

THE GARDEN

By John S. Gardner, Kentucky College of Agriculture and Home Economics

The "Warm" Vegetable Despite the summer's lagging, the calendar is in high time for the "warm" vegetables...

Tomatoes - Doubtless, the early plants are set, but the remainder is timely now...

Peppers - The old-time favorite is still good, but the new varieties are being "stuffed" in California...

Plants - To ensure carrying capacity, it is almost essential to spray with Bordeaux or with "White"...

Okra - To guarantee a perfect stand of corn, the seed should be pre-soaked and sown in pairs...

Lima Beans - Kentucky's atmosphere makes it difficult to grow lima beans...

Beans - Beans are the favorite crop of White and Green Vines...

THE MERCURY'S PAGE FOR THE FARMER

The Farm and Home

When purchasing mower sections, it is important to retain the original brand...

Acetate - Acetate is being used in making paper of to make first-class paper...

Practically all vegetables become soft, mushy, sick or rot when a long time is taken...
