**WITH THE County Agent**

M. P. NICHOLS

**CONFERENCE OF LEADERS TO BE HELD**

The next conference of 411 leaders with the County Agent and C. J. McCreary, Assistant State C. Agent, is to be held at the County Agent's office, Thursday night, the 18th, at 7:30 o'clock. Besides discussion of important problems, the main subject for discussion will be the plan for the coming year. The speaker will be detailed in the Spring Bulletin.

**JETS THE MESSIAH FORETELL HIS DEATH**

Lesson Text—Matt. 26: 31-35

Jesus came into the world as the Redeemer of mankind, but he also came to die for the world. He predicted his own death and resurrection. He said, "I must die and be buried, and on the third day I will rise again." This is the message of the Easter story.

**REPRODUCTION OF CHRIST BY FAITH**

Lesson Text—Gal. 2: 19-20

Paul wrote to the Galatians that he was crucified with Christ. This means that through faith in Christ, we die to our old self and live a new life in Christ. We are no longer under the law, but under the grace of God.

**Pasture Treatment Cuts Feeding Cost**

In tests over a period of 151 weeks, results running on a farm in Kentucky, show that the use of a heavy Agricultural Experiment Station pasture, with a 30 percent lime and 70 percent clover, reduced the cost of feeding a cow and calf to 33 cents a pound. This compares with a cost of 45 cents a pound for a standard pasture.

**Food Demand Calls For Better Grass**

To meet the call for more food and milk, Kentucky pasture improvement is being stepped up. It is estimated that the State will have to produce 150,000 more tons of feed in 1942 than in 1941. This means that the quality of the pasture must be improved.

**Logan County Hybrid Corn Returns Profit**

For every dollar spent for hybrid seed corn last year, Logan County farmers received \$1.40 in return. This compares with a return of \$1.10 for standard corn. The extra profit is due to the higher yield and better quality of the hybrid corn.

**Population Growth In Poor Sections**

Strange as it may be, Kentucky's farm population is decreasing in the poorer sections of the state, and increasing in the richer sections. This is due to the fact that the richer sections are able to produce more food and feed, and therefore attract more people.

**Suggestions For "Women And War"**

Added "Women and War" to the list of suggestions for the coming year. This includes the need for more women in the workforce, and the need for more women in the armed forces. It also includes the need for more women in the home, and the need for more women in the community.

**Trailer Theeser To Help Small Farmers**

A small, low-cost trailer has been developed by the Agricultural Experiment Station. This trailer is designed to help small farmers transport their produce to market. It is easy to use and can carry a large load.

**April 5-11 Is 4-H Mobilization Week**

The 4-H organization is holding a mobilization week from April 5 to 11. This is a time when 4-H members are encouraged to participate in various projects and activities. It is a great time to get involved in the community.
