News From OUR BOYS In The Service

Ft. Thomas, Ky.
May 12, 1943

Dad:

Today I received your letter which was sent to W. Va. I believe it was mailed April 30th. It must have gotten lost.

I left the hospital last Monday morning and arrived here around 3 p. m. I have been sent here on limited duty. Since being here I have been placed in the Quartermaster Section, which I suppose and hope is only temporary.

I came here with the full intention and my mind made up to file application for O. C. S. Officers Candidate School. The present circumstances don't permit me a good chance. I intend doing this though at my earliest convenience.

I started to work today, the first I've done for almost seven months. am really tired tonight.

The work isn't at all hard and is plenty interesting. As this is an induction center of course new men are coming into the army practically every day. I work in a large warehouse where their initial clothing is issued. When they reach me I help to recheck and see that each one has everything he is supposed to have. Quite a few pieces, totaling $85.

Today a couple hundred came through, mostly from Eastern Kentucky, Hazard, Harlan, Pikeville and those places.

I know that some of them lack the slightest idea as to what they're getting into.

I never saw or thought so many people were unable to tie a necktie. I tied at least 50 today. Some said they had never worn one before.

At present I am feeling very good. Of course I have felt better but I had to get out of the hospital and try to do something. At least the time will pass better.

The place here is nice, being in very good distance of Newport, Covington or Cincinnati, take your choice.

Suppose you ask Uncle Harry for Jewel's address so I can drop around and see her sometime.

I may be able to get home for a night before long, not sure.

We are allowed out every night until midnight and all might once a week. That isn't bad.

Tell everyone hello for me and that I'm starting to write and give it another trial. If my luck improves as I believe it will maybe I'll be back over there again sometime.

Until later I guess this is enough for now.

Your son,
Dud

Dearest Mother and all:

Well, we finally landed in California on the desert, and it surely is a desert too; nothing but sand and a few trees. We sure did have a nice trip. Had plenty to eat. Had fried chicken and beef. It sure is a rough country down through Arizona, nothing but mountains and trees. We saw several rivers and some irrigation ditches. We are about 50 miles here from town and there is not a house in sight. They said it hasn't rained here for 18 years. Don't know if that is so or not. We have to haul our water 50 miles. We have mountains all around us. They are about 10,000 feet. There were guns up in the air. We left camp Wednesday at 5 o'clock and got here Saturday evening at 5:00. Sure was a big job to load and unload all the stuff we had. We don't get to take a bath but twice a week and have to shave in cold water. We don't have room any kind of a light. Have to go to bed before dark and get up after daylight, so we get plenty of sleep. It is not as hot here as they said it was. It is cooler here than it was in Texas. They were all wanting to get out of Texas as bad. They wish they were back there now.

I don't think we will get a day off a month to go to town. The closest town is Indio and it is not very big.

Well guess I will close for the time being. Don't expect to hear from me as much as you did because it is about dark when we get off. If you have got to do anything it will get so dark you can't see to write.

Love,
Earl

India, April 18, 1943

Dear Parents,

Today I received your two very nice and much appreciated letters, one of the latter part of March and the other the early part of the month. The former contained an Easter Greeting Card which Dad wrote a brief message on the reverse side, that was very good and an inspiring thought from that favorite old hymn "Yield Not To Temptation" and as I have it before me here in the stillness and quietude of the office, I just had to take time out from my letter and sing those precious lines over. I am so thankful every day for what you have both meant to me, the good examples which were set before me and which I have tried to abide by. When you hear young men say that their fathers kept whiskey in the home in easy access to them or would even drink with them and start giving them cigarettes and tobacco at an early age, well without a doubt, these young men and boys are going to carry out this policy through life and expect to hand it down to their sons, but as I often think, if I ever should become a father all these habits, I couldn't blame anyone but myself for lack of will power.

I also appreciate all the interest that has been shown by different ones in my welfare, all the earnest prayers that have gone up. I feel they have been answered and requests granted in numerous instances.

Frank wrote a nice letter, seems that he too is trying to do the right thing and I was glad to hear that his Dad had turned over a new leaf.

Do you know if Kathryne is still at the Narcotic Hospital? I sent her a Christmas Card in care of the address and asked her to let me hear from her. Is Lorine Wilson Poisal still at Paris, Texas? Samaritan or has she joined the Army Nurse Corps? Have the Glenn Clay come out in the Aeronautics school? Did Pearl Vice get in the army or as yet?

