Planning for TELEPHONE PROGRESS in Rural DIXIE

To keep step with farm progress and to extend service to more farm families, the telephone industry is working on important new devices and methods.

Plans are already under way for resuming our rural telephone expansion program which was suspended in 1942 when equipment and materials became more urgently needed for the armed forces. Surveys are being made to determine the needs and to provide the facts from which we can carry out plans for expansion of farm telephone service in the South.

The goal is to bring the telephone to the greatest possible number of farm families.

JULY
July is a thunderbolt,
July is a beam;
July is a hurricane
Astride of a dream:
July is a tempest,
And still mighty sweet,
In spite of its blisters,
Its wind and its heat.

Month of the lillies,
That flame by the road
In glory of colors
Through all the bright code:
A month of the berries,
Of orchards of peach,
Of meadows and woodlands,
Of lake shore and beach.

Month of the bright stars,
The round, perfect moon;
A lyric of beauty
To set hearts a-swoon:
Wheat in the harvest,
Fruit on the trees,
Melons in patches
And swarms of wild bees.
