To the Voters of Nicholas County: THERE IS NO COUNTY LINE

between Nicholas and Bourbon counties in the 67th district under the representation of the incumbent representative, EDWARD F. PRICHARD, who is now seeking your support for re-election.

Nicholas County has fared well

under his representation in the last two years and will continue to benefit under his energetic and expert handling of the interests of all citizens here during the next two years, if his careful and efficient conduct of office receives the approval it richly deserves at the hands of Nicholas county constituents.

Here are a few highpoints of his record

- He was instrumental in developing and leading the fight for an extra million dollars rural highway fund in which Bourbon county would not have participated but the benefits of which were solely directed to the betterment of Nicholas county.
He led the fight to enact a new law which gives control of rural highway funds to the fiscal court of Nicholas county and not to a commissioner at Frankfort.
He led the fight for the law through which, if Nicholas county does not use all of its allotted highway funds, such funds do not revert to the state but are impounded for the future use of Nicholas county.
He led the fight to take the gasoline tax off of non-highway gasoline thereby securing a relief in taxation for the farmers.
He organized the fight that prohibited the wanton killing of foxes which would have destroyed the sport of fox-hunting.
He has stood 100 per cent in every Democratic caucus for every Democratic measure throughout his term, and pledges to do the same again if re-elected.
He has been a sterling leader in the House of Representatives and his retention at his post will serve the best interests of the people of Nicholas county and of Kentucky.

Has there ever been a man or a woman of Nicholas county who has asked his services in any way that did not receive his undivided and attentive aid?

What are the Programs of His Opponents?

Your county has a capable and efficient State Senator who has served two terms and is now seeking a third. Do any of you believe that his residence in Nicholas county should be the sole bar to his being allowed to continue his services in the interests of the district under his stewardship when it is generally known that he is highly fitted for the office?

Keep Nicholas county well represented in the Legislature by casting your ballot for EDWARD F. PRICHARD, a capable, fair and progressive Democratic representative.
