The election will not retard the war effort, he said, the sender said it is necessary under our form of government, that we continue to function as usual regardless of wartime conditions, he added.

MUSKETEERS LOSE FIRST HOME GAME TO PARIS

The Musketeers lost their first home game to the Paris Greyhounds last Friday night by a score of 19-0. The Carlisle eleven turned in a good performance during the first quarter and outplayed Paris in every phase even though the field was in a muddy condition, but during the rest of the game Carlisle seemed to lose their old fighting spirit.

During the first quarter Carlisle drove to the Paris 11 yard line to lose the ball on the down. Paris took over the ball on the 11 yard line and started down the field. Thanks to a mud puddle and a tackle by Crockett the play was not completed. During the second quarter Paris recovered a Carlisle fumble on the Carlisle 30 yard line and Stanley Fryer raced 15 yards for a touch down. At the half Paris had the ball on the Carlisle 9 yard line and during the third quarter stayed deep in Carlisle's territory. In the last quarter Paris continued to stay deep in Carlisle's territory. Stewart Frye tossed a pass to Roberts that was good for nine yards and automatically. Also during the last quarter Stewart passed to Coons, who ran 20 yards for another touchdown play. Paris failed to add Coons to account for the extra point.

Paris made nine first down and Carlisle made two first downs. Lead ed best on the offensive and Cameron was the defensive star for Carlisle. Clark stopped at nothing on his tackles and Burnett also showed up in his playing. Roberts was outstanding for the visitors. Summary:

Next Friday the Musketeers will clash with Cynthiana there. This should prove to be quite a game as Cynthiana held Paris to a scoreless tie last Tuesday. During this season Cynthiana has not come up against the caliber that Carlisle has with Madison. With this behind them the Musketeers should play a good hard game.

LAW ENFORCEMENT MEETING AT PARIS

Special FBI Agent Announces Completion of Arrangements For Conference Oct. 26

Mr. M. W. McFarlin, special agent in charge of the Louisville office of the Federal Bureau of Investigation, announces today that arrangements have been made to hold an FBI Law Enforcement Conference in Nicholas County between the hours of 1:30 and 4:30 P. M., in the Bourbon county court house. This conference will be sponsored by the Paris police department at Paris on October 26.

Law enforcement officers and public officials whose work is closely related to law enforcement from the 120 counties in this area attend: Franklin, Anderson, Woodford, Fayette, Harrison, Scott, Bourbon, Clark, Nicholas, Powell Bath, Montgomery, Menifee and Estill.

McFarlin states that this should be the finest and best law enforcement conference ever held in this section of Kentucky. Included on the program will be a demonstration on "Defensive Tactics," a portion of which will be devoted to jujitsu. Following this will be a lecture on "The Use and Care of Firearms" and an outdoor firearms demonstration which will include 3 trick shooting exhibition. The lecture and demonstrations will be given by FBI experts who have been specifically designated for this purpose by the Washington Headquarters of the FBI.

At the conclusion of the conference, all officers will be the guests of the City of Paris and the County of Bourbon at the Stoner Creek Country Club, where a buffet lunch and refreshments will be served.

The Federal Bureau of Investigation has been conducting these conferences since 1940, when, by Presidential directive, the responsibility of conducting espionage, sabotage, and related national defense investigations was placed on the shoulders of the FBI, and at which time all law enforcement agencies were requested to give their full aid and cooperation to the FBI in handling these matters.

McFarlin states that these conferences have brought about a greater spirit of cooperation between the various law enforcement agencies and have contributed to a remarkable degree in bringing about our successful fight against enemy espionage agents, saboteurs, and criminals in general.

Those from Carlisle who plan to attend the conference are Chief of Police Malcolm Armstrong, Sheriff John Anderson, and City Attorney Roger Womack.

OBSERVATIONS

OUR GUESTS THIS WEEK

Carlisle is host and hostess to the national foxhunt this week in Nicholas county. Most hunters go out for "meat," but the foxhunter is a real sport—he or she would condemn anyone who would catch, injure, or kill any fox. The fact is, the joy comes to the foxhunter when he hears his favorite hound leading the chase and there must be foxes or there's no chase. Hence the foxhunter's desire is to preserve the foxes. Seems a better term would be "foxhavers" rather than "foxhunters."

FIRST KILLING FROST

Evidently some folk did not know that the first killing frost of the season came Sunday night of this week. Going upon the fields covered with the white ice, a lady was heard to remark "did it frost last night?" We are still wondering what she thought the frost was.

VESPER—EARLY MASS

It is observed that the flocks of birds seeking their roosts in the evening hold a vesper service during the twilight hours and also have mass at early dawn. They surely hold some service of some kind both evening and morning. Judging from their chatter.

EMPLOYING RELATIVES

A lot is being said about the employment of relatives in Frankfort. Well, what better could Gov. Simeon Willis do than have as Commissioner of Industrial Relations L. C. Willis? —H. H. D.

NO GUEST EDITOR THIS WEEK

On account of being overtaxed with 4-H and FFA Fair and the extra activities due to the annual Foxhunt here this week the our guest editor, County Agricultural Agent W. T. Straw was unable to function as guest editor this week. He will be asked to have a latter date.

STATE FOXHUNTERS HERE THIS WEEK

Hundreds Registered For Annual Field Trials and Bench Show

For the second consecutive year Nicholas county is furnishing the hunting grounds for the annual field trials of the Kentucky State Foxhunters Association and the event has brought many visitors to Carlisle to witness a more spectacular and colorful session than was held here last year.

The four-day meeting started Tuesday afternoon with the arrival of guests and the entering and judging of dogs here, according to a Tuesday night the bench show was held at the armory.

Wednesday morning at daylight came the first cast of Derby and all-age hounds with the horse show climaxing the day at 7 o'clock at the Carlisle athletic field.

The final cast of Derby and second cast of all-age hounds is listed for this morning at 8 o'clock and light. An annual business meeting is to be held Thursday evening at 8 o'clock and the final cast of all-age hounds will take place at daylight Friday morning with the announcement of winners and presentation of cups Friday afternoon.

A complete program of both the foxhunt and horse show was published in last week's issue and the winners of the events will be published in all events next week.

The people of Carlisle and Nicholas county are experiencing a great deal of pleasure entertaining the state foxhunters this week. Homes have been in charge of arrangements are to be congratulated on their untiring efforts to make this one of the most successful sessions of the Kentucky Foxhunters Association in many years.

MUSKETEERS LOSE

THIRD C. K. C. GAME

(By Louise Swinford)

Evidently, Friday the thirteenth must have had a jinx on the Carlisle Musketeers as they lost their third straight game in Kentucky Conference game to Cynthiana Friday night by a score of 38-0. Playing on a sloppy field, it was hard for either team to make much headway.

With the opening kickoff being fumbled by Cynthiana it looked as though the Musketeers might be able to put something over on their opponents. However, during the first few minutes of the first quarter Cynthiana drove deep in Carlisle's territory to plunge 13 yards for the first score. They took the ball back up the field to line it to Clifford of the Bulldogs who raced 88 yards for the second score. Clifford scored again after Hollar had placed the ball in scoring position by a 22-yard run. During the second quarter Hollar once again placed the ball in scoring position and Porter took it 20 yards for the fourth touchdown. In the third quarter Hollar scored from the 1½-yard line. The third fourth quarter the Bulldogs still remained deep in the Musketeers territory so that it was easy for Barnett to take a pass for the extra point.

Every player on the Carlisle team played good football but due to injuries and a muddy field it was too much for the team to overcome.