Tell Mrs. Florence I received her nice Birthday card and note and appreciated it so much and express my thanks and gratitude for all her kind thoughts and prayers for me and my welfare.

This leaves me fine and I hope you folks too, are all well and enjoying some more pleasant weather. Do try and lay off a lot of that unnecessary work and take the best possible care you can of yourselves for your own good and mine. We are taking all precautions against malaria and other tropical diseases. Mosquitoes are worse, mosquito bars etc. Mother I had to come a long ways over my first birthday, but we soon got rid of them too.

Well I'll bring off for this time and with lots of love to all, and especially to you both from mine. We are fine.

Your loving son,
R. H. Myers'
Africa
April 24, 1943

Dear Dad:

Just a few lines to let you know I am still O.K. and that I am doing my best here to get this thing over. It is getting hot over here but we will win. I asked my C. O about that paper and he told me that I could get the money if I was made in my name. A lot of the boys didn't sign the paper but they had the subscription made in their name.

We are seeing quite a bit of excitement here and dodging the air bombs and shells and I think that I have been in a few touch spots but I have been able to escape so far.

I am enclosing a letter of commendation that the General gave to all messengers and I want you to keep it for me when I get home. Will show it to the Carlisle Mercury.

We have done a good job for him so far and hope to keep it up. We are getting our mail regularly now and I hope we keep it up. Tell all my friends in Carlisle hello.

I just stopped writing long enough to watch some artillery shells burst out so far away. It is all very thrilling if they don't light too close.

Well Dad, I had better close this short letter for the present, hoping you do get the paper in my name and also write to me soon.

Your son,
Pfc David Barnett

Following is the letter of commendation spoken of above:

Headquarters Ninth Infantry Div.
Office of Commanding General
A. P. O. 9
22 March 1943

Subject: Commendation.
To: Commanding Officer, 9th Signal Company

I desire to commend you, your officers and men for the efficiency and zeal with which you have performed your duties during the period of February 27 to March 21, 1943.

The wide sector occupied by the Division called for long hours of work to install and maintain communications over areas covered with enemy mines. This work was performed in a courageous, diligent and efficient manner reflecting great credit to the officers and enlisted men of the Signal Company.

M. S. Eddy,
Major General, U. S. A.,
Commanding

May 11, 1943

Dear Mom and all.

Well, this leaves me some where in Idaho. We left Gesgh Field yesterday at 8:30 a. m. When I went to bed last night we were in Washington and it was so hot we had to raise the window and this morning when I got up the snow was blowing in the window. We were in Idaho then. We have been traveling in it all day. Everything is pretty out here in the west now. Sometimes we travel for two or three hours without seeing a house or anything. We can see for miles and can't see a thing but plains. We came through some mountains this morning and some of them were higher than the clouds.

Well, it is almost bedtime so I will say good night. I guess I will wake up in Utah for we are headed that way. Well good night all.

Good morning all. This is May 12th at 7 a. m. and I just got up. We are in Salt Lake City, Utah. We have been here since 4 a. m. this morning. I can see a lot of salt beds as far as I can see. It shines like diamonds in the sun. It is the most exciting thing I have ever seen.

Well, I will write tomorrow, so bye, bye.

Love from,
Chuck

THE CARLISLE MERCURY

"DOG-EAT-DOG" PHILOSOPHY IS TO BE DOOMED

Happiness Will Come As Result Of Giving To The Community Wholesome Ideas

CHANGE TO COME AFTER WAR

The post war world is not going to tolerate the cutthroat philosophy of trying to get out of the world as much as possible. Instead, people will discover happiness that comes in giving to the community in terms of ideas. Dr. Louis Finkelstein, president of the Jewish Theological Seminary of America, New York, believes.

Dr. Finkelstein spoke last night at a dinner given in his honor by Adath Jeshurun congregation.

Discussed Peace.

As a serious scholarly man, he discussed religion and its contribution to an enduring peace during an interview.

Requested by President Roosevelt in 1940 to act as a liaison officer between the White House and members of the Jewish faith in the general efforts to promote world peace, the religious theologian has formulted some definite opinions on peace plans.

"We must have a long or lasting peace will depend on whether we as individuals can overcome the tendencies in our minds which made the conditions of the present world inevitable," warned Dr Finkelstein.

Paraphrasing Florence Nightingale, who said, "Whatever hospitals should do, they should not spread disease," he declared that whatever religion it certainly should not foster dissension among people.

