**WHAT ABOUT A&P LOW PRICES**  
Now That Everybody Is Talking About CEILING PRICES?

"Now and after May 15 (when ceiling prices become effective) all A&P Food Stores will continue to give you real low prices on fine foods every day just as they have been doing."

"The new 'ceiling price' regulation will not alter in any way A&P's low price policy. This means that every day at A&P you will continue to get the best foods at markets afford at our lowest possible prices."

"And here is another important fact to remember. Food prices will not be identical in all food stores on and after May 15. Prices will continue to differ in food stores on the same articles—just as they have heretofore."

**OUR CUSTOMERS SAVE MONEY**  
A&P, during the last eight weeks has made big reductions in its operating costs. These savings have been passed along to our customers, so that today they have 9c more of every food dollar to spend than they did in 1933.

It is A&P's policy to continue to conduct its business as economically as possible thus to give you the utmost for every food dollar you spend at A&P stores.
