**13TH ANNIVERSARY OF AIR MAIL SERVICE**

On May 16 the twenty-fifth anniversary of regular air mail service in the U. S. will be observed. Aviation and Government officials and other notables have been asked to assist in the observance of progress.

The first carrying of mail from one definite place to another by airplane took place over a 10-mile course on Long Island during a week's air meet in September, 1911. "Hap" Arnold, now commanding General, U. S. Army Air Forces, was one of the mail-carriers.

Helicopter technique is being relied upon to meet the U-Boat menace in mid-ocean. Merchants ships with small plane decks will afford sufficient take-off and landing space.

**UNCLE DICK DIES**

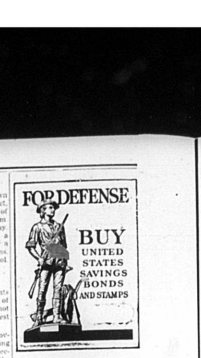
Richard Henry, well-known Negro of the Hentryville district, was found dead in the garden of Mrs. F. B. Henry at 5:30 p. m. Thursday, on North Broadway. His death was attributed to a heart attack. He is survived by a wife and a daughter, Leona Evans, a teacher in the Hentryville school.

**CANCER CONTROL**

A substance which prevents the growth of certain types of the tissues of the body, but not of others is among the newest discoveries of science.

The importance of the discovery lies in the possibility of using substances which exercise selective growth-checking effect in the treatment of cancer and in the healing of wounds, and other medical and biological work.

Allied planes moved 12,600 carloads from forward stations to base hospitals during the Tunisian campaign, saving them days of ground transportation, it was disclosed.



**It Means:** All long distance telephone lines to the place you are calling are overcrowded with urgent war business.

Under such conditions, if your call isn't extremely urgent, it will help a lot if you will tell the operator to cancel the call, so as to avoid still further crowding of the lines.

If your call is important, but you can wait until some other time to talk, then tell the operator to cancel the call, and try again when you find the lines are less crowded.

The deeper we get into this war, the greater the demand for more and more long distance telephone service for war agencies. Their calls must go over the same lines that civilians use.

So in order to give all old possible to those who are responsible for the successful carrying on of this war, we are asking civilians to make only the most necessary long distance telephone calls, and to be brief on all calls.

May we count on your cooperation?

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

## LOCAL PERSONAL SOCIAL

**SPRING IS A POET**
Spring is a poet; wistful, young,
With frail, sweet rhymes like blossoms flung;
With crystal lines and misty words,
Exalted in by singing birds;
With thoughts too delicate for books,
Loved dearly by gay, tumbling brooks;
Quaint sonnets captured by a breeze;
Shy tunes requested by prim trees.
Spring is a poet. I have seen
A verse in wisps of gentle green.
—Geraldine Bass—

Mr. and Mrs. John Coons and Mr. and Mrs. Paul Shirmer of Warsaw, were guests of Mr. and Mrs. W. F. Straw, Sunday.

**WHAT NEXT?**

Such conference of President Roosevelt and Prime Minister Churchill has been followed by some major event bearing on the war. Everything seems being the fifth. The first was aboard the Atlantic Conference ship off the Coast of Newfoundland on August 9, 1941, from which came the Atlantic Charter. The second meeting was on December 22, 1941 in Washington, followed by the Declaration of the United Nations. The third again on June 18th, 1942 in Washington and drew up a few secret pacts. The fourth was in Casablanca on January 14, 1943 and mapped 1943 offensives. The results of the present Washington conference will be awaited with interest.

**Dinner For Son**

Mr. and Mrs. Warner Lowe of the Pleasant Spring road entertained a number of young men with dinner Thursday evening in honor of their son, James Lowe, who graduates from the Carlisle high school this week.

The fourth was in Casablanca on January 14, 1943 and mapped 1943 offensives. The results of the present Washington conference will be awaited with interest.

## Wm. H. May Candidate For Lieut. Governor

William H. May, the present Commissioner of Agriculture of Kentucky, has announced his candidacy for the office of Lieutenant-Governor, subject to the action of the Democratic party in the Primary to be held August 7th of this year.

Mr. May is a native of Prestonsburg, Kentucky and a nephew of Congressman A. J. May. Chairman of the House Military Affairs Committee. May has been Commissioner of Agriculture for the past four years. Previous to his election to State Office he was affiliated with the Farm Credit Administration and the Federal Land Bank of Louisville, occupying the position of Farm Supervisor with that institution. He has been land appraiser for the Interstate Commerce Commission and various railroad companies throughout the southern part of the United States.

Mr. May was educated at Randolph Mason Academy at Front Royal, Virginia, and the University of Kentucky. He was married to Miss Betsy Simpson of Nicholasville and Madisonville in 1931.

**THOSE WERE THE DAYS**

It's night and the moon is shining.
And the sun has settled down
And I am wrapped, snug in my blankets
Dreams of friends in my old home town.

I close my eyes and relax to freedom by
And then my thoughts begin to roam
Those days they appear so easy
Of friends and loved ones and home.

But it seems to me as I lie there
That not so long ago
Friends upon the street
Hi ya Bill and good morning Joe

We would stop and talk of days gone by
When we were little brats
But we never thought as we stood there
We'd have to fight the Germans and Japs.

But here we are, here and there
We are scattered to and fro,
To meet again some time far.
And some are where, I do not know.

But the day is coming soon, I hope.
When we can have the chance
To meet again upon the streets
And tell of Germany and of France

We can tell our children when we get home.
As they seat themselves upon our laps.
How we won the war and saved the day
When we whipped the dirty Japs.

So to all my friends, that are left at home
And that have crossed the sea.
The best of luck, God bless you all.
From the land of liberty.
—By Pfc. Bedford S. Gray

## 1st Tractor Tire Made From Corn Is Announced

The Firestone Tire & Rubber Company announced manufacture of the first farm tractor tire made from shelled corn.

Officials said the tire was the first of a set to be given a severe test on the Firestone farms at Columbiana, Ohio.

Nearly ten bushels of shelled corn were required to make the pneumatic tire of the set of three, all of the ground grip variety.

Although similar synthetics have been used in tires and other products, officials said this was the first time that a complete operation starting with grain and ending with synthetic rubber was carried through in making tractor tires.

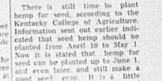
## Still Time To Put Out Hemp For Seed

There is still time to plant hemp for seed, according to the Kentucky College of Agriculture. Information sent out earlier indicated that seed hemp should be planted from April 10 to May 1. Now it is stated that hemp for seed can be planted up to June 1, and even later, and still make a good seed crop. It is a little more difficult to get a stand when planting is delayed. The seed should be in a little deeper, probably an inch or more, since the ground dries out rapidly in hot weather.



## There Is Something New Under The Sun

Many assureds today do not find it convenient to purchase 3 or 5 year Fire & Theft policies because of the increasing demands made on them for taxes. First Bancredit Corporation will furnish the money to enable the assured to take advantage of the term rates and save up to 15%, and at no time will he have to make a cash outlay of more than an annual premium.

We pride ourselves in the list of prominent taxpayers whose insurance problems have been handled in Bancredit way. People rarely continue to do business with the same organization year after year unless they get dependable value and good service.
