BIBLE THOUGHT
THIS WEEK

Come, and let us return to the Lord: for He hath torn, and he will heal us; He hath smitten, and he will bind us up. Hosea 6:1.

ONE BUILDS, THE OTHER DESTROYS

Farmers who plead for prices that will allow a fair profit on the things they produce, while at the same time boosting orgizations that limit or destroy any possibility of profit for others, are, to put it mildly, shortsighted. An excellent example of this conflict can be seen in the two types of cooperatives: the consumer or purchasing cooperative and the marketing or selling cooperative. In the former, a group of consumers band together to buy and sell goods at cost. Normal business profits, by which we all must live, are eliminated. In the latter, a group, usually farmers, band together to form an effective marketing organization in order to insure themselves a fair price—and a reasonable profit in a competitive market. The two are as incompatible as night and day. One destroys business, the other helps to build business.

MUSKETEERS WIN OVER GREYHOUNDS

In a hard fought hardwood battle and paced with 11 points by Forward Junior Simpson the Musketeers were the victors in their first C. K. C. game over Paris Tuesday night by a score of 30-29.

In the first quarter the Musketeers took the lead and at the end the score was 9-5. In the second quarter the Greyhounds decided they would cash in on the lead and at the half the score was 14-18 in their favor. The Musketeers were determined they were not going to take another defeat at the hands of Paris, so they really turned on the steam and at the end of the third quarter the score was 24-22. During the last quarter the Musketeers were giving the old game all they had. In the last few minutes of the game the Greyhounds had charged ahead 1 point. In the last 2 or 3 seconds Simpkame drilling down the floor to his slow but sure way, he hesitated a second, then aimed for the basket which was good for two points and enough to put the Musketeers in front and win the game by one point.

Co-captain Simpson with 11, and Captain Cannon with 8 paced the Musketeers with the most points, while Roberts and Boaz each tallied 7 for the losers.

U. S. JUDGE HOLDS SEIZURE ILLEGAL

(Continued from Page 1)

not too much to expect for the duration employers, employees and unions on the home front should make a determined effort to adjust their labor disagreements without resorting to strikes and lockouts.

"Selfishness, arrogance, intolerance of the rights of others, secretive and unwillingness to compromise should, during this emergency, be all subordinated for the common good. It may well be that an interruption at this time in the flow of any goods may directly or indirectly affect our armed forces, thereby resulting in added loss of life or in prolonging the war. As American citizens none of us want that to happen.

"The peacetime privilege of engaging in prolonged labor disputes should be voluntarily suspended for the duration. A tribunal has been established to accomplish peaceful settlement of labor disputes during the war emergency.

"Loyalty to our country and our fighting forces should influence disputants in such labor controversies to refrain from waging a campaign against the use of this machinery, but rather should lead them to make every effort to fairly present their disputes before this tribunal and then be guided by its recommendations, even though no method is provided for the enforcement thereof."

The case will be carried to the United States Supreme Court, according to announcement for Washington.

DIVERSON DITCHES HELP HILL FARMERS

"My experience in 1944 proved to me that diversion ditches help protect hill land when properly planned and constructed" says Charley Whaley, Nicholas County farmer on the East Union road, as reported by Gaskel B. Pruitt, conservationist. Mr. Pruitt working with the Nicholas County Soil Conservation District has been assisting Mr. Whaley and his neighbor, Paul House, lay out diversion ditches on hill fields to be plowed in 1945.

It is not desirable to plow hill land according to Mr. Pruitt, but when hill land must be plowed it should have every protection such as diversion ditches or terracing when practical, contour cultivation, and an early sown cover crop.

The Nicholas County Soil Conservation District is an organization solely for use by Nicholas county farmers. It has facilities for assisting them conserve their soil. It has a directorship of five farmers. They are: John G. Allison, chairman; Alton Rose, vice chairman; O. C. Rabkin, secretary; Norwood Auxier, treasurer; and Frank Henry, Machinery director.

All farmers wanting help in saving their soil should contact one of the above directors or Mr. Gaskel B. Pruitt, who is loaned to the district by the Soil Conservation Service of the U. S. Department of Agriculture.

PUSSY'S GUIDE

By CLARENCE M. LINDSAY

Why do cats have such long whiskers?
Pussy knows the reason why!
They're a guide in narrow quarters.
Telling if she can get by!

If those whiskers clear the passage,
Leaving room on either side
Then there's room for all of Pussy
And the space is plenty wide.

But if they should brush too closely
Walls of narrow passage-way,
Pussy then will go no further
For she knows it will not pay!

Mrs. Johnson Is Guest Speaker At Woman's Club

The Woman's club was delightfully entertained last Friday afternoon at the home of Mrs. Marion Mathers, when the Literary Department presented Mrs. Preston Johnston as guest speaker. Mrs. Johnston reviewed the "Immortal Wife," by Irving Stone. Aside from the book's historical value the review was doubly interesting because of Mrs. Johnston's ancestral connection with the characters about whom the story was written. Mrs. Allen Hopkins introduced Mrs. Johnston. Mrs. George Taylor, president presided at the meeting.

Associate hostesses to Mrs Mathers for the social hour were Mrs. Allen Hopking, Mrs. Stanley Galbraith, and Mrs. Emery Clark. Candy was served.

ATHLETES FOOT
Make This 10 Minute Test
Get a mobile liquid with strong PENETRATING power. One contained full strength alcohol is good. Powders, ointments and mild solutions do not penetrate sufficiently. Teol is the only solution, we know of, made with 90 percent alcohol. Used it PENETRATE. REACHES MORE GERMS. Most dried cases have the last size. Small lot just arrived at Hopkins Drug store. 5-4t
