Growers Urged To Vote On Quotas 23rd

1. Farmers generally grow burley for profit, not entertainment.

2. Low prices have been the result of a larger supply than demand.

3. Production in 1937-38-39 exceeded consumption.

4. Now some 990,800,000 pounds are on hand—over three years supply.

5. Annual disappearance is quite constant—past five years average 326,000,000.

6. Low prices or large supplies have little effect on amount consumed.

7. In three years of very low prices consumption was actually less.

8. Less than 1 per cent is normally exported.

9. So far the present war has reduced the amount exported.

10. The only apparent solution is control of supply.

11. Land, labor, and other facilities are not limiting factors. Twice the amount could readily be produced next year.

12. The present program has substantially bolstered prices as much as five cents a pound according to best economists.

13. But one man on the outside has tended to destroy the program by increasing production as much as ten on the inside, have reduced income.

14. Still under the program burley growers received an average of $61,000,000 more for reduce five years they received an average of $40,000,000 annually for their crop.

15. Without a tax on excess sales that includes all growers the present program on tobacco might fail. During the past crop year, but mostly in '37 and '39 without quotas, the number of burley growers increased from 205,000,000 to 310,000,000.

16. Fifteen other states are anxious to produce more burley. Without the tax on excess sales tends to increase while quotas tend to decrease.

17. Growers of flue-cured tobacco after 1938 over-production and ruinously low prices have voted 90 per cent in favor of quotas; this year they voted again 80 per cent.

18. Under the proposed quotas a man with 1 acre or less will not have any acreage reduction in the quotas are strictly on an acreage basis, and everyone may sell the full amount grown on the acres allotted to him regardless of the yield.

20. We have an outstanding speaker, J. D. Craddick, farmer banker and business man who will discuss this problem thoroughly and in a most pleasing manner. Thursday, November 21. Bond meeting will start at 7:00 p. m.

Roast Turkey The Modern Way

A moderate oven, a shallow, uncovered pan, and a tender, unstuffed bird are the only properties needed for roasting turkey, and it is better than ever if it is tender and well fed before the turkey is killed, says Miss Alexander. Before the bird is put in the oven, it should be rubbed with shortening and seasoned with salt and pepper. Then it is ready to be put in the oven. Miss Alexander advises roasting a young turkey in an unstuffed pan, because the dressing that is added in roasting does not have the flavor that it has when cooked in the bird. The bird has been cooked in the dressing, and it is ready to be served. Miss Alexander says that the only purpose of stuffing is to make the turkey more attractive. Stuffing is not suitable for roasting, and it is better and it is healthier and it is safer to cook the turkey without it. Miss Alexander says that the best way to cook turkey is to roast it in the oven. Turkeys should be cooked at a low temperature (300 degrees F.) and they will be tender and delicious. Turkeys should be cooked to the proper degree of doneness. Overcooking will spoil turkey. That's all there is to a roast turkey, Miss Alexander says. All he had to say was "Bon Appetit." Miss Alexander predicted a surprise in the Asia capitals within a short time, a statement that has information that Stalin is yelling to Adolf to stop treading him like a pal or, somebody to clip Berpes slipped Brooklyn a blue one, containing with Vera Vague, but the dollars are in the ball jet it ... Notes of a Bystander

Nothing happened in the theater last week which is another way of saying that Wm. Saroyan's "The Time of Your Life" is reviewed. The show is the one from the pen with prizes last season, Critics' and Pulitzer, and proves that the critics needed only the first years to start thinking like the Pulitzer prize committee. The notices on the revival were bounty, the boys simply falling their spring vote. Mr. Atkinson found it "a heavy escapade"; John Anderson smelled in it "the rankest sort of hokum"; John Mason Brown's tribute was that "Saroyan knows the value of claptrap"; Mr. Mantle settled for "Saroyan material," and Mr. Kronenberger found out it was "mawkish ... alcoholic escapism." One thing about the show, however, is that when they like something they come right in and stay a while. ... Eddie Cantor, evening Jolson and Wynn their Broadway duties, seemed to us a misdemeanor that he is suffering a little from the Hollywood itch. ... There is pretty soon a form of an expression for First-Nighters, applause hunger. ...

