TO THE CITIZENS OF NICHOLAS COUNTY:

Having given the matter much thought and after very careful consideration I now announce myself as a candidate for the Democratic nomination for County Judge at the Primary Election to be held on August 4, this year.

In fairness I must say that the offers of support of many fine friends from all sections of the county had some bearing on the decision thus made.

Most of you know that I have been your Circuit Clerk for the past 9 1-2 years, one of the most difficult offices in the Court House to hold and also one of the most responsible.

If elected, and I shall never forget the many new friends I have made during this time.

I do not feel that a lengthy statement is necessary at this time as I expect to see each voter in the county before the Primary if the gas and tire situation permits.

Very truly yours,
LACY BARNETT.

OBSERVATIONS

By Monty

WE SEE AND HEAR

PROGRAM - PROGRAMME

This office had the occasion to print a number of programs for church and commencements and musical recitals during the past ten days. It was observed that copy presented from the rural schools the word "Program" was spelled with the short way, while that coming from town the word was spelled "Programme". It is not understake to say which is the most modern—country or town spelling.

BOWL AND PITCHER HOTELS

We have a traveling man the other day, he remarked that he would be stopping at a town that night where he would have to stay at a "Bowl & Pitcher" hotel. Further inquiry brought out the fact that the term meant a hotel where there was no running water in the rooms and guests used the bowl and pitcher when they desired to wash their hands and face, or to shave. He stated there were not many of this type of hotels left in Kentucky, however.

POINTS VS. MONEY

Who would have ever dreamed that ration points would become more precious than money. Well, that is a fact now. You can't buy sugar, meats, gasoline, etc., without the proper ration points no matter how much money you possess. Even if you are rich and do not have the money, you could possibly borrow some, but not legally so with ration points.

SHEEP PREDOMINATE

Traveling over the central blue grass counties of Kentucky it is observed that as a whole there are more sheep on farms than any other livestock. Cattle rate next in numbers, with horses and hogs about equal. As to poultry the outstanding breed seems to be White Rocks and White Leghorns, Turkey and guineas fair, with ducks and geese at the bottom.

BOND WORKERS FOR CITY ARE LISTED

All America is jubilant on the memorable V-E Day, May 8, 1945 We are happy that soon many of our fighting forces will be back home with us and we look with pride on the glorious record of the 12 months of the European war.

These are the fifteen highly amusing characters, all as real as life, who compose the committee in charge of the Carlisle high school play to be presented in the auditorium.

Tickets for "Come Rain or Shine" will go on sale Monday at 12 noon at Tureman's. The prices of the tickets are reserved seats 50 cents including tax, and the general admission is 35 cents including tax.

S-Sgt. Metcalf Killed In Italy

The sad news was received Saturday by the home folks of S-Sgt. E. G. Metcalfe from the War Department stating that their son had been killed in action April 22 in Italy. No particulars of the event met his death was given in the message. He was 24 years old and an only child of the Metcalf's.

S-Sgt. Metcalf was a graduate of the Carlisle high school, class of 1938, attended the University of Kentucky and the University of Cincinnati, where he took a pre-medical course at the Kentucky institution. He had planned to enter a dental college in September, 1943. He was a member of the Christian church and was faithful to his religious convictions and attended and took a part in the activities of his church while at home.

He was called into the military services July 15, 1943, took training at Camp Shelby, Miss., and later went overseas June 1, 1944. He engaged in the campaigns of the Fifth Army since his arrival in the European theater. He was at home in this county on furlough a year before leaving the States. A letter from him dated April 14, was received by his parents from him only a short time ago.

In a front page story published in The Mercury January 11, 1945, told how S-Sgt. Metcalf, then a Pfc. Private First Class, and a small squad of infantrymen, outnumbered at least three to one, had killed 20 Germans and captured 18 others. He was with the Fifth Army in Italy, fighting with the 349th "Krautkillers" Regiment in the 88th "Blue Devil" Division of the U. S. Army. He had been awarded the Combat Infantryman Badge and the Good Conduct Medal.

The host of friends of the parents extend the deepest sympathy in their saddest hours. Andrew was a model young man and was a favorite among the young as well as the older citizens of this town and county.

Besides his parents, he is survived by three aunts, Miss Katie Murray, Kincart to Alexander; Mrs. Chas. Mathias, Reed to Scott Produce; Mrs. A. B. Vice, Simon's Garage to Mathias Service.

DORSEYVILLE — Mrs. Stella Booth, Mrs. Eugene Booth, Mrs. Waldeon White.

Germany Surrenders

Capitulation Accepted At Eisenhower Headquarters. Jodl Signs Reich's Fate.

The German war is over!

The unconditional surrender of the once-mighty Wermacht Monday May 7, ended the ruthless, bloody campaign of Nazi Germany.

The wholesale slaughter of such criminals as Hussiker, Goering, and even Hitler himself, although reported dead, are unknown as far as the Allies are concerned. They will, in time, be run down, and brought to justice for their hideous crimes against humanity.

The surrender of the Reich to the Western Allies and Russia was made at General Eisenhower's headquarters at Reims, France, by Colonel Gustaf Jodl, chief of staff for the German Army.

This was announced officially after German broadcasts told the German people that Grand Admiral Karl Doenitz had ordered the capitulation of all fighting forces, and called off the U-boat war.

Joy at the news was tempered only by the realization that the war against Japan remains to be resolved, with many casualties still ahead.

The end of the European war-fare, greatest, bloodiest and costliest war in human history—it has claimed at least 40,000,000 casualties—on both sides in killed, wounded, and captured—came after five years, eight months, and six days of strife that overspread the globe.

Hitler's arrogant armies invaded Poland on Sept. 1, 1939, beginning the agony that convulsed the world for 2,319 days.

Unconditional surrender of the beaten remnants of his legions first was announced by the Germans
