Service Charge

The greatly increased expense on the banks due to increased taxes, insurance on deposits, social security charges and operating costs generally, necessitates a small service charge be made be-ginning July 1st, 1940.

The undersigned banks have agreed that a charge of two cents on each check issued — other than checks cashed over the counter by the maker—will, on a great majority of our accounts, be a fair and equitable charge to our depositors. A very few accounts will be subject to a special charge commensurate with the expense involved.

We trust our customers will appreciate the new conditions and be assured we wish to extend every
