Three Scraps From One Sign Board

The finest thing about the erection of the Honor Roll sign, which is to be placed in the Armory there, and in the front of the court house yard, is that every person who has a part in it is adding to the structure.

The idea of having the sign paid for through the collection of scrap from two kinds with one name. Myrtle Burch is erecting the sign, a wonderful testimonial to the boys who have given it. It is the scrap, which is donated by a community war effort, and it gives a community feeling about the whole enterprise. We are proud, but we believe that the erected, these three is the latter.

How To Win

We all need to know each other better, even in small cities as Carlisle. It was pointed out by a leading citizen recently that the more we know each other, the more we are able to help each other in the time of need.

Carlisle is Suffering a Major Loss.

It is our belief, that it is a great loss to the community of Carlisle to have lost a person like Robert Fisher. Carlisle is suffering a major loss. We are proud of his many good qualities, his many virtues and his many accomplishments. We are proud of his many good qualities, his many virtues and his many accomplishments.

Why We Fear The Fair Sex
