A Message of Hope. President Roosevelt's message to Congress on Thursday was a New Year message of hope...

It is probably like the Kentucky Derby, where the winner is not known until the race is over...

Incidentally, this number also announced the 50,000 figure which Mr. Roosevelt set as a goal for the year started...

The figure of 11 billions of annual production in manufacturing is a goal for the year started...

It is a message of hope, a message of faith, a message of courage...
