After you've read the news, you want to know the news, you want to know the news...

11 REASONS WHY YOU SHOULD OPPOSE THIS BILL

1. There is no need for the Legislature to pass the pending bill for the sale of Tennessee Valley Authority electricity...

2. Kentucky Utilities Company is not opposing TVA's coming into Kentucky...

3. The proposed act is special legislation because it permits TVA to come into Kentucky entirely free of any regulation or control...

(a) It denies these special privileges which generate their own electricity and buy power from anyone else.

4. TVA has no surplus electricity now. Kentucky Utilities and other companies are supplying millions of kilowatt-hours to the TVA system...

5. Where will the Federal Government and the State of Kentucky replace the following taxes now paid by the private electric utility companies:

- State Income Tax... Federal Income Tax... State Unemployment Tax... State Old Age Benefit Tax... State Gasoline Tax... Capital State Tax... Chain Store Tax... Corporation Commission Tax... Miscellaneous Operating Tax...

6. Many taxing districts in Tennessee are not getting as much ad valorem taxes as they got under private operation.

7. The Pineville Sun reports that as a result of withdrawal from taxation of lands flooded by TVA's Norris Lake, are Kentuckians.

8. The sponsors of this special legislation have nothing at stake. We of Kentucky Utilities Company have our "Business Life in Kentucky" at stake, along with the welfare of our families and our home communities.

9. The use of Hydro-Electric-Power will replace thousands of tons of coal mined in Kentucky by Kentucky employees and hauled by railroads whose employees are Kentuckians.

10. The sponsors of this special legislation have nothing at stake. We of Kentucky Utilities Company have our "Business Life in Kentucky" at stake, along with the welfare of our families and our home communities.

11. IT IS VICIOUS SPECIAL PRIVILEGE LEGISLATION
