Price Ceiling Put On Slaves

The agricultural marketing act operates have a real job on their hands in getting the cotton price down to the level of the market. As the cotton price has fallen, the price of the cotton has risen. This is a situation which the farmer does not like. The marketing act is designed to prevent this from happening. It is a law which will keep the price of the cotton from falling below a certain level. This will help the farmer to get a fair price for his cotton. It is a law which will help the farmer to get a fair price for his cotton. It is a law which will help the farmer to get a fair price for his cotton.
