CARLISLE NEEDS

It will be the purpose to editorially discuss the needs of the citizens of the community, the county, the district, the state and the nation, taking each subject by itself, in the interest of truth, justice and fair dealing.

The first need we would advise the citizens is a live, constructive civic club or Chamber of Commerce, composed of the best business and professional men of Carlisle who are interested in keeping this community healthy, from every standpoint, and be instrumental in interesting new enterprises which might be available.

It is practically useless for one or even a few, in a community the size of Carlisle, to make an effort to secure anything from outside sources that would be of benefit to this section. But, on the contrary, a united effort evidenced by a strong service club has its influence when a proposition is presented to out-siders.

Therefore, our first recommendation as the greatest need we see at the moment for Carlisle is a service club of national and inter-national recognition. True it is, a Business Men's Club has been organized here and is making some effort for the interest of the community. In spite of all good intentions and untiring efforts of its members, a business men's club, organized locally and not known outside the confines of the city limits of Carlisle is powerless as compared with one of the recognized service clubs of national reputation.

It is being planned to make an attempt in the very near future to learn the sentiment of the business interests of Carlisle about the lines expressed above.

LOCAL RED CROSS NEWS

At the Surgical Dressing Room this week, eighty-nine women showed their willingness to help in the war effort. Of this number some were present at all five sessions, giving as much as thirteen hours of their time.

Tuesday afternoon Carlisle, Hooktown, Headquarters, East Union, Barterville, Moore, Blue Licks and Moorefield were represented in a group of forty-three workers.

Nicholas County Red Cross Chapter has a recorded shipment of 175,409 dressings ready to go. This makes a total of 237,000 since the work began here last October.

Any woman who wishes may have a part in this task if she will come to the Masonic Hall on Monday from 9:00 A. M. to 10:00 P. M or Tuesday from 9:00 A. M. to 5:30 P. M. and enjoy along a clean work dress and light conference for the hair.

ARMY NEEDS 6,000 MORE PHYSICIANS

Harrodsburg Herald:

Representatives of the medical profession in conference with military authorities, have announced that 6,000 more doctors are needed now in the immediate future to serve the armed forces. The American Medical Journal, in explanation of the demand for more doctors, says: "As the war effort increases and intensifies, new needs for the services of the healing profession become apparent. At present the needs and requirements of the kind of aggressive activities now centered in the armed forces are unprecedented in their number than have been ever before met. Many thousands of interned aliens and prisoners of war in the service of the United States and those in the enemy medical care."

It is up to civilians more than ever before to cooperate with the medical profession to the end that everyone will receive the best care possible under the circumstances. To this cooperation is given there will be a shortage of doctors, and if we want to remain well and follow his advice to the letter.