In America we are fortunate that the three dominant religions — Catholic, Protestant and Jewish —while they have distinctive teachings agree in their emphasis on the fatherhood of God and the brotherhood and equality of man, he said. ff

"The world is becoming more religious," commented Dr. Finkelstein. "I see churches everywhere I go, even in supposedly elated New York."

The renewed world, he said, is such that civilization simply cannot survive unless based on such religious principles.

Will Influence Peace.

American boys in the foothills of Guadacanal and the slit trenches of Africa have learned that great truth, he emphasized. Many things there have been proven insufficient and there need the permanent truths of religion. Religious factors must be a vital part of the actual peace treaty, he declared. "I believe that if we are to prevent a world war III we must have the people in whose minds the peace will be guided by the new religious spirit permeating the world, he asserted.

Dr. Finkelstein was awarded the Townsend Harris Medal in 1940. He is the author of more than a dozen theological books, including "Faith for Today," written after America's entry into the war.

Would Turn to Classics.

As a former lecturer at Johns Hopkins University, Oberlin College, Hartford Seminary Foundation, Duke University and present head of the foremost Jewish seat of learning, Dr. Finkelstein was asked his viewpoint on the role of education after the war. He said that we ought to hope that the war is the war to over we'll turn to the classics, philosophy and history as a means of clarifying our ideas regarding the meaning of life itself. Only a small section of the world is industrialized and has possibilities of following our scientific research, but every part of the world can be communicated with in terms of ideas, Dr. Finkelstein concluded—Taken from the Courier Journal.

ELECTRIC FENCES

Much greater use of electric fences on farms will result from fencing material scarcities. The one-strand fence also saves labor, and WPB favors it.

Major Endorses WAVE Month

On May 28 Governor Johnson issued a proclamation which designated June as WAVE enlistment month. Since the people of this community are 100% American and true Kentuckians as mayor I should like to urge that our women investigate the opportunities offered to them by the Navy and definite service that they can render in helping to win the war by enlisting in the Navy.

Let me urge you to give this matter your most serious consideration and plan how you can assist the Navy in the fight for our very existence.

Mayor City of Carlisle, Ky.
H. C. Talbert.

Brothers Named County Chairman

Mr Newton Brothers, Carlisle, has been selected as Nicholas County campaign chairman for Ben Kilgore, candidate for the Democratic nomination for Governor, it was announced today by Harry L. Waterfield, state chairman of the campaign. Mr. Brothers is well known in Nicholas County and throughout this section of the state. He has been prominently identified with the Democratic party and is one of the leading citizens of Nicholas County. "We will promote a vigorous campaign in behalf of Mr. Kilgore, a free people's candidate," Mr. Brothers said when accepting the appointment. "Conditions at Frankfort in our state government have become intolerable to citizens of Kentucky who believe in government of, by and for the people. Ben Kilgore is a free candidate, sponsored and financed by free citizens of Kentucky whose purposes have always been and are now in the interest of good government for all and special privileges for none." Mr. Brothers continued.

His primary purpose is "To build Kentucky and not a political machine," the chairman said. "People are thinking today as never before about the blessings of genuine free Democracy and if our boys must fight to rifree government all over the world then we must live and work and vote to safeguard and strengthen Democracy at home. Victory for Mr. Kilgore in the state primary means destruction of a powerful and corrupt political machine and selfish, self-perpetuating political machine. I shall devote all my time and energy to this campaign," Mr. Brothers concluded.

General Council Meet

The General Council of the Christian church, will meet at 2:30 next Tuesday afternoon, in the junior parlors, with the Miranda district giving the devotional and social hour will be held after the business session with Miss Martha Taylor as honor guest.

Miss Taylor is the daughter of the late pastor and his wife, Rev. and Mrs. LaVerne Taylor, came to Carlisle last week after graduation at the Cincinnati Bible Seminary.

R. M. FEESE

THE MERCURY IS TO HAVE NEW EDITOR

With this issue Mr. R. M. Feese, a newspaper man of wide experience, takes charge of the Mercury under a two-year lease contract from the owner, Mrs. Warren Fisher. Mr. Feese will have complete charge of the Mercury as Editor and Publisher and he will look after all the business interests of this paper. He will be pleased to have the people of Carlisle and Nicholas county stop by the office and get acquainted when the opportunity affords.