The Magic Lanterns: The new Ziegfeld girls for the Ziegfeld Follies of Yesterday are sure to hop—Girls for the Ziegfeld Follies of Yesterday are the leading role. The theme will be that you can't put 'em on a row, and depending on the girls to carry the show is another way of saying that Ziegfeld is a sentimentalist. ... J. Cuppy ... A Sheridan making the agonies easier by a quip ... Ethel Merman's short sleeves stiff, with "Red" Skelton ... Ethel Merman than the rose Tree Western deserves ... Ethel Merman is good at [illegible] ... The players were here in Britain ... "I Married Adventure" ... Mrs. Martin Johnson ... Some of the watchdogs and hecklers ... Critics ... "Comin' Round the Mountain" ... Critics and Critics ... The old fellow sent on $500 and Boner ...

In the Tavern one night this one a man had a dog named Boner, and the dog died dearly. He also had a son at college. The father and his trouble rambling and needed $500 to help the boy's debts. He wrote his pa saying he'd found a professor who could help him with his talk, for five Cooties ... The old fellow sent on the $500 and Boner ...

A few weeks later the wayward father and mother had him writing father for another $500 for Boner. He got on fine, he's learning to talk, but the professor has to con boats him to read for $100 more" ... The check was sent at once ... The papa decided to pay the boy and Boner a visit, and when he arrived he phoned his son, inviting him and the professor to the hotel ... "Oh," said the professor, "I'm sorry, but I know that Boner will be glad to see me, my birthday! Well, I was always glad to get Boner back home ... alongside my precious Westfield cup ... Boner, I mean ... Wonderful, you miss Dooly as much as I do, don't you, Boner? ... Yes, but I was thinking how to that French verb you gave me to learn ... Do you know, I think I failed him!" ... Boner understood the old boy, 'aren't you sorry?' ...

The Wireless: When radio boxes Joe Louis ... With a couple of exceptions, the fights are a waste of cash. The data be picked up on the ringside typewriters ... Some authority on Dolar and adjunct to battle spots ... Available ... RAF kid who guested for Kite. Murphy ... Ex-champ from London. The 21-year-old lad, giving a fight answer to the perilous job of [illegible] ... Wynne Williams predicted [illegible] ... All he had to say was "Bon Appetit." Reduced Price Announced For American Boy

With the announcement of an enlarged and enlivened magazine, The American Boy, foremost publication for boys ten to twenty, also announces a reduction in its subscription and single copy prices. Hereafter The American Boy will sell for 20 cents a copy at newsstands or for $1.00 a year and $2.00 for three years on a subscription basis.

In announcing a change in editorial policy, publishers of The American Boy assure subscribers that the established fiction heroes who have made the magazine so popular with young and old alike, will continue to tell of their adventures exclusively in The American Boy. Included in this group are Ben Frost of the Citrus Belt Mounted Constabulary and Old Man Mattie, prospectors; Square Jaw Davis, railroad engineer; Johnny Caruthers, diver; Jim Terhune, detective; Ted Morgan, scout; Alan Kobe and Ted Dolman, adventurers in science and others identified exclusively with The American Boy.

However, with a three man crew will come new fiction characters and an enlarged sports, in the non-fiction field. Greater attention will be given to mechanics, aviation, photography and an exceptional achievement section. Each month there will be a picture on the front cover [illegible]

This feature was inaugurated with the November issue which carried on the front cover the picture of America's outstanding driver of high school age.

Teachers, librarians, parents and leaders of boys groups recommend The American Boy enthusiastically. They have found that, as a general rule, boys who read The American Boy regularly advance more rapidly than boys who do not read it. Through the leadership and sportsmanship of its fiction characters, boys are imbued with a desire to become leaders, to develop the high ideals and courage the heroes themselves display.

To subscribe to The American Boy simply send the name and address of the one who is to receive the magazine together with proper remittance ($1 for one year or $2 for three years) direct to The American Boy, 7430 Second Blvd., Detroit, Michigan. 4-7-tf

The honor roll of Kentucky Female Orphan School at Midway for the first six weeks of the term includes Irene McKitrick, of Carlisle, member of the Freshman class, who received a grade of A on all subjects. She is one of the three students of all the school to receive this high grade.

Hospital Notes

Artie Coy, of Cherry street, Lexington, was given blood transfusion on Wednesday, when he was taken very ill in front of the Simons Filling Station on East Main street.

Ruth Rabison Smelting was able to go to her home Tuesday after a successful operation ten days ago.

Mrs. Harvey Gaunce continues to improve.

