FIELD SEEDS

We have a fine stock of field seeds of all kinds. Some of these are very scarce and can only be secured at much higher prices. We would advise you to buy your seed requirements now. And remember we handle nothing but the best.

FERTILIZER

We have just received our first car of Armour's Plant Bed Special and Field Crop fertilizer. The situation is very uncertain. If you buy it or book it now you will have it when you need it. There's nothing better than Armour's.

FEEDS

Our "Old Kentucky" Egg Mash is taking the day with poultry men. It is made under the approval of Experiment Station and we are getting reports from 60% to 85% production. We are also making that good Sheep Feed and have a line of good feeds for all purposes.
