CAMPBELL TAKES
Construction operations in several areas before the war would have left sections of a survey in America could have known the man making most of the land and what crops. If government operations had been carried out the way they would be carried out now, it would have been a different story. It would have been a different story. It would have been a different story.

Before the war four families of five men and four women, and four boys, could have earned \$2,000 a year or less, and four families could have earned \$1,000 a year or less. It would have been a different story. It would have been a different story.

Table with 3 columns: Annual, Percent, and another column. It lists various statistics related to the agricultural sector.

SEED SCARCITY
Some fall crops are in jeopardy because of the shortage of seed. The shortage of seed is a serious problem for farmers. It is a serious problem for farmers.

To look him in the eye!

HE'S AN AMERICAN SOLDIER.
Some day, if God is with him, he'll come home. And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

Of Interest to Farmers of Nicholas County

LABOR AVAILABLE IN PARTS EASTERN KENTUCKY
Labor available in parts of eastern Kentucky is revealed in a survey which the Kentucky Agricultural Experiment Station has conducted in several counties. While most workers are still coming out of the camps, the survey shows that there are many more men available for work than there were a year ago.

THE GARDEN
John S. Gardner, Kentucky College of Agriculture and Home Economics, says that the summer is over, but the garden is still coming out of the camps. The garden is still coming out of the camps.

RECIPE OF THE WEEK
With an eye to economy, many housewives are finding it a good plan to use potato peels. Potato peels are a good plan to use potato peels.

SOME FALL CROPS
In early September, farmers are beginning to plant some fall crops. In early September, farmers are beginning to plant some fall crops.