W. A. Wagoner, of the county farm, and Thompson Payne, continue quite ill.

THE CARLISLE MERCURY

VOLUME LXXIV. ESTABLISHED 1867 CARLISLE, NICHOLAS COUNTY, KY., THURSDAY, NOVEMBER 21, 1940 NUMBER 47

House Votes Leaf Parity Price Raise

Four Cent Boost Per Pound Expected As Result Of Measure Approved Monday

Legislation expected by its sponsors to result in increased prices for burley and flue cured tobacco received final Congressional action Monday.

The House sent to President Roosevelt a measure which would change the base period for computing parity payments on the two types from 1919-29 to 1933-39.

Representative Flannagan (D., Va.) said the legislation would mean that the tobacco growers than any other piece of legislation so far passed.

Representatives from tobacco states estimated that the change would increase the parity price of burley tobacco from 17 to 21.8 cents a pound, and flue cured from about 15 to 22.1 cents.

Under the law, tobacco growers would receive at least the difference between the parity price and a figure representing 75 per cent of parity—and possibly more.

For example, if the price of burley should drop to 15 cents a pound, the grower would receive 3.8 cents a pound, or 16.35 cents is 75 per cent of the estimated parity figure of 21.8 cents.

The minimum payment is fixed by law; the maximum is discretionary with the Agricultural Department.

Payments have not been made under the present law because the price of burley has not dropped to 75 per cent of the established parity of 17 cents.

Flannagan expressed the belief that the effect of the measure would be largely psychological, by guaranteeing large commercial buyers to hold prices up to the parity level.

In order not to require the allocation of parity payment funds from appropriations already made the change in base period was made effective until the 1941-42 season.

Farmers Told Outlook For Coming Year Is Promising

The year just ahead looks good for Kentucky farmers, according to a report prepared by the Department of Markets and Rural Finance of the College of Agriculture. The general level of agricultural prices is expected to rise during the year and, despite some increase in the cost of production, the net agricultural income is expected to show further improvement.

Prices of farm products are expected to be better chiefly because of the national defense program. The large appropriations for the national defense and the resulting government spending will have a favorable effect on employment, payrolls, and demand for foods, fibers and other products of American agriculture. Meats, poultry products, dairy products, vegetables, certain fruits, and other items produced chiefly for domestic markets should be generally favored by this development.

A continuation of wars abroad, especially in Europe, would also have a similar stimulating effect on American industry and so indirectly improve the demand for farm products. The exports of American manufactures, especially airplanes, munitions and other war supplies, have increased at an accelerating rate since the outbreak of war in September, 1939, and they will probably remain at a high level or expand as the war is prolonged.

Former Magistrate Dies After Attack

David W. Booth Succumbs At Home Near Town Tuesday

Mr. David W. Booth, 73, widely known farmer and former county official, died suddenly at his home on the White Chimney pike Tuesday morning following an attack of paralysis.

A son of the late Mr. and Mrs. William Booth, he lived all of his life in farm-ing. He served as magistrate from the Fourth district for 21 years, retiring four months ago. County Judge, completing an unexpired term of the late Paul D. Daniel. He was a deacon in the Carlisle Christian church.

Mr. Booth was a leader in civic and farm improvement endeavors and was popular with a large circle of friends.

He is survived by his wife, Mrs. Ella Booth; four daughters, Mrs. James F. Hardin and Mrs. Allison Barlow, Jr., Bourbon county; Mrs. W. K. Davidson, Jackson; Mrs. D. B. Bogie, Pikeville, and Mrs. Willie Baker Booth, Carlisle; one son, Glenn Booth, of the county, and two sisters, Mrs. Millie Herndon, Birmingham, Ala., and Mrs. Harold Booth, Sharpsburg.

Funeral services will be held Thursday afternoon at 1:30 o'clock in the Carlisle Christian church, with burial in the Carlisle cemetery.

Red Cross Roll Call Progressing Slowly

Many Solicitors Have Made No Report To Chairman

140 members have been reported, with but few solicitors having completed their work as requested to make periodical reports to the roll call chairman. Only a large part of those who returned to headquarters a report that their solicitors are requested to make a more determined effort to secure members for the Red Cross has been given certain important responsibilities in our national defense program and it is the duty of every one to support any and phase of this program in this time of international chaos.

It is very important that we get a large membership in Nicholas county as the Red Cross program as set out by the central committee calls for activity for twelve months of each year until world peace is again established and not just the few weeks that we have been giving it during the membership drive. Won't you help the people challenge to Democracy by becoming an active member of the Red Cross?

