MAKE EVERY PAY DAY WAR BOND DAY

STOP SPENDING — SAVE DOLLARS

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast-shooting powerful rifles to equip our army. They cost $53 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. But we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and tap the quota in your county by investing at least ten percent of your income every pay day.

Drop some scrap iron in that Scrap Iron Bank up by the court house today.