Fifty-Four Stars On Service Flag

A service flag with 54 stars, was presented by the Broadcasters' Class of the Christian church Sunday night to the church, by this class president, George Rankin Carter and was unfurled by Capt. Robert O. Henry. The 54 names were read by Miss Marie Flora and Mrs. S. H. Cunningham subsequently Keep Both Flags Flying."

The pastor Rev. LaVerne Taylor made the address on "The Fight of Faith."

PARIS SOLDIER WOUNDED IN NORTH AFRICA

Among the number listed Thursday by the War Department as wounded in action in the North Africa area appeared the name of Private William Smith, a son of Mrs. Stella Smith, of Route 5 Paris.

HENRY FORD SUCCEEDS SON

Henry Ford became president Tuesday of the company he founded when he was elected President of the Ford Motor Company, taking office after Edsel Ford tendered last week by the death of his son, Edsel Bryant Ford.

Third Of Application Cards Incorrect

Applications for War Ration Book No. 3 incorrectly filled in will delay the delivery of books until after August 1st. O. P. A. officials announced.

At least 10 per cent of the applications were unsigned and the rest were erroneously or illegibly signed, they said. Hundreds more are being held to postal officials for insufficient postage.

Applications which were mailed to Kentuckians ten days ago should be returned to the Louisville mailing center not later than June 15. Those arriving after that time will not be processed until after August 1.

Persons who do not receive their new ration books, which probably will not be of any use to consumers until the middle of September, will be given instructions "within a reasonable time" on how to obtain them, the O. P. A. said. Under no circumstances, O. P. A. officials said, should consumers call at the mailing center in person or correct or inquire about their applications.

Consumers who have not received application forms should obtain them from their nearest postoffices, the O. P. A. said.

Holiday Casualties Are Reduced

Memorial Day week-end deaths over the nation were 154 as compared with last years' 204. The drop was attributed to war factors—the ban on pleasure driving and the uninterrupted operation of war plants and the shift of civilians to the armed forces.

SORRY WE ARE LATE

Probably for the first time in a long time the Mercury is several hours late with this issue for which the management expresses regrets to Mercury readers. The delay was unavoidable due to circumstances necessary to the change in proprietorship. All of us connected with the Mercury force promise that we will not permit this to occur again if it is within our power to prevent it.

New Ratings Open In The Navy

It was announced today by the U. S. Navy Recruiting Station Lexington, Ky., that men from 17 to 50 who are skilled in the construction and who wish to enter Naval Service will be interviewed on June 9, by Lt. Leonard J. Snell at the Lexington Station.

In announcing t he date of his arrival Lt. Snell stated that seven new ratings were open for men in construction work. "These ratings are—cooks, bakers, steam and ment makers, armorers, excavation foreman, powderman and stewards.

Applicants who wish to be interviewed by Lt. Snell are urged to bring letters of recommendation with them on the above date.

South Dakotans has received his call to enter t he armed forces and left Wednesday for Camp Grower, Mo., after reporting at Fort Thomas. As t he is only son of Dr. and Mrs. S. F. Hutchings, and completed training at Lafayette training school.

COMMENCEMENT U. OF K. FRIDAY JUNE 4, 7:30 PM

Hon. Joseph Clark Grew, Former U. S. Ambassador To Japan Commencement Speaker

450 WILL RECEIVE DEGREES

Approximately 450 students will receive degrees at the 76th annual commencement exercises at the University of Kentucky, Friday, June 4 at 7:30 p. m. on Stoll Field.

Hon. Joseph Clark Grew, Washington, D. C., former U. S. ambassador to Japan, will be the commencement speaker.

The 173 students who completed work leading to degrees at the close of the summer quarter in August, and who have already received their degrees, have been invited to return for the June commencement exercises as guests of the university on graduation in June. It will be held annually at the University of Kentucky hereafter.

A feature of the 76th annual commencement will be the audience in the stadium of the approximately 1,600 soldier-trainees enrolled in the Army Specialized schools on the campus. President Herman Lee Donovan has extended an invitation to Col. B. E. Brewer, commanding officer of the campus units, for these men to attend the annual outdoor commencement. as planned, the units will be marched to the exercises and seated in a special section reserved for them.

SUMMER QUARTER TO OPEN JUNE 14

The summer quarter at the University of Kentucky, which opens June 14, will go forward as planned, with a complete program of studies for regular students to be given by the regular University staff, Dr. Leo K. Frankel, university dean and registrar stated contrasting rumors that the so-called 18-hour program on the campus would interfere with the regular quarter." Dr. Chamberlain asserted, "and in any event provision has been made to conduct the two terms of the summer quirter, from June 14 through July 21, and from July 22 through Aug. 28, as usual."

