## Night Game Is Slated Monday

### Cincinnati Reds to Play First Contest Under Mazdas Against Pirates

There will be plenty of activity at Crosley Field in Cincinnati Monday night, for that will be occasion for the first night game of the season. The Reds and Pittsburgh Pirates will sample under the lights, with the contest scheduled to get under way at 9:00.

Preceding the ball game, there will be a large military display in which some of the personnel at Fort Thomas will participate. The night officials have been designated as "Fort Thomas Night" in recognition of the men at that post.

The night game will be the first for the Reds at home in more than two weeks. It will be the only game at home until Saturday, Decoration Day, as the Reds will take to the road on the following day, heading for Chicago, where a three-game series will be played against the Cubs. On Decoration Day, the Reds and St. Louis Cardinals will meet in a double-header, and, on the following day, Sunday, May 31, the Reds and Pittsburgh Pirates will battle it out in another double-header. This should be a gala week-end for Redleg fans.

Those two doubleheaders will mark the start of a long home stand and will continue through Sunday June 14. Much depends on this home stay, for the Reds must make some hay at home to return to the position they occupied when they departed for the East.

With all the doubleheaders, etc., coming up the Reds' prospects appear brighter. This is so because the Reds have a better balanced pitching staff than any club in the league. Balance of a mound corps starts to show up when doubleheaders are played. McKechnie will be happy to see the doubleheaders for another reason—it will give his pitchers more work. One of the best cures for trouble with his mound corps this spring has been lack of sufficient work, which usually leads to lack of control.

### William Smart Is Initiated

Mr. William D. Smart, son of Mr. and Mrs. W. D. Smart, of Myers, Kentucky, was initiated into the active member in the Morehead chapter, Epsilon Theta of Kappa Delta Pi, a national honorary society, Saturday, May 9. Dr. Thomas C. McCracken, national president of Kappa Delta Pi was present to install the Morehead chapter. He was assisted by Miss Jane Judd, Alpha Pi chapter, Peabody College, Miss Mumia, Omega chapter, Ohio State University, and Miss Foulke, of the Pi chapter of Marshall College.

Mr. Smart was chosen as the President of the Morehead chapter. He is a member of the senior class and will receive his degree in August of this year. He is active in club work and has maintained a very high scholastic standing in all of his work.

### Jenkins School Head Re-Elected

Jenkins, Ky., May 18—C. V. Stumbo, superintendent of schools for a district composed of Jenkins, McRoberts, Burdine and Dunham, has been elected county superintendent of schools of Kentucky with All schools in the county will be under the superintendent here for 15 years. He has served as vice president of the Kentucky Education Association and as president of the Upper Kentucky River Education Association.

The superintendent said today that members of the Jenkins band, completing over the week end for the first time in the national music festival at Nashville, Tenn., won three superior ratings. Director of the band is A. G. Thomson.

## War Bond Quota for May Reached

### County Goes to $7,500 Goal, Is Announcement

Urged to Keep On Buying During Last Few Days to Make Effort

Nicholas county has exceeded its May quota for the sale of defense bonds.

The good news came last night in the form of an unofficial announcement made by Jimes B. Ross, chairman of the bond sale in this county.

"I can't state definitely just how far above the quota we have gone," Judge Ross said, "but I do have in my possession figures that show that we have gone over the top. We have exceeded the $7,500 figure which was given us as our part during the May war effort."

**"Slightly Over"**

Judge Ross said that to his knowledge the sale had "gone slightly over" the allotted quota.

"I know that there have been more than ten thousand dollars in bonds sold, with that figure representing the maturity value," he said. "But you must subtract one-fourth from that to get the value of the quota is figured.

"I hope that people in Nicholas will not rest on the oars for the remainder of this month just because we have done what was asked of us," he went on. "After all this is an all out war and it will take an all out effort to win it. By going ahead and purchasing bonds and stamps this week just as we have the first three weeks we can do this job up in the way it should be done.

