Rural Auctions.

The action is a distinctly rural auction. The first step is the disposal of bank stock and valuable art works. The second is the disposal of the farm in the village. The third is the disposal of the farm in the village. The fourth is the disposal of the farm in the village.

Turning Co-Ed.

The last word of determined masculinity has been said in the matter of the turning of the co-educational institutions of the United States into co-educational institutions. The last word has been said in the matter of the turning of the co-educational institutions of the United States into co-educational institutions.

Enjined.

Japan is the latest country to become enjined. The danger of being enjined is the danger of being enjined. The danger of being enjined is the danger of being enjined.

Going Without Things.

It is said that the most common mistake made by the young men of the United States is going without things. It is said that the most common mistake made by the young men of the United States is going without things.

Paragraphs.

These paragraphs are intended to be read by the young men of the United States. These paragraphs are intended to be read by the young men of the United States.

A War Effect.

One reporter predicts that a change will come in the face of Britain—and it will be the British supply of razor blades it believes. One reporter predicts that a change will come in the face of Britain—and it will be the British supply of razor blades it believes.

Washington Merry-go-round

There is a rumor that the army men of the lower ranks are being sent to the front. There is a rumor that the army men of the lower ranks are being sent to the front.

PLAN FIVE
