needed and new laundry, kitchen and refrigeration equipment where needed. About $100,000 is to be spent at each hospital.

Additional fireproof dormitory space at the feeble minded institution, adjacent to the new state office building now under construction.

Girl Pedestrian Slain In Exchange Of Gunfire

One of a fusillade of bullets fired from two speeding automobiles fatally wounded Claudine Parker, 18, while she walked with four companions on a deserted street in Ashland shortly before midnight Wednesday. The girl, a bullet lodged above her heart, died a few minutes later in a hospital. Two boys and two girls accompanying her were uninjured.

Police were at a loss to explain the gunfire, between occupants of the automobiles which sped away after the shooting, and termed the death of the girl accidental.

The girl and her companions were returning home from a wedding party when the two speeding automobiles sped past them, the occupants of the two cars apparently shooting at each other.

P. T. A. To Meet At Lexington April 23-25

Mrs. C. A. Schroetter, Covington, Kentucky, President of the Kentucky Congress of Parents and Teachers, has issued the annual call to Convention, and has asked the membership of the Kentucky Congress to send accredited delegates and representatives to meet in Lexington April 23, 24, and 25, when the Convention of Congress will be at the Phoenix hotel.

The program will be based on the theme, "Education for Democracy," and is planned to focus the attention of parents, teachers, and all citizens of Kentucky upon the importance of education to and for democracy—the American way of life.

Registration of delegates and visitors will begin at 1:30 p. m. Tuesday, April 23 at the Phoenix hotel, Lexington and the pre-convention board of managers meeting will be held at 2 p. m. on the same date, same place. Sessions will be held at the Phoenix hotel.

"CLEANUP WEEK"

Health Department Calls Upon All Citizens To Participate

"Clean-Up Week" in Carlisle is to be observed during the week of April 15 to 20, Nicholas County Health Department has announced.

It is requested that all people living in Carlisle clean their premises and place the trash in garbage cans on the streets or alleys so that it may be hauled away. It is hoped that all of the citizens of the town will cooperate in this movement to make Carlisle a cleaner and healthier place in which to live.

By cleaning up premises now, flies and mosquitoes will be deprived of breeding places and there will be less of these pests during the summer. All rear premises and alleys should be cleaned as well as back yards.

Not alone as a safeguard for health, cleanups week should be the occasion for raking leaves, ashes and other outbuildings of fire hazards. The winters accumulation of old papers and trash should be removed and burned. Unfortunately, this city has no place to dump paper and this must be burned.

Help to make Carlisle healthier, safer and more beautiful by cleaning up.

Carlisle Students To Attend Music Meeting

Local School Will Be Represented In Ten Events At Meeting At Morehead Saturday

The regional music festival will be held Saturday, April 13, at Morehead State Teachers College, Morehead. Approximately 14 schools will be included in this region. Among them are Maysville, Ashland, Gre
