TOBACCO PRICES AT NEW LOW  
Tobacco prices in Kentucky  
dropped to their lowest level  
for several years. The price  
of No. 14 has fallen to 11.50  
cents, the lowest since 1928.

A Great Growth  
While all emphasize an upturn in the  
country, it is important that America should  
not lose sight of the fact that the world  
is still in a state of economic transition.  
The British Empire, for instance, is  
still adjusting to the new conditions.  
The American people must be prepared  
to meet the challenges of a world  
in which the balance of power is  
being re-established.

Too Many High Schools  
High schools in two neighboring  
counties are being closed. The  
Board of Education in Boone  
county has decided to close  
three schools, and the Board of  
Education in Watauga county  
has decided to close two.

Keeping Over  
Simple change. But there are several  
important changes in the fashion  
industry this year. One is the  
tendency toward simplicity. The  
fashions of 1941 are not so  
elaborate as those of 1940.

Kentuckians In High Places  
As has always been the custom during  
war years, Kentuckians are  
being called to service in the  
military and naval forces.  
Many of them are being called  
to high posts of honor.

Bigger Feet  
Paralleling what seems to be a  
national trend, the average  
size of feet is increasing.  
This is due to a number of  
factors, including the wearing  
of high heels and the practice  
of stretching the feet.

Parag. 1  
All reports are to come and Morrison's  
committee reports occupy most of them.  
The many traffic accidents can be traced  
to the fact that drivers are not  
properly trained.

**Every HOME needs a TELEPHONE**

A telephone is something that every  
home really needs. It does so much for  
you and your family - it keeps you in touch  
with friends and relatives - brings you news  
and opportunities - protects your family  
and property in emergencies - saves time  
and energy - runs your errands - helps  
make life easier.

The cost of having the convenience and  
protection of a telephone in your home is  
so small that it doesn't pay to try to do  
without one.

If the \$5,000,000 workers of this country

employees, they would have had additional  
income of \$1,500,000,000, that is, they  
would have received \$1,500,000,000 more  
than they actually received.
