NEWS OF KENTUCKY

Waste paper collection in Kentucky during June totaled 9,000,000 lb. Household, small plants, stores and other business plants furnished 7,000,000 pounds of that total.

Central Kentucky cities of Lexington, Richmond, Covington and Paris have been completed to the War Food Administration and thus are to receive the same rationing that is being observed in the State of Illinois.

Polio cases in Kentucky now number approximately 415, about 180 of them in Jefferson county. The list of epidemic centers in the State follows:

A Virgin timber tract of 3,600 acres has been sold in Elliott county and two mills will be moved on to saw the timber into lumber. The tract is owned by the ...

Police Judge Bill Hines, of Kanesburg, announced that he is turning over his office to the sheriff and will return to his home in ...

Dr. J. Huntley Dupre, teacher at the University of Kentucky, has been named as the new executive secretary of the World Student Fund in New York.

MR. CHURCHILL CAN WORK ALL DAY NOW

Well-Known Resident Says Retonga Brought Prompt Relief After Everything Else He Tried Had Failed. Tells About His Case

Words are inadequate to praise Retonga enough for the grand relief it brought me.

My appetite returned and I did not feel anything I want without dieting. My nerves have settled down and I am able to work all day now. I am also able to sleep at night.

Electricity Saves Money, Time and Labor on Farms

Electricity is saving money, time and labor on farms. It is used for lighting, heating, and power. It is also used for irrigation and for the operation of machinery.

Small Grain Tests

Small grain tests are being conducted in various parts of the state. The tests are designed to determine the best varieties of grain for the different soil conditions.
