ARMOUR'S FERTILIZERS

FOR PLANT BED AND FIELD

While a supply of full-bested fertilizer is available, we would advise purchase of your spring requirements.

Armour is a big concern and we were prepared to make their goods up to standard for the early spring trade.

Again we say: Buy your Armour's fertilizer now.

FIELD SEEDS OF ALL KINDS ADAPTED TO THIS REGION

We are not alarmists, but we do know that the man who buys his seed while good quality is available is in better position than those who wait.

Some seeds are very scarce and will not be available later. This is especially true of Hybrid Seed Co., Alfalfa and Lespedeza.