A wide variety of courses will be offered. "All of these courses will be given by the regular University staff.

Self-Inflicted Wound Fatal

Mrs. Lillie Anne Clark Jones, 48 died from the effects of a self-inflicted gunshot wound Friday morning. According to a report by Coroner J. H. Fulton.

Mrs. Jones is survived by her parents, Mr. and Mrs. John A. Clark, with whom she lived, and a son, Chester Lee Jones.

The body was at the Mathers, Potts and Shearer funeral home.

Funeral services were held at 2 o'clock Saturday afternoon at the grave in the Carlisle cemetery. The Rev. O. C. Seeves, pastor of the Carlisle Methodist church, officiated.

THE MERCURY LEASED TO MR. R. M. FEESE

Beginning with this issue I have leased the Mercury to Mr. R. M. Feese fo ra period of two years and Mr. Feese is now in charge of all departments of the paper as editor, publisher and complete management of the business.

Mr. Feese comes to the Mercury highly recommended as an experienced newspaper man of statewide reputation. In addition to being an able editor and news writer, he is equipped with a knowledge and technique of the mechanical workings of a weekly newspaper. In fact, he is a practical printer and qob printing business; and can and will help out in a rush with his printing in addition to his editorial and news-gathering duties.

I unhesitatingly recommend the new editor to the readers of the Mercury and the people of Carlisle and Nicholas county with a thorough conviction that you will be well pleased with the conduct of the Mercury under his direction.

Mrs. Warren Fisher,
Owner.

Ration Books Lost

More than 1,000 ration books were lost or stolen in the fifty-three eastern Kentucky counties during May, district authorities of the Office of Price Administration reported today.

E. Reed Wilson, manager of the district office, announced that additional applications would be applied to persons seeking replacement of books. The new regulations require a hearing before the city board fixes for the next ensuing Board for any applicant seeking a replacement and also three days that at least thirty days elapse after the application is filled for replacement of a food ration book, unless the local board decides an emergency exists.

Republicans Endorse Willis

The Nicholas County Republican Committee and leading Republicans of the county held a meeting at ... Saturday afternoon and went on record favoring Van Willis of Ashland in the race for Governor.

George D. Scott is chairman of this committee and O. R. Gaffin is secretary.

Labor Shortage In Todd County

That operators of 27 farms in south Todd county may fall short of their usual crop and livestock production because of the labor scarcity was brought out in a survey made by the farm management department of the Kentucky College of Agriculture and Home Economics. The survey showed that in 1942 there were 66 regular yearhands or croppers on these farms; this year there are but 50. Six of the 27 farmers are looking for year-hands while 20 of the 27 need extra seasonal labor. Two farmers who signed up to grow hemp have changed their plans, due to the labor situation said Farm Agent Stuart Brabant.

2nd. War Bond Flag Dedicated

The flag awarded to Nicholas county for exceeding its quota of $402,000 in the recent war bond drive was formally dedicated at 2:30 Sunday afternoon, Memorial Day, in the court house yard. The flag was attached to the large flagpole in the yard of the service men's signboard.

Nicholas county has at present some 550 young men in service and about half of the names have been painted on the board, when it was dedicated, and the others are being added.

Judge Innes B. Ross, in charge of the service, assisted by Capt. Roger Womack, have served as chairmen of the Red Cross and War Bond Sales.

Approximately fifty veterans of the first World War were assembled in a body and Judge Ross commended them for their former service.

Judge Ross paid tribute to Lloyd George, 22, the only soldier from Nicholas county, who is definitely known to have been killed in action on January 29, 1943, and Sanford Shrout, who has been missing in action since May, 1942.

The flag was unfurled by Capt. Womack, and Dr. Cecil Vi Crabb, pastor of the Carlisle Presbyterian church, who was in charge of the city band sales for the second drive, gave the dedicatory address.

Dr. Crabb addressed his thoughts to the boys representing us in the service today, who were here in spirit, if not in person. He also announced that a memorial union service would be held in July on a Sunday night in memory of the dead and missing from the town and county.

He commended the cooperation of the citizens of Carlisle and Nicholas county in civil and war work. He stated that there was no sacrifice too great for the people of this community to give in these perilous times, closing with a beautiful dedicatory prayer.