"It's going to take that last ounce of effort on our part to carry this matter along as it should be carried."

Since Mr Ross's figures did not and could not, take in the entire sale of stamps in the county, it was thought probable that the entire sale of bonds and stamps would raise the total for the month of May considerably.

**Want Rags**

The Junior Red Cross, this week took over the salvage collection in Nicholas county announcing as it did so that state headquarters had needed a call for rags in addition to the other materials which have been collected during recent drives.

### Board Moves

Quarters of the Nicholas county rationing board were moved yesterday from the Carlisle City Building to the Carlisle Post Office, in the basement. An announcement of the change said that it was made in order to provide more room for the board's expanding duties.

Certificates are now being issued at the rationing board office, Mr. Fisher said, and this will continue during and through the blackberry season.

## USO Campaign Now Has $150

### Good Progress Reported Campaign Leaders Goal Will Be Reached

With $150 already collected, the USO campaign in Nicholas county was in full swing this week, as M. C. Shearer, drive chairman, called for additional volunteers to help with the solicitation.

Large contributions have been the result of direct contact with the public. Mr. Shearer asserted, except for $50 which was donated from funds raised at a Commencement Dance last week.

"The manner in which those persons who have been asked to contribute have responded makes us sure that we will be successful in this undertaking," the chairman said yesterday.

Grant County was the second in Kentucky to report its USO Campaign goal exceeded, according to announcement by Dr. Frank L. McVey, State Campaign Chairman. At the same time Dr. McVey reported that four additional counties had exceeded their quotas.

Grant County Committee, with a quota of $3800.00, has reported a total of $4278.81 raised Hallit County, with a quota of $3250.00, has reported $3846.86 raised. Bracken County with a quota of $500.00, has reported $555.00 raised. Kenton County, with a quota of $12,000, has reported a total of $12,177.60 raised. Mercer County, with a quota of $1500, reported a total of $1,696.00 raised.

The Mason County Committee, first in the state to reach its goal of $2,875.00, has completed its campaign and made a final report showing a total of $3,511.09 raised.

### 45 At School

Forty-five children were in attendance as the Carlisle Baptist church opened its vacation Bible school here this week. James Thompson reported.

### Change Sugar Canning Rules

A change in the regulations governing "sugar for canning" has been issued in Washington and formally received here, Robert Fisher, chairman of the Nicholas county rationing board disclosed yesterday.

Instead of the "five pounds per person," which was the schedule first announced, there will be allowed one pound per person for preserving and one pound for every four quarts of canning, the new provisions say. The amount of canning will be governed by the amount of canning done last year.

Certificates are now being issued at the rationing board office, Mr. Fisher said, and this will continue during and through the blackberry season.

## City Officials Issue Warning

### Ordinance Being Violated by Livestock Owners Armstrong Says

Complaints which have been filed with local city officials have been referred to Police Magistrate Armstrong this week, in which he declared that persons who are allowing livestock and chickens to run at large within the city limits are violating an ordinance and can be prosecuted.

"We have had numerous complaints about this matter," Chief Armstrong said, "and I wish to call the public's attention to the ordinance which requires that any person having livestock or chickens is required to keep them confined on his premises."

**"If those who have been violating this ordinance will begin now that it is obeyed, it will avoid any unpleasant proceedings which may come."**

Armstrong also called attention to the ordinance which requires that property owners keep their premises free of weeds, saying that this matter is not being observed in many instances.

### Start Work

Work of cold patching the Butlerville road was started here this week by a group of Federal Road Hubways workmen under the foremanship of Jesse Ockerman. The project was the first of the pavement season for the state group.

### Realty Transfer

Sale of the 91 acre Huddle farm in the Upper Jacks town neighborhood to Senator Will Shelby from Hiller's estate was announced this week by the Dan Westfall Real Estate Company.