Roger Womack,
Roll Call Chairman

Population Of Greater U. S. Is 150,362,326

The census bureau Tuesday placed the total population of the United States, its territories and possessions at 150,362,326.

This represented an increase of 11,923,257, or 8.6 per cent over the 1930 census, on the basis of preliminary figures.

The continental United States population previously had been placed at 131,409,881, an increase of 7 per cent.

Man Charged With Operating Still

Sheriff L. B. Barton and Deputy Sheriff Ben Ed Watkins captured by a state revenue officer, destroyed a moonshine still and two barrels of mash on a farm in the Pleasant Valley section Tuesday afternoon and arrested Leonard "Red Wing" Watkins and charged him with operating the still.

Watkins was cutting wood in the woods nearby, the officers said, and was preparing to start the still in operation. No whisky was found. Watkins was released on $300 bond and will be tried before Circuit Judge Curry.

Watkins is the father of seven children.

250 Farmers Attend Mass Meeting Here

Growers Urged To Vote For Marketing Quotas

Approximately 250 farmers from all sections of the county attended a mass meeting at the court house Tuesday night at which time the provisions of the referendum to be conducted Saturday were explained.

J. D. Craddick, who was selected as chairman, became ill in Falmouth Tuesday afternoon and was unable to be present. Charles Hall, state representative of the AAA, and Marion Little, of the county farm agent, addressed the group.

Mr. Little, who is a member of the state AAA committee, has been a pioneer in the movement to secure control of burley growers, told the group that the present control plan is not the best measure ever enacted but the tobacco growers and urged all to vote for the three year quota. Unless the quota is approved, Mr. Little said, the present supply of tobacco will be further over supplied by the largest crop in history next year.

The meeting was presided over by J. Berry Burnaw, chairman of the county control committee.

The Carlisle high school band, under the direction of Mrs. Cheryl Fightmaster, furnished music before the speaking started.

Brother-In-Law Exonerated In Herrington Murder

Fingerprints of Joe Shields of Hillsboro, Ohio, are not similar to those found by officers investigating the slaying of Shields' brother-in-law, Reynolds Herrington of Harrison county, Cynthiana Patrolman W. R. Fightmaster said he was advised by Newport Police Chief Leo Livingston who studied the prints.

Fightmaster said Shields had requested that his fingerprints be taken and compared with those found at the murder scene after Shields had been released from custody on suspicion of murder.

Herrington's body was found a few weeks ago near the river in Pendleton county where he had gone to visit his wife's parents and to fish in the stream. Fingerprints were found on Herrington's car, in which the slayer escaped and which later was abandoned on a street in Newport.

No clues in the case have been disclosed.

Greeks Seek Immediate Aid From Allies

Bombing Of British And German Cities Continues Axis Seeks New Pacts With Three Nations

Continuation of the terrific bombing of English and German cities has featured news from the European War this week. The industrial city of Coventry in mid-England was practically destroyed by Nazi bombers last week and the Nazi have continued their attacks on London, Liverpool and other large cities in the British Isles. Meanwhile the British have been bombing Berlin, Hamburg and other German industrial cities but the damage has not been so great as that inflicted in England.

Greece has continued to push the Italians from her shores and has invaded Albania in their drive. The Albanian base for the Italian attack has been abandoned by the Italians. Turkey has continued to line up allies and friends among the free countries of the world for planes. Press Minister Theodore Nicoloudis, saying he spoke expressly for Rumania and the United States, urged that Greece's victories must be united by the successes thus far in the Balkan war. "We won't make the same mistake as hereto Finland which, content with her first successes, failed to ask for help from abroad," he told foreign newspaper correspondents.

Germany and Russia diplomacy which Axis spokesmen called a form of war, appeared Tuesday to be directed toward a new agreement among Hungaria, Rumania and Bulgaria as a prelude to a fresh campaign against the British Empire. It is expected that Rumania and Bulgaria will soon join the Axis in the war against British.

Foreign Minister Molotoff, of Russia, conferred with Hitler in Berlin last week and it is believed that Axis-Russia relations were brought closer.

Electors To Vote December 16

Eleven Kentucky citizens, for whom the 1940 Legislature appropriated $700, will assemble in the House of Representatives chamber at Frankfort on December 16 to cast their votes for President and Vice President. They are Democratic electors, who will serve a $100.00 majority of votes in the November 5 general election. Now that they have received the certificates of election of officers and receive, on their one-day official duty, the same pay as members of the general assembly, legislators, which is $10 a day and five cents a mile.

