

### A Page Dedicated To The Farmers Of Nicholas County Ky.

**Farmers Should Plant More Shade Trees**

Kentucky needs at least 500,000 trees planted on farm lands to reduce the amount of soil erosion, to conserve the highways and animal products to insure a half-million trees were planted each year. The first year of the Kentucky shade tree program was in 1937 when 100,000 trees were planted. In 1942, the number of trees planted was 150,000.

**IOWA BROTHERS WIN SWINE AWARD**

The importance of food in the war effort, the introduction of food rationing, the shortage of some unrationed foods have stimulated an unusual interest in the raising of swine. In 1942, the Iowa Brothers won the swine award for their excellent swine. The award was given to the Iowa Brothers for their excellent swine.

**KEEPING RECORDS PAYS**

Now is the time to keep against animal epidemics. It is important to keep records of the swine raised on the farm. This will help in the event of an epidemic.