## Eugene Berry, Stony Creek, Takes Own Life

### County Farmer Hangs Self Yesterday Morning in Barn

Thought despondent because of ill health, Eugene Berry, 29 year old farmer of the Stony Creek section, hanged himself early Wednesday morning in the barn at the home he occupied with his mother and two brothers.

His body was found by other members of the family who became worried when he was absent from breakfast. They went to look for and found his body dangling from a barn rafter. He had tied the rope and then stepped off.

**Had Milked**

Mr. Berry had risen earlier than any of the others in his family yesterday morning and had gone to milk. After bringing the milk to the house he had then gone back to the barn where the tragedy occurred.

Coroner J. H. Fulton, who went to the scene, handed down an opinion of death by suicide without impaneling a jury.

Mr. Berry, whose body was brought yesterday morning to the Matthews-Kelly Funeral Home, is survived by his mother, Mrs. Charles Berry; three brothers, John and Leo Berry, who also live at the home place and James, in the army, and by two sisters, Margaret of Frankfort and Mrs. John Nordmeyer of Cincinnati.

His father is deceased.

Definite funeral services has not been made yesterday at noon.

## Germans Claim Kerch, Spring Offensive Here

### Russians Don't Concede Anything, Counter Attack at Kharkov

Adolf Hitler fired with at least one barrel, and maybe two during the past week.

His long proclaimed, long heralded and long awaited great offensive against Russia finally got into high gear, at least to the extent of reversing some spots where the Russians seemed to have offensive ideas of their own.

The Germans claimed Kerch, the peninsula which is necessary to any drive against the rich oil deposits which the ex perts claim are Hitler's main life blood at the present time and where he must get a transfusion if he expects to continue the campaign.

**Reds Hurl Back**

But if the Germans claimed Kerch, they certainly were not laying any claims to victory on the Kharkov front. There the Russians seemed to have the whip hand, and were routing Nazi defenders as well as smashing Nazi counter-attacks.

Hitler's one or two barrels may not be enough, it was indicated from the early returns.

**East Muddied**

Fighting in the eastern theatres of the war was inconclusive, with Japan apparently attempting to deal a decisive crippling blow to China, and the conquest of Burma nearly complete.

The Chinese claimed to have halted the offensive in their nation but the invader was throwing up reinforcements to sustain its troops which had suffered what the defenders said were terrific losses.

The War of the Atlantic continued, with an American destroyer limping into port after being torpedoed, but with American bombers reporting the sinking of two wolf pack submarines off the South American coast.

### Three Fined in Traffic Courts

Still pursuing a policy of cracking down on speeders and reckless drivers, the Carlisle police department during the past week reported three arrests and convictions in Carlisle police court on traffic counts.

Those fined, each receiving the one dollar and costs which Jester Hersh Myers has made customary, were Eugene Hollar, of the county and Roy Padgett, of Bourbon county, and John Bean, negro, of Henryville.

Arrests in the cases were made by Chief of Police Malcolm Armstrong and Night Chief Leonard Cassidy.

Chief Armstrong asserted yesterday that the policy of arresting speeders and reckless drivers will be continued in line with an order handed down by the City Council and that "we mean to break this thing up."

## Five Recruits Needed Badly

### Home Guard Needs Five More to Bring Number to Required Strength

Wanted—five more men.

That was the call issued by Company G, Kentucky Home Militia, as it was announced this week that 37 men were now members of the company and that a minimum of 42 is needed.

Drill nights are every Monday, Captain Roger Womack declared and he asked for five more volunteers immediately to bring the company up to its **three squad minimum.**

**The matter now includes**

George McCann, Howard Rice, James Smoot, Thomas Hardwick, Marion Evans, Douglas Lowry, John Hamilton, Bobby Hamilton, Bob Hughes, Sam Kearns, James Tapp, William McCartey, Joe Clark, John McCartey, Herman Shannon, Andrew Grey, Alvin Stone, Everett Stone, Eugene Dinkert, Jr., William Power, Bed Cordi Grey, Harvey Gaunce, Clyde Allison, Paul Donovan, James Taylor, Charles Purcell, Sam Curtis, George Roberts, James Ott, Ben Alexander, Eugene Neal, G. E. Duncan, Billy Duncan, Maurice King, Major E. F. Pfanstiel and Captain Womack.