PRIVATE PAY TO DRAFTEES

The Treasury Monday exempted from social security taxes any payments that employers may make to drafted employees to compensate them for the difference between Army and business pay.

MAYSVILLE MAN KILLED

John Henry Brown, 58, of Maysville, was killed Tuesday morning when he fell from a truck on which he was working, and rolled under the wheels.

TO BE ELECTED

The Democratic party in the state will elect precinct committeemen at precinct mass meetings to be held at every voting place in the state on Saturday, Dec. 7.

Weatherime

European war takes heavy toll
Plans complete for quota poll
Children aided by sewing room
State profits by "defense" boom
Turkey prices reported low
Red Cross roll call is slow
Dramatic club to present play
Weather: Cloudy, warmer today.

President Roosevelt Issues Thanksgiving Proclamation

To the Citizens of Our Country:

"I Franklin D. Roosevelt, President of the United States of America, do hereby designate Thursday, the twenty-first day of November, 1940, to be observed Nationally as a day of Thanksgiving.

"In a year which has seen calamity and sorrow fall upon many people elsewhere in the world may we give thanks for our preservation.

"On the same day, in the same hour, let us pray:

"—Almighty God, who hast given us this good land for our heritage; we humbly beseech Thee that we may always prove ourselves a people mindful of Thy favor and to do Thy will. Bless our land with honorable industry, sound learning and pure manners.

"Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way. Defend our liberties, and fashion into one united people the multitudes brought hither out of many kindreds and tongues.

"Endue with the spirit of wisdom those to whom in Thy name we entrust the authority of government that there may be justice and peace at home, and that through obedience to Thy law, we may show forth Thy praise among the nations of the earth. In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble suffer not our trust in Thee to fail; amen."

Hope Held That State Soon Will Pay Warrants

Belief that the state's warrant indebtedness would be reduced by $2,000,000 by next June and expressed that Governor Keen Johnson leaves his office was expressed by State Treasurer Ernest E. Shannon.

The debt, which was $25,000,000 in 1935, when Governor M. H. Chandler became governor in 1935, stands now at $5,811,278.52, Shannon said and added: "I believe that we can pay approximately $2,000,000 of that out of the income tax in 1941 before it all out before Governor Johnson's term ends. I'm not saying we shall, but I believe that it can be done."

Governor Johnson himself refused to make any comments.

Advisory Board For Nicholas Appointed

Five Volunteers Placed At Head Of Registration List

Arlie Lee Gray, clerk in the local ACP office, will probably serve as chairman of the board of Nicholas county in the selective service call, Gray was one of five Nicholas county registrants who have volunteered for immediate service and their names have been placed at the top of the eligible list of registrants. The number of others have also registered immediate service, according to Miss Hallye Griffin, clerk of the selective service board.

The other four whose names have been placed at the head of the list are Harold Powell, Thornton McCord, Howard Mitchell and Carl Chesnut.

Questionnaires have been sent out to the first 100 registrants on the list, it is learned, but to sent out from time to time, Miss Griffin said the local board has been notified that at least 20 per cent of the registrants of the county must be classified by January 1.

Governor Johnson last week appointed advisory boards in each county of the state. The county judge and attorney comprise the advisory boards of each county, the board for Nicholas is composed of Judge D. M. Curry, I. B. Ross and Bruce Morford. The duty of the board is to advise men called for selective service and to assist them in filling out questionnaires.

Health Officer Schedules Clinics For Schools

Dr. D. B. Thurber, Director of the Nicholas County Health Department, has scheduled additional clinics in the following schools in order to give the second doses of diphtheria toxoid, which are now due.

Moorefield school, Monday, November 25th, 9 a. m. Henryville school, Monday, November 25th, 2 p. m. Headquarters school, Wednesday, November 27th, 9 a. m. Barrettsville school, Wednesday, November 27th, 2 p. m. East Union school, Friday, November 29th, 9 a. m. Ellisville school, Friday, November 29th, 2 p. m.

Dr. Thurber urges all parents whose children of pre-school age received the first dose of diphtheria toxoid in one of the clinics last month return for the second dose of toxoid.

1326 Garments Made By WPA Last Month

Ten Women Employed On Sewing Project Here

The sewing room under the WPA operates now in the apartment upstairs over the Peters Shoe Shop. A few fiends have been in the new location, but many have failed to see the attractive rooms and the interesting work going on there.