Approximately 500 people witnessed the unfurling.

Latest War Bulletins

IN CENTRAL CHINA—Chinese move forward on a 300-mile front, assaulting a Japanese regiment, one of the greatest victories of the war. This move covered the enemy's retreat in southern Hupeh Province and enveloped many Jap soldiers who were falling back in northern Hunan Province. Five Jap divisions are eliminated southeast

SUBMARINES IN THE PACIFIC—A Jap destroyer and six auxiliary vessels destroyed by U. S. submarines. Our planes continue raids on Kiska, and mopping up continues on Attu.

ON RUSSIAN FRONT—Accumulating evidence indicates German army is reluctant to risk new summer offensive in Russia while threat of Allied invasion hangs over Continent. Russians hurl back two Nazi counterattacks on Soviet positions in Lisichansk area, inflicting "great losses" on Germans.

SOUTHERN ITALY—One hundred Flying Fortresses smash at Foggia airdrome in southern Italy for third time in four days without a loss. R.A.F. fighter planes carry out raids on France. German planes make sneak raids on several English towns.

THE FRENCH SITUATION—Marcel Peyrouton, "pro-Vichy" governor-general of Algeria, resigns and accepts commission as infantry captain, thus removing one stumbling block in path of complete French unity. French executive committee postpones meeting scheduled, indicating all is not yet clear sailing.

APPLICATIONS FOR RATION BOOK THREE IN MAILS

Forms Received By Most Nicholas Residents. Cards Should Be Returned Promptly.

DISTRIBUTION BEGAN MAY 29

Most American housewives found in their mail last week application cards for War Ration Book No. Three, which provides new stamps to replace those running out in existing books.

Distribution of the application cards began on May 29, and 18,000-000 of them have been dropped in mail boxes throughout the country.

The Office of Price Administration suggests that the cards be filled out promptly upon receipt.

Mailing should not be delayed beyond June 10, however, as applications filed after that date will not be honored until August. Each card is divided into three parts as follows:

(1) An identification stub which is to be detached and returned by the applicant.

(2) An application on which is to be typewritten or printed plainly, preferably in ink. the name of the head of the family and the address to which the books are to be sent.

(3) The card on which should be listed the name and age of every one (including the head of the family) who is to get Book Three.

One Card Per Family

One application will do for all members of a family living under the same roof and eating at the same table, whether or not their surnames are the same. Individuals living alone, or who live with, but are not a part of, a family, or who share living quarters with other individuals must make out separate applications and cannot be included on a "family" card.

After filling out the card and detaching the identification stub, the applicant will affi xht eproper postage, as though for a letter, and drop it in the mail at any time up to June 10. No adressing is necessary, as each card contains the printed address of the OPA center serving the particular area.

At the mail center, the volunteer workers will detach and file that part of the card listing the members of the applying family .for each family will be issued self-addressed the envelope. Each mail center will begin sending out the books late in June and the entire job is scheduled to be completed by July 21.

If, for one reason or another, the books do not arrive, the head of the household has been advised to write to his local board and there receive a duplicate ration.

Blue Stamps Extended

To relieve congestion at the end-of-the-month buying rush, OPA on May 21 announced the extension for 1 week, or until June 7, the time during which blue stamps G, H, and J in War Ration Book Two are valid. Since the next three sets of blue stamps—K, L, and M, totaling 48 points— became valid for buying processed foods on Sunday, May 24, there will be a 2-week overlap period. Heretofore, the end of the month overlap period has been for 1 week. Stamps K, L, and M stamps (the June series) will all be valid during a 3-week "overlap" period from May 24 through June 7.

Under OPA's revised sugar-for-canning program, the consumer will surrender stamps 15 and 16 in War Ration Book Four for his first 10 pounds of sugar. The stamps, which became valid on May 24, are good for 5 pounds each, until October 31. This amount of sugar, OPA explained, will put up as much fruit as most families will be able to can or intend to use.

LEAVE FOR ARMY

The following boys left Carlisle Tuesday for Fort Thomas, having been previously accepted by the local board: Paul Tapp, Robert Laughlin, Paul Tapp, Roger Curtis, Leonard Morris, Joe Shanklin, Jewell Jackson.

Mrs. Hamilton Injured

Mrs. O. D. Hamilton is confined to her bed at her home on the East Union road, from injury received ten days ago, when she fell from the barn loft, where she had gone to get feed for her turkeys.