### Recaps Scarcer

A warning to "go slow on tires" was issued here this week by Robert Fisher, chairman of the Nicholas county rationing board, who revealed that the applications for recapped tires now in the hands of the board are enough to take up the next five months' quotas.

## Alumni Banquet Is Held At Masonic Hall As Commencement Feature

**(By Mrs. Edna Keller)**

The annual Alumni banquet of the Carlisle high school was held on Thursday evening at the Masonic Temple, with 165 former graduates, the city school board and friends and with the 34 members of the 1942 graduating class, as honor guests, in attendance.

The dining room was attractively decorated with class colors, and a delicious menu was served by the Carlisle Parent-Teachers Association.

Keith Hutchings as president, introduced Pat Conley, who served as toastmaster, introducing the following who gave short toasts, Prof. E. E. Pfanstiel, John Haitlip, class president of the 1942 graduates, and Dr. Conway Boatman, president of Union College, who gave the commencement address, following the banquet.

A business session was then held, in which the "Loving Cup" was given the class of 1941, for having the largest percentage of the class present, and was received by the president of that class, Franklin Bell.

Officers for the ensuing year were elected, resulting in Mrs. Taylor Mathers of the 1893 class, being elected president, which was most fitting as next year will be the golden anniversary of the association, and Mrs. Mathers was a member of the first class. A special program will be arranged in celebration. Only two members of this class were present, Mrs. Mathers and Mrs. Charles L. Linville. Other members of the class were, Miss Laura McIlvain, Pleasant Valley; Mrs. Ethel Clark, Paris; Miss Ada Gustin, Florence, Kentucky; Mrs. M. T. Ruddell, Carlisle; Mrs. Nan Tribble Glenn, (deceased), Clifton H. Fisher and Thornton Pratt of Chicago, son of the superintendent. Prof. D. P. Pratt, (also deceased.)

Other officers elected were vice president, John Haitlip

(Continued on Page Eight)

## Funzapoppin Will Be Staged At Carlisle City School June 6 & 8

With the cast tentatively selected and rehearsals already started, the home-talent production "Funzapoppin'," which will be directed and staged by the Empire Producing Company of Kansas City was well on its way here in Carlisle this week.

The musical comedy will be presented twice—on the nights of June 6 and 8 in the Carlisle City School auditorium at 8 o'clock, under the sponsorship of Company G, Kentucky Active Militia.

Miss Ruby Rutherford, of the Empire company, arrived in Carlisle Wednesday afternoon and started to work immediately. After conferences were called and talent selected tentatively for the various parts in the play, and a group of local boys and girls engaged for work in the chorus, she announced the first rehearsal for yesterday.

One half of the proceeds of Funzapoppin' will go to the USO campaign, although the USO is not sponsoring the production. The announcement that the service organization will share in the proceeds came from Militia officials.

A popularity contest will be staged in connection with the play, with Miss Rutherford directing the procedure of both.

The cast which is giving its time to put on the best play that has ever been staged in Carlisle are:

Rose Ward in leading role of Betty Blair, a girl.

Douglas Lowry as Bobby Blair, college freshman in drafted age.

Oliver Lambert is Professor Sylvester Fogg III, a herpetologist and in love with Trudi played by Helen Blake.

Eleanor Reynolds as Mrs. W. Brown, Trudi's mother, is looking for a man with money for her son-in-law but knows that John Haitlip as Vic Truman just won't do.

Friends of Dr. Don Thurber may not recognize him as J

(Continued on Page Eight)

## GIBBERISH

**Tell de Truf!**

Dusty Wilson, who has a vocation of listening to the broadcasts of the Cincinnati Reds baseball games, and who makes an avocation of waiting tables at the Feehack Hotel, was instructing another colored boy in the art of securing a baseball game with a team from Owingsville.

