Because paint is only as good as it wears - and because it takes months and years to judge the true worth of any paint - the average man must accept the word and promise of the paint manufacturer for the soundness and honest quality of his product.

There are many and devious ways to promise you satisfaction with a paint. There are many and varied guarantees, some replete with high-sounding phrases and warranties - some that seem to have been written for the express purpose of providing for a manufacturer an excuse for the possible failure of his product.

Promises are easily made. Good paint and good performance are not. We believe an honestly made and honestly priced paint needs no excuses made for it - that is why this simple and easily understood statement accompanies the purchase

If at any time you are not satisfied with any Cochran Paint Product, your money will be refunded without question
