amendment would give this assurance to the farmer. Who Constitutional Amendment? But admitting all this, why, it is not a constitutional amendment...

The Constitution is filled with curbs on the power of Congress, which were placed there to protect the people's rights...

Under this system all authority would be in the hands of the Federal Government and the states would be reduced to a mere administrative agency...

Under the present all authority would be in the hands of the Federal Government and the states would be reduced to a mere administrative agency...