"Get the best terms you can," Dusty instructed his emissary. "Get it on a sixty-fifty basis is they'll stand still for it."

**The Quick and the Dead**

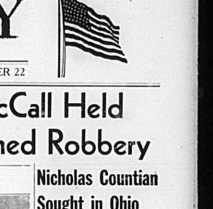
Typographical errors can sometimes be amazing . . . if they don't happen to you.

There was in the Milwaukee paper, for instance, which had the headline about the "Park Commissioners Order New Wenches" . . . Classic of understatement was this news story . . . It said "Tony Maremo, miner, crawled back into the mouth of a mine today to see why a charge of dynamite

(Continued on Page Three)

## Bob McCall Held for Armed Robbery

### Youth Leader



Rev. L. D. Smith will have charge of the youth people's work in the coming revival at the Carlisle Methodist church.

## Credit Rules In Effect Now

### Order Prohibits Carrying Open Charge Accounts Over 30 Days

Local merchants this week called attention to the new Federal Credit Regulations, now in effect, which require the prompt payment of retail store charge accounts.

**In a prepared statement, they asserted that "all customers who now enjoy the privilege of open or 30 day charge accounts in retail stores must now abide by uniform, national credit regulations, specified by Regulation "W" dated May 6, 1942, issued by the Federal Reserve System, and based upon an executive order by President Roosevelt.**

The stores themselves have no alternative but to obey the regulation. Bills rendered in June for purchases made in May, or prior, must be paid before July 10, or the merchant will be in violation should he then extend further credit.

### Moves Here

Mrs. R. E. Beck, of Durham, North Carolina, mother of Mrs. Charles L. Linville, has arrived here to make her home with her son and daughter. She has formerly lived with her son, James Beck, who was recently called into the United States Army.

### Nicholas Countian Sought in Ohio on Bandit Count

Two Others Held After Gun Battle With Ohio Officers

Robert McCall of Myers Station, was in Nicholas county jail this week, waiting extradition proceedings, which, if successful, will send him to Ohio to face charges of armed robbery.

McCall is charged in the matter with two other Nicholas natives, Ernest and Frank Bowles, brothers and former Myers residents.

**Took Money, Car**

The trio is accused of holding up a Dayton, Ohio man named Luther Greene, and of robbing him from his automobile at the point of a gun—taking $126.00 in cash and a 1937 Pontiac car from him.

The alleged crime reportedly started in Dayton and the Pontiac was challenged by Ohio officers in Washington Court House. The two Bowles brothers were captured as they attempted to flee, Ernest being wounded by a machine gun in the hands of the state patrolmen.

**Refused to Waive**

McCall, who is on parole in this state, is charged with *having been in the car but with having made his escape. He was arrested here Thursday afternoon by Sheriff Floyd Clark and Deputy Sheriff John Anderson at his home near Myers.* They said that he offered no resistance and was crying when taken from his house. He is married and the father of one child.

Sheriff Clark said that he expected Ohio officials here "any day now" to attempt to extradite McCall. He refused to waive the extradition and this must be done by the Governor in Frankfort.

### Made Colonel

Major Everett Earl Pfanstiel, of the Kentucky Active Militia, has been promoted to the rank of Lieutenant-Colonel, in advice from Frankfort said yesterday. Lieutenant-Colonel Pfanstiel, superintendent of Carlisle city schools, is ranking officer in the local unit of the Militia.

There are two regiments in this area, of which Lieut.-Col. Pfanstiel will be executive officer.

**Penny Wise says...**

*"Every wasted penny shrinks a defense dollar."*

IT'S wise to measure garments before laundering; from end to end, from center of collar to hem, and width of waist. Then follow the measurements in shaping while ironing. You'll save time and money by such care!

Then put those thrift-wise coins into U. S. SAVINGS STAMPS. Don't forget to suggest that your husband make every pay day a savings day in the name of freedom.
