BIBLE THOUGHT
THIS WEEK

"O God, in restless living
We lost our spirit's peace.
Calm our unwise confusion
Bid Thou our clamor cease.
Let anxious hearts grow quiet,
Like pools at evening still.
Til Thy reflected heavens
All our spirits fill."
Harry Emerson, Fosdick.

CO-PILOT TAKES OVER

During the past week the Nation has been draped in mourning as the result of the sudden passing of our beloved gallant commander-in-chief, President Franklin Delano Roosevelt, who died suddenly, and unexpectedly April 12 at the "Little White House" in Warm Springs, Ga. Not only is the loss felt keenly to Americans at home, but also to those on the many battle-fronts, as well as those of other nations who are a part of the great crusade for a friendlier world and a lasting peace, the blueprint and planning of which the late President had set his heart and skill so effectively.

Becoming his life, he is remembered when he served as Assistant Secretary of the Navy, working with Herbert Hoover to Roosevelt's first inaugural; started the Fireside Chat, championed sweeping social and economic reforms; spent his vacations fishing; warned of the nation and the Allies of a pending "Global War", sponsored and helped to develop the new type of face-to-face diplomacy, pronounced many new war-time phrases; among which "America, the Arsenal of Democracy", etc. He is to be remembered also as a friend to all humanity, both high and low in position, all colors, and every race.

How well and to what extended effect his three terms and more in the White House in a world torn to shreds by war, will be determined as time rolls on. The civilized world mourns the loss of a great leader, a fearless administrator, a deep thinker, and a President whose knowledge and full contact with world affairs were unprecedented by his predecessors.

It is generally understood that the crew members of a war plane are each learned in the art of taking over the controls of the plane in the event the pilot is disabled. As Vice-President Harry S. Truman takes over the controls of the ship of state as President the pilot; at a time when the final stages of the war in Europe are being enacted and the critical plane of peace are in the making, he faces the most trying and difficult task any Vice-President has ever undertaken. So far, he has exemplified good judgment, and fearlessly, has made proper decisions. As a co-pilot would do, his first request was that cabinet members would remain with him in realizing he would desperately need their wisdom, and knowledge of national and world affairs to help him guide America to a safe landing during the trying days ahead.

Mr. and Mrs. Gene Gaunce and son of near Moorefield, were Sunday guests of Mr. and Mrs. Nelson Fryman.

When the news of the death of President Roosevelt reached our community we were stunned, shocked and grieved. The loss of his great leadership, encouragement and confidence instilled in a nation in a time of depression and war will live forever in the hearts and minds of the citizens of small communities all over the nation.

GREETINGS FROM
Wm. H. CONLEY

To the voters and citizens of Dear Old Nicholas:

It seems a long time since I last parted with friends, acquaintances, and scenes of childhood and together with many other comrades-in-arms, from Nicholas County marched toward the firing-line and the front, but the remembrance of the splendid endorsement and majority given me by friend and loyal friends in Nicholas in my race for county attorney has been the one bright spot in memory and made many dark hours less unbearable. It was no fault of mine that I did not get to render to you the services that I would gladly have given, as my country's call come first and with many other brave Nicholas county boys I answered that call, and no one would have us evade that duty.

I have kept as closely in touch as possible with fiscal affairs at home and on my last visit found the court building refurnished and remodeled in splendid condition, a move so badly needed in preserving and upholding the dignity. My information is that the fiscal affairs of the county are in better condition than they have been in years with much more money in the treasury than usual and sufficient to meet the current outlay and need improvement.

Now, that I, together with many other Nicholas County boys and girls have done my bit at the front, and assured as we are, that this great war is in its closing phase, and that those, especially who have served full time will soon be relieved, I ask you to give me a chance to serve you in the councils of your county as well as on the battle fronts of the world. Let the boys who have come from home and we ask, not to be the forgotten men. I hereby announce as a candidate for re-election to the office of County Attorney, which office you so generously gave me four years ago, and feel that my contact with the world and its affairs has given me more strength and will better enable me to fulfill the duties of that office.

Until I meet you personally I will visit you from time to time through the columns of The Mercury. Trusting that very soon we will plant our feet on Nicholas soil to stay, and gross your hand individually, and until then wishing you every blessing I am, sincerely, yours County Attorney,
Wm. H. CONLEY

A CARD FROM L. B. BARTON

To the Voters of Nicholas county:

Many of my friends already know that I am a candidate for Sheriff of Nicholas County, and many have already canvassed me in making another race by pledging me their loyalty and support, for all of which I am truly grateful.

I know it is not necessary to even publish the fact that I am a candidate for Sheriff to a great many of the voters, but to you who do not know my intention, I feel that it is appropriate that I let you know in plenty of time therefore. I am now making this announcement.

Nearly all the voters of Nicholas County know my record without my telling it to their attention; however, I do want to say that at all times during my term as police judge in Nicholas County, Kentucky, I performed my duties fairly, honorably and effectively without favor or partiality, and I again pledge you the same courteous treatment that I have tried to show every one in the past. During all the years that I have made for public office, I have tried to be fair to my opponents and not just to my opponents and it my intention in making this race for Sheriff, to treat every one as I would have them treat me.

As your Sheriff in the past, I had many unpleasant duties to perform and I am sure that all the people who know me and know my record, know that I performed these duties without fear or favor. I promise you that, if nominated and elected as your Sheriff again, I will be the same kind of officer I have been in the past.

I know the sting of defeat, but you know that I took it like a man and have always been true and loyal to my Party and to my friends.

I have been a loyal Democrat all my life and have never cast a vote and never expect to, except for a Democrat.