Employed at present ten women, four of whom spend all their time making garments for men and boys, four others on women's and girls' clothes and two cut, finish, and keep the rooms clean.

This comparatively small group last month produced 1326 garments. These go to people in Nicholas county only. Assisted by funds from the WPA, these garments cost the local fiscal court about five cents each. This money in value is enough to warrant your interest and support of the enterprise.

Still there is another value, produced by the WPA, and that by self respect dependents. Lacking this sensible relief, the county agency in this county is there to give much more than is receiving one public charges?

At any time any day you are invited to see this work in operation.

Valuation Of City Property $1,173,161

Decrease Of $1,804 From Last Year Shown By Report

City Assessor Perry McClintock has completed the assessment of the city of Carlisle for taxes, which, shows the total valuation at $1,173,161, the year to be $1,171,161. This is a decrease of $1,804 from last year.

The valuation of the various classes of property is placed as follows:

Real estate and improvements $833,515.

Bank shares, $197,621.

Tangibles, less exemptions $142,025.

Number of polls, 375.

Number of town lots, 447.

Maintenance Crews To Be Cut Last

Gradual reductions in highway department forces this year probably will preclude slashing of the maintenance force payroll this winter, Highway Commissioner J. Lyter Donaldson said Tuesday.

In previous years budgetary requirements brought about a reduction in the maintenance force of 50 per cent or more in November and December.

Donaldson said that since he took office in January the maintenance force had been cut from 3,387 to 2,759 and the total department personnel from 6,300 a year ago to 4,938 today.

"Economy is not the sole factor that enters in the total reduction," Donaldson declared, "for part of it is due to the fact that we have been cooperating with the WPA this year."

"We are hopeful we can get by this year without the necessity of any general releases," he said.

Leaf Growers Will Vote On 1941 Quotas

Nicholas Growers Will Vote On Question Of Control For One Or Three Years

Burley tobacco growers of Nicholas county will join with growers of other states growing burley tobacco to vote Saturday on two proposals affecting the 1941 crop.

Approval of quotas for a three-year period would call for a national 1941 crop quota of 2,050,000,000 pounds. The one-year quota would call for a production of 2,050,000,000 pounds next year. Officials said approval of the three-year quota would permit U. S. farm planning allotments the same as for 1940 as reduction of present large surplus stocks could be spread over the longer three year quota period.

Adoption of the one-year quota would cause farm acreage allotments to be 10 per cent smaller than those of 1940, Reduction of Ohio, West Virginia would allow growers to produce and market all they desire. Two-thirds majority is needed for the adoption of either quota.

The referendum is mandatory under the 1938 farm act. States which will be voted in the following places in Nicholas county Saturday.

District 1—Headquarters school, Barrettsville precinct, Glory voting booth and Taylor's Store voting booth.

District 2—East Union voting booth, Moorefield voting booth and Bunnell Rossi voting booth.

District 3—Ellisville court house and Donnell's Scales voting booth.

The voting places will be open from 9 a. m. to 5 p. m. Mr. Burnaw said. The ballot will be secret.

There are 1,883 tobacco growers in Nicholas county, who are eligible to vote. Mr. Burnaw said. Last year 850 growers voted and approved the marketing quota by 78 per cent.

Plans Made For 4-H Stick Tobacco Show

Detailed plans for the annual Nicholas county 4-H Club tobacco show were made at a meeting of club leaders at a dinner at the City Restaurant Tuesday night. C. J. Mahoney and Miss Dorothy Threlkeld, of the University of Kentucky, state club leaders, and County Agent M. P. Nichols addressed the group.

Leaders from all of the nine 4-H clubs in the county were present. From reports made there will be approximately 70 exhibitors in the show. The event will be held in the Armory on December 3. It has been impressively set as the date for the show. The clubs also plan a poultry and nut show in connection with the tobacco exhibits.

New $4,500,000 Ordnance Plant For Louisville

The Navy announced Tuesday it would build a $4,000,000 ordnance plant at Louisville and several hours later a $2,450,000 housing program was projected for Fort Knox.

The navy ordnance plant is one of five or six such plants to be built in the south and midwest.

House Refuses To Adjourn Session

By a vote of 191 to 148, the House Tuesday refused to end the present session of Congress and leaders gave up hope of adjournment before the Christmas holidays.

Forty-four Democrats joined with the Republican bloc to prevent adjournment.