The public knows that it is the duty of the Sheriff, in many cases, to select the members of a trial jury, and, as in the past, if this duty should again be mine, the juries will be selected without fear or favor, from persons who will give a fair and impartial verdict to all concerned.

Should the voters which you know I will keep, I solicit your influence and help and your vote for Sheriff at the Primary on August 4, 1945.

If I am successful in my race for Sheriff, I shall select as my deputy, a young man of sterling qualities, sober, reliable and efficient, who in my opinion is worthy and qualified for Deputy Sheriff and who has always been and is, a true and loyal Democrat, Mr. Julian D. Gaunce, son of Mr. Harris A. Gaunce, of the Headquarters Precinct, who resides in the Salt-well vicinity.
(Pol. Adv.) L. B. BARTON.

TO THE VOTERS OF NICHOLAS COUNTY

Having served as your County Judge during the present term, I have decided, after much reflection and earnest consideration, to again offer myself as a candidate for this important office, subject to the action of the Democratic Primary, August 4, 1945.

I enter this race with the full knowledge that during my present term of office I have given freely of myself and my time to afford the citizens of Nicholas county the best possible service. If, in your estimation, I have performed the duties of the judgeship in a manner which entitles me to your continued support, I shall greatly appreciate your efforts in my behalf.

I am proud of the record made, but I cannot, and do not, take all the credit for the accomplishments of the court over which I have presided. A large measure of the credit should rightfully go to the other members of the County Court, who have given me their unstinted help and cooperation in the discharge of their duties, and I then publicly and to say that without their cooperation the accomplishments attained would not have been possible. I am proud to have worked with the magistrates men on the Fiscal Court with whom it was my duty to confer, and whose ability and courage and merit the continued support of their constituents.

I promised that I would, if elected, pursue the policy of economical and conscientious performance of duty in the discharge of the duties of the office of Magistrate. I promised that I would cooperate fully with the other members of the court, and the National administration in every effort to bring to the people of Nicholas county every economy consistent with the efficient administrations. This I have done.

I promised the voters that the roads of Nicholas county would be improved. They have definitely been improved and will be improved as fast as the County is in full cooperation with the voters to the extent that the Nicholas County Fiscal Court is able to do so, financially and otherwise.

Four years ago when we came into office, the County found it necessary to work with, but since that date we have been able to set aside approximately $5,000.00 per year as a surplus fund for post-war work. Our share of the proceeds of the returnable valiant sons and daughters of Nicholas county, our boys and girls who today are out on the farthest battlefronts of the world fighting in the cause of Democracy, fighting to uphold the banner of our country, and on behalf of our dead Commander-in-Chief, Franklin D. Roosevelt, I say to you how many another fallen heroes to defend a battle casualty of this dreadful world conflict. We must not falter in the fight for freedom about the trail they have established. We must not let him down. We must stand by them when they war is won and our boys and girls come home, we must have something more substantial in store for them than was offered after the first world war, when many boys were forced to gain a meagre livelihood by having to sell apples on the streets of our cities.

During my term of office the court house has been repaired, including a new roof. It had had no attention for the past several years and was in a deplorable condition, and before this year is out the interior will be redecorated.

I would be remiss if I should fail to thank all the citizens of Nicholas county for the splendid cooperation they have given us in our work as their servants. Without such wholehearted cooperation, the results accomplished could not have been attained.

From time to time I shall make additional statements, either in person, or through the press as to my position on fiscal problems. I solicit your advice and interest concerning any matters which may affect the conduct of the Judgeship and the progress of Nicholas county generally.

My life is an open book. Any mistakes I have made are of the head, not of the heart, for I love my County wholeheartedly and without reserve, and shall continue to work for the best interests of the County as a County Judge and as a citizen. I solicit your support on this basis.

Respectfully submitted,
WALTER SHEPHERD
(Pol. Adv.)

TO THE VOTERS OF THE 5TH. DISTRICT

After much consideration and solicitation of friends, I am offering myself as candidate of the 5th Magisterial District, subject to the action of the Democratic Primary, August 4, 1945.

The only promise that I am making is that I will give each and every Fiscal problem much honest thought and vote accordingly.

Your support and influence will be greatly appreciated.

A CARD FROM
LUTHER HOLLAR

One of the greatest leaders that the world has ever known has just passed away, but he asked his people to carry on without fear and ill would be well. I believe in his teachings and example and wish to announce to the voters of the First Magisterial District of Nicholas County that I want to carry on the work that was handed me by the late President Roosevelt since I am to carry the flag of Victory for Nicholas County and this world as well.

I have served my District for over two years and have given my very best efforts to the undertaking and I feel that my experience in the matter and my investigations of the needs of this District will enable me to give even better service in the future.

I ask that the voters of Nicholas County and especially my district, to keep the record since I have been an officer and compare the financial condition of the county as it stands today with any period in the past and I am confident of fill by that record.

The people of Nicholas county are justly proud of the splendid record of the present Fiscal Court that was so badly needed for years and the record shows that the county is now and available for needed repairs on our roads and bridges and there will be some funds have been expended and carefully watched.

I am hereby announcing my candidacy for magistrate of the First District subject to the action of the Democratic party and ask the voters of my district for their loyal support, such as I have given in the past. Further steps I am trying to follow, and as during the past, I will work for the best efforts to represent my District as efficiently as he would if he were committed to be here in person.

A union service was held at the church at 7:30 p.m. Sunday when other churches of the city joined in the final program. Rev. E. Hampton Barnette of the Methodist church, and Rev. Ira McMillen of the Baptist church assisted Rev. Taylor in conducting this service. Rev. Barnette spoke on the subject "Good News", and Mesdames Calville Talbert and Virginia Blaker sang a duet.
